

Visions of Brookville Schools

We have a vision of a school system that has depth of curriculum, strength of staff, and organizational structure enabling graduates to attend any college or university, career training, or begin employment.

We have a vision of our facilities expanding to accommodate growth while maintaining an optimum class size.

We have a vision of a school calendar that optimizes student learning.

We have a vision of all students passing the proficiency tests.

We have a vision of an effective method of funding education.

We have a vision of current technology in every classroom.

We have a vision of a school system supported by a community of businesses, organizations and parents that are actively participating in the educational process.
