September 7, 2021

Dear Parents/Guardians,

Calvert County Public Schools, through its Title I Targeted Assistance program, can provide additional support for students in the elementary grades. This academic support could come in the form of additional reading instruction, math instruction or Family Support services. Title I Teachers review current grade level assessments to determine the students who could benefit from this additional support. Your child has been identified to receive additional support in math or reading.

Throughout the year, Title I will communicate regularly with families. Student progress is carefully monitored. The Title I program also provides opportunities for families to participate in activities and workshops during the school year. Family events are designed to help parents reinforce learning at home. Your child will be able to check out games and books through our Title I Family Lending Library.

There will be an informational meeting (Annual Meeting) to provide additional details about the Title I program and how it supports students and families. An invitation regarding dates and times for this event are included with this letter.

Please sign this letter and return it to school tomorrow. A Title I Teacher will need to meet with you for your required Title I Compact conference. If you have any questions, please do not hesitate to call our school office and ask to speak with the Title I teacher in our building. Thank you in advance for supporting your child's learning.

Sincerely,

Tammie Rudzinski
