Yr 10 - Y13 - UK University and Apprenticeship Search Virtual Fair - 15 June 12-2pm, 4.30- 7pm

Join the Summer UK University & Apprenticeship Search Virtual Fair on Wednesday 15th June 2022 and chat to a wide range of universities, colleges and apprenticeship providers. Event highlights include-

Year 13 help with preparing for Clearing

Year 12 UCAS application/Personal Statement advice

Year 11 & 10 HE Career Inspiration

This event will allow you to explore all your post-18 options in one place, with a large range of exhibitors. Universities will include Russell Group, red brick, modern and specialist institutions, as well as colleges and apprenticeship providers. You'll be able to ask university and apprentice reps any questions you have and take part in live webinars. You can also view virtual campus tours and online prospectuses.

Register here - <https://ukunisearch.vfairs.com/>

Yr 9 - Y13 - Women in Engineering - 23 June 12-2pm, 5pm- 6.30pm

To celebrate International Women in Engineering day Young Professionals are hosting an online multi-employer engineering event. You'll hear from a number of top female engineers from some of the world's biggest engineering firms discussing the various paths into the industry. Siemens, British Airways, Spectris, EQUANS and Veolia are all taking part.

The event is open to all. Sign up here <https://www.surveymonkey.co.uk/r/Women-Engineering>

Yr 9 - Y10 - Virtual Routes into STEM course 14 July – 4 August

Do you enjoy Tech, Design, Maths or Science? Join this Virtual Routes into STEM course to find out what exciting future careers these subjects could lead to.

**Virtual
ROUTES INTO STEM**

There are more career options in STEM than you can imagine, and many different routes to get you there. This course will help you to navigate your way through. All you need is a genuine interest in STEM subjects and inquisitiveness about what the future can hold.

Approximately 20 hours of study are required to be completed over 3 weeks. You will have the flexibility to study at a pace that suits you and can fit in around your other commitments. This course costs £60.

On successful completion, you will receive a Bronze Industrial Cadets award, which will enhance your CV and put you in a better position to make a more informed decision about your future. Further details and application form can be found here - <https://www.etrust.org.uk/routes-into-stem-read-more>

Yr 11 - Y13 - Careers in STEM course 11 July – 22 July

GoSTEM are offering this course to give you the chance to increase your knowledge and understanding of careers in STEM. This free, virtual programme runs over 2 weeks. You will be working, either individually or in small teams, on projects supported by mentors from 3M and four live sessions. On successful completion, you will receive a Silver Industrial Cadets award, which will enhance your CV and put you in a better position to make a more informed decision about your future. To apply, scan/click this QR code and use the reference code 3M1107

Yr 9 - Y12 – Work Experience at Macclesfield Hospital - 24 – 28 October

Are you thinking of a career in medicine, health or care? If yes, it is really important that you gain some work experience. Macclesfield Hospital is offering a week placement during the October half term. I have emailed students an advert with further details and application form.
