

AP Physics 2 2022-2023 Summer Work

Hello Physics Enthusiasts!

The summer assignments should act as a refresher from 11th grade physics for everything that you will need to start AP Physics in the fall. All assignments will be done through the Khan Academy website. To access the assignments you must:

1. Create a student account at <https://www.khanacademy.org/>
2. Go to <https://www.khanacademy.org/join/8RN3BVNW> which will enter you into the course labeled "BWL AP Physics 2 2022-2023"
3. Or use class code **8RN3BVNW** on the Khan Academy homepage to join.
4. Get started!

All students who have not enrolled in the Khan Academy summer assignments by August 15th will be removed from the class. The assignments are due on Monday, September 5th at 11:59pm. I expect the work to take approximately 8 hours in total. Please reach out to me if you have any questions.

Have a great summer!

Best,
Mr. Titcomb
