

# Hamden Public Schools Summer Math Activities Summer 2022

This summer, Hamden elementary school students are encouraged to continue working on their math skills in any of the following ways:

## 1) Practice Fluency Skills

- Entering Grade 1 : Addition/Subtraction within 5
- Entering Grade 2: Addition/Subtraction within 10
- Entering Grade 3 : Addition/Subtraction within 20
- Entering Grade 4 : Multiplication/Division within 100
- Entering Grade 5: Review all fluency and multi-digit computation
- Entering Grade 6 : Review all fluency and multi-digit computation

## 2) Work with a digital program

- DreamBox, sign in through Clever  
Students should complete lessons *without additional help*.
- Greg Tang Summer Math Challenge, <https://tangmath.com/summer>

## 3) Review grade-level content by completing unfinished pages from the Student Activity Book from this year.

## 4) Have fun and play! Math can be found in everything we do - games, puzzles, cooking, building, and shopping.

The Hamden Elementary Math Department hopes everyone has a safe and healthy summer!
