Our Action Plan for 2022-2023:

1. Student driven clubs created successful connections on and off campus. Academic support with HW Hub as well as monthly social-emotional lessons created an opportunity for a successful and safe learning environment. 100% of our teachers implement class routines, direct instruction on how to request help, complete tasks, submit assignments along with intentionally teaching our school values of PREP..
2. We have implemented SWIS this year using frequent problem behaviors to create proactive approaches to Tier II.
3. Action steps for next year include a peer mentorship along with a social media positivity challenge.
