

June 3, 2022

Dear Parent:

As an integral part of their mathematics education, high school students at ASFM are required to use a graphing display calculator, the **TI-nspire CX II CAS**. If you choose to purchase the calculator online, please make sure you request the **TI-nspire CX II CAS** (photo below). There are several other models that look alike, and your child must have the school-required calculator next August. I would also like to let you know that there is a local Texas Instruments dealer. For information about **TI-nspire CX II CAS** cost and purchase procedure please contact Mr. Edwin López (Grupo Linnoit), at 811-1095-9122 (extension 1007), 811176-5099 or via email at edwin.lopez@linnoit.com.

We look forward to the learning that will take place in the coming years by using this tool.

Best regards,

A handwritten signature in black ink that reads 'Elena Cortés'.

Elena Cortés
MS/HS Mathematics Department Head
