SCRANTON SCHOOL DISTRICT STATEMENT REGARDING NEGOTIATIONS

The Scranton School District and Scranton Federation of Teachers met for several hours again on Sunday. Although no agreement was reached, the session concluded with a proposal issued by the Scranton Federation of Teachers which will be analyzed by the district so that officials may respond. The date and time of the next negotiating session is to be confirmed. The parties look forward to continuing their work toward a satisfactory agreement as soon as possible, with the hopeful intent of returning our students to school.
