SBEF Awards Record-Setting Scholarships to the SBISD Class of 2022

Our community generously contributed to scholarships throughout the year, and this year broke records. Spring Branch Education Foundation received 458 scholarship applications, representing seniors from every Spring Branch ISD high school campus. We were able to offer 205 members of the class of 2022 a total of \$290,000 in scholarships to help them achieve the next step in their journey after SBISD. This represented an increase of more than 50% in scholarship funds from the prior year.

Spring Branch Education Foundation reviews applications holistically, taking into account each student's uniqueness. SBEF was excited to see a tremendous number of applications, and committee members enjoyed learning about each applicant through the review process. Scholarship Committee Chair Evan Perroni said, "I'm amazed by the record number of student applications. I'm amazed by the largest scholarship committee volunteering to evaluate all of them. I'm amazed by the donors who make it all possible. Once again, this process has left a HUGE smile on my face!"

Since 1993, Spring Branch Education Foundation has worked alongside Spring Branch ISD to support both students and educators. SBEF partners with Spring Branch ISD and the community to fund programs that enhance education and prepare our students for the future. For the last seven years, SBEF has given more than \$1 million to Spring Branch ISD annually. In 2021, SBEF also funded every SBISD teacher grant request, provided school supplies for each student at all SBISD Title I pre-kindergarten, elementary, and middle schools, and awarded \$186,100 in scholarships to graduating SBISD seniors.
