“a shared district goal”

By 2016, WWS Graduation Rates will have continually exceeded 90%.

Indiana defines graduation rate as the % of a cohort of students identified in the 9th grade year who earn a diploma within 4 years.
**The Indiana Department of Education monitors cohort graduation rates delaying release of final graduation rates until the following year. 2014 rates were released in March, 2015.*

Stakeholder Review

By 2016, WIS students will meet or exceed 90% ISTEP+ passing rates for combined English/Language Arts and Math (ELA/MATH).

Results are from the spring 2014 test session and will be updated with each release from the Indiana Department of Education

Stakeholder Review

Stakeholder Review

By 2016, WIS students grades 5 and 6 will sustain a 90th percentile or greater ranking in NWEA Status as national comparisons for reading, math, and language.

Status norms indicate how well WWS students perform compared to other students across the nation in that grade level. Each grade level shows fall and spring status.

NOTE: The graph above depicts the performance of our students at the end of the 2014-2015 school year. The NWEA assessment has been redesigned to align with the Indiana College Career Ready (ICCR) standards.

Stakeholder Review

Each building will achieve an exemplary rating during 100% of its safety preparedness exercises.

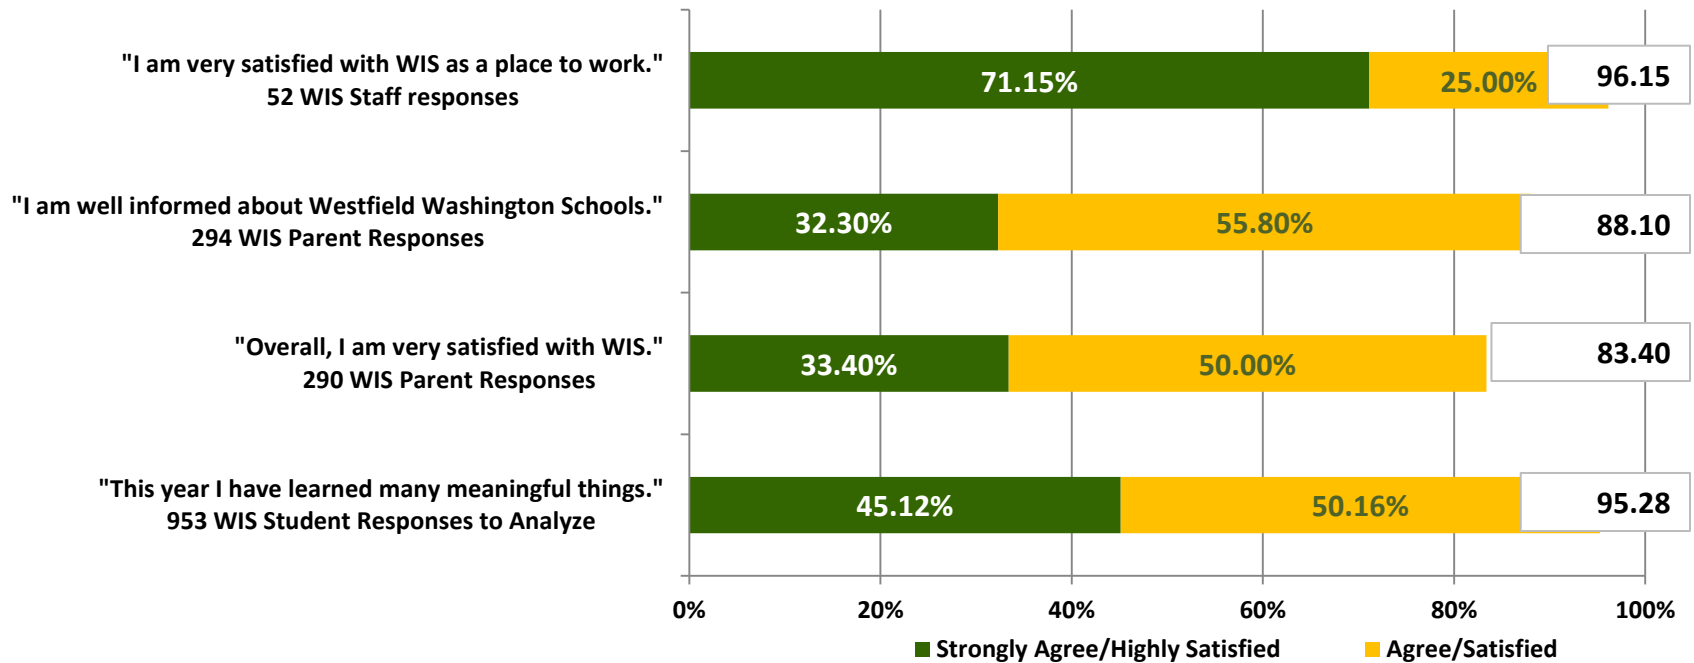

Student safety is dependent upon preparedness. WIS is committed to frequent practice and continuous improvement in responding to drills which intentionally introduce unexpected challenges that simulate those likely to occur in the event of real emergencies. Results are as of February 27, 2015.

Stakeholder Review

90% of students, staff, and parents will continuously report an overall satisfaction level of satisfied or highly satisfied with Westfield Intermediate School.

Results are compiled and reported at the end of each school year.

Results are of most current data through December, 2014.

Parent and student surveys are annual, and workplace surveys are biennial.

Stakeholder Review

WIS students will sustain a 97% or greater attendance rate each trimester.

Results are compiled and reported at the end of each trimester. Results above are as of May 28, 2015.

“a shared district goal”

Westfield Washington Schools will achieve 8% year-end cash balances in all funds.

Cash balances have been depleted due to tax caps and decreased assessed value. Reduction of expenses to match decreased revenue is being addressed through cost containment processes and as a collaborative effort of the administration and staff assuring minimal impact on student learning. The goal for 2015 is to balance expenditures to current revenue and begin restoration of cash balances in all funds.

Public review of this goal is part of the January Board Meeting

“a shared business goal”

Total expenditures per student in non-instructional funds will not increase by more than 1% per year. Available expenditures will be directed to the General Fund to meet instructional needs.

Direct pupil support includes those costs most directly connected to the student: instructional materials, staffing, etc.

WWS non-instructional funds are divided into three sub-categories:

1. debt service is the retirement of construction costs,
2. operational costs include maintenance of facilities and transportation, and
3. support services include staff and materials needed for supporting the business side of the organization.

Public review of this goal is part of the January Board meeting.
