

Belief Statements

We believe all children can learn, no matter what their abilities.

We believe every student is an important and unique individual who should have equal access and attention from the education system, be challenged to overcome individual obstacles, and encouraged to achieve their full potential.

We believe every student should be prepared to become a functioning, responsible member of society. We believe every student should be provided a safe, positive, caring, and inviting atmosphere for learning.

We believe education must be responsive to community needs.

We believe our schools, community, and each parent has the responsibility to work together and use their resources in order to provide students with the best possible education.

We believe all community organizations and businesses should be actively involved in education and have a positive role in the educational process.

We believe technology should be an integral part of all facets of curriculum.
