FOR IMMEDIATE RELEASE

SCRANTON SCHOOL BOARD:  
TRANSPORTATION CONTRACT PROPOSALS

The Scranton School District has invited interested parties to submit proposals for the provision of transportation services, beginning in September 2022.

Formal contract proposals are to be submitted by 12 PM on Friday, May 20, 2022 to the offices of King, Spry, Herman, Freund & Faul, who were appointed interim Counsel to the District at the Board of Education Special Meeting on April 25, 2022. Submitted proposals will be opened at 1 PM at their offices, located at 1 W Broad Street, #700, Bethlehem, PA 18018. Anyone who wishes to attend the opening in person will be accommodated. Members of the public may also view the bid opening via this link: <https://us02web.zoom.us/j/83155432929>

KingSpry will then evaluate and analyze all proposals submitted, and prepare a recommendation for the SSD Administration and Board of Education, identifying the vendor that best meets the District's needs. To assist KingSpry in this process, the Board has authorized the appointment of consultants Gail Eichelberger and Dr. Charlene Brennan, whose appointment will be ratified at the Board meeting of June 6, 2022.

Prior to the Board's work session on May 31, 2022 at Scranton High School, a meeting of the Vendor Relations/Transportation committee will be held at 5:30 PM, to publicly present and discuss the recommendation. At this time the proposed vendor will be invited to present details of their proposal to the Board and the community, and public questions will be acknowledged. The Board will then vote to award the contract for School Transportation at its meeting on June 6, 2022.
