

Future Fourth-Grader

Here is your required summer reading assignment:

Language Arts: Students entering fourth grade will choose one book from the following list to read. After reading the book, complete the attached worksheet.

Tales of a Fourth Grade Nothing by Judy Blume

Henry Huggins by Beverly Cleary

Magician's Elephant by Kate DiCamillo

The Lemonade War by Jacqueline Davies

Ben and Me by Robert Lawson

Mathematics: In order to improve or maintain math fact fluency, we highly recommend that students download the app Math Fact Master. This app allows for addition, subtraction, multiplication, and division practice. You are welcome to use any other methods of practice that your child enjoys. In addition, we have found these flash cards particularly helpful to students.

Book Response Questions

Name: _____

Date: _____

Directions: Answer the following questions in complete sentences in cursive or print. Please be prepared to turn in on the first day of school. You may use a separate paper if you need additional space.

Book Title: _____

Author: _____

What did you like best about your selection? Include three specific examples from the book.

Name the most important character and give three character traits.
Explain why you chose them.

Explain why you would or would not recommend this book to a classmate? Give two reasons.
