

History

AP US History

You do not have any summer work that will need to be turned in. Please be sure that you are familiar with Chapter 1 in your AMSCO book before school begins (this should be a review and we will cover it pretty quickly - it may help to look over it before our first class meeting).

AP Human Geography

No summer work.

AP World History

No summer work.

AP Seminar

Keep a digital log of any articles, topics, documentaries, or other media that you come across throughout the summer and find interesting. The goal is to create a 'bank' of topics, themes and questions that peak your interest.

We will use these journals/logs to jump start our discussion and research in the fall. You are not required to write any summaries or analysis – a simple log will do.

Please share your list with Dr. Fisher and Mrs. McGrath by the first day of class, Fall 2022.

AP Art History

Please read/watch Khan Academy unit one on [Global Prehistory](#). Be prepared to discuss the first two days of class. Purchase a [moleskine journal](#) (the style is up to you.)
