Policy Title: Policy Review and Updating

Page1 of 1

The policy manual will be reviewed at regular intervals by the superintendent to ascertain what revisions must be made to insure that policy is up to date. This may dictate additions to or changes in Board policy. In addition, new state legislation, federal legislation and court decisions may require revisions or additions to the policy.

The policy manual shall be updated within 30 days following the Board of Trustees' adoption of a new or revised policy.

The policy manual shall be reviewed by the superintendent on a continuing basis to see if all new policies have been added, to delete any policy that is obsolete or no longer pertinent to actual practices of the district, to determine if the procedure so stated is workable and to recommend changes or revisions in policies to the Board of Trustees.

Procedures are an administrative function as to how policy will be followed.
