Required Medical and Athletic Forms

In late May, families received an email with instructions on how to access required medical and athletic forms in their Magnus Health account, which can be accessed via the Veracross New Family Portal. Most forms can be completed online in Magnus Health by a parent. Some forms must be downloaded and printed, completed and signed by a physician, then scanned and uploaded into your Magnus Health account. Please note the physical exam form and immunization record must be completed, signed and dated by a physician after June 1, 2022. All forms are due August 1, 2022, and must be received prior to the student's arrival on campus. Students missing required forms will not be permitted to attend classes or participate in preseason athletic practices. (For new students entering grades 10-12, additional athletic eligibility paperwork is required, which must be signed by the student's previous school head/principal. Families requiring these additional forms will be contacted by the SSA Athletic Department over the summer.)

Requirements for Health Insurance

SSA requires all students to have health insurance. All newly admitted international students will be enrolled in an Academy-sponsored health insurance plan offering coverage in the United States. Please view our brochure for more information. The charge for the 2022-2023 school year (10 months) is \$1,880. Later this spring, you will be sent information from our insurance provider, Clifford Allen Associates, via the e-mail address provided during the admission process. You will register and pay for your student's health insurance through their website. No student is allowed to move into the dormitory and begin preseason athletics and/or classes until proof of insurance is provided.

Immunization Requirements in Pennsylvania

Proof of immunization must be presented when enrolling in school. Immunization information can be obtained from your family doctor or former school district, and should be uploaded to your Magnus Health account as noted above under "Required Medical and Athletic Forms." Medical or Religious Exemption

A medical exemption is granted if the physical condition of a child is such that immunizations would endanger his/her life or health. A religious exemption, which includes a strong moral or ethical conviction, is granted if a parent or guardian of a child adheres to a religious belief whose teachings are opposed to such immunizations.

International Student Fee

For the 2022-2023 school year, the international student fee is \$3,750. The Academy does not provide transportation from the airport at the beginning of the school year. This fee also covers banking and processing fees and various administrative costs incurred by the Academy.
