

Kingdom Unity: A Christ-centered approach to diversity, equity, and inclusion. As a covenant Christian school, we desire to pursue the AACCS mission in a way that honors the diverse attributes of every member of our community, according to God's Word.

The 5 C's: KU Focus Areas

Christ	Conversation	Connection	Culture	Curriculum
AACS community members live out Matthew 22:37-40 in their interactions with one another and with the broader community.	AACS community members communicate in a Christ-like and effective way across racial, ethnic and cultural groups, seeking to better understand one another's experiences.	AACS community members have meaningful, cross-cultural relationships with one another, according to Proverbs 27:17.	AACS community members experience oneness in Christ; all students, faculty, and staff feel welcomed, included, and respected.	The AACCS curriculum serves diverse learners, presents an inclusive historical perspective, and reflects the diversity of God's world.
