

BSME Games Registration Process for 2023-24

For the 2023-24 academic year, a Games points system is required to ensure that more of our member schools host our events and it is a shared responsibility, i.e. not the same schools hosting each year. We will also require deposits for all Games to be paid by **01 June 2023** to allow host schools enough time to plan a successful Games.

Starting 2023-24

- Schools will be allocated a total of 5 points if they have hosted in the previous three years where Games have been able to take place in their country (even if a school hosted more than once)
 - Qatar schools will be allocated points based on the three years that they were able to host a BSME Event prior to the blockade
 - Pre-allocation of points for the year ahead, i.e. 2022 - 2023 Games hosts would be allocated their points on 01 September 2022
 - New members are able to offer to host from 2023-24; they would be allocated their points on 01 September 2023
 - We envisage that the U13 Games will need to be split into two Games, and U11 Large will need to be split into two Games as follows:
 - U19 Games x1 event (usually x6 schools participate but this could/should increase)
 - U15 Games x1 event (usually x12 schools participate)
 - U13 Games x2 events (usually x20 schools participate)
 - U11 Large Games x2 events (usually x22 schools participate)
 - U11 Small Games x 1 event (usually x10 schools participate)
- The U15 Games may need to be split but we require confirmation of interest first
- As per the indication of the number of schools that completed the Games interest form for 2022-23, it is expected that two host schools will be required for the U13 Games and two host schools will be required for the U11 Large Games
