About the College Board

The College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, the College Board was created to expand access to higher education. Today, the membership association is made up of over 6,000 of the world's leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, the College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success — including the SAT[®] and the Advanced Placement Program[®]. The organization also serves the education community through research and advocacy on behalf of students, educators, and schools.

Important Requirements

Registration and Test Center Admission

The SAT® Program's policies are designed to give every student a fair and equitable opportunity to demonstrate college readiness and to prevent any test-takers from gaining an unfair advantage. The following pages outline requirements that apply to the registration and test center admission process, designed to help ensure the integrity of the SAT.

1. Test-Taker Photographs

You must submit a photo with your registration for SAT tests. **Any registrations that are submitted without a photo cannot be processed.** (Test-takers in the eighth grade or below at the time of testing are exempt from this requirement.) If you have any questions or concerns about the photo requirement, you should contact Customer Service at least 30 days prior to your intended test date. Refer to the inside front cover for contact information.

2. Information Required at Registration

You will be required to provide certain information to register, including the name/code of your high school (or your current school status), and your grade level, sex, and date of birth. Online registrations cannot be completed without this information, and paper registrations will be returned unprocessed if any of this information is missing.

3. Admission Tickets and Acceptable Photo ID Are Required for Entry to Test Center

You must present acceptable photo identification for admission to the test center. You are responsible for understanding and following the SAT Test-Taker Identification (ID) Requirements and Policies in this guide (see page 36). All of the identifying information that you provide during the registration process, including your photo, will be displayed on your Admission Ticket. On test day, the test center staff will match the information on your Admission Ticket with your photo ID and the test center roster to confirm your registration and identity. You cannot be admitted to a test center if any of the information does not match.

4. Most Test Day Changes Are Not Allowed

You may not make changes to your test center, test date, or test type (SAT to SAT Subject Test) on the day of the test. For students taking the redesigned SAT (offered from March 2016 onward), if materials and space allow, you may be able to change from SAT to SAT with Essay or the reverse. See Section 5 on pages 31–34 for more information.

Take Time to Read and Understand Our Test Security and Fairness Policies

When you register to take the SAT or SAT Subject Tests™, you acknowledge that you have read, understand, agree to, and will comply with our Test Security and Fairness policies and procedures as detailed in this guide.

1. About SAT® Program Tests

The SAT and SAT Subject Tests are designed to assess academic readiness for college in a way that's fair to all students. These exams and accompanying resources link with other College Board programs and services that are focused on students like you, to help propel you toward the opportunities you have earned through your own hard work.

The SAT

The SAT is a globally available¹ test accepted by colleges and universities throughout the United States and in numerous international locations. It is offered at least seven times a year in the United States and U.S. territories, and up to six times a year internationally.

IMPORTANT: Beginning in March 2016, the SAT will change. While still assessing skills in reading, writing and language, and math, the redesigned SAT focuses on the knowledge and skills that current research shows are most essential for college and career readiness and success. The SAT redesign centers on eight key changes; to learn more about these changes, please visit collegereadiness.collegeboard.org. Here is an overview of the content and timing of the current and redesigned SAT:

Comparison of Test Length and Timing: Current SAT vs. Redesigned SAT

Current SAT		
Component	Time Allotted (mins.)	Questions/Tasks
Critical Reading	70	67
Writing	60	49
Essay	25	1
Mathematics	70	54
Total	225	171

Redesigned SAT		
Component	Time Allotted (mins.) ²	Number of Questions/Tasks
Reading	65	52
Writing and Language	35	44
Math No Calculator	25	20
Math with Calculator	55	38
Essay (optional)	50	1
Total	180 (230 for SAT with Essay)	154 (155 for SAT with Essay)

1. Some exclusions apply.

2. Redesigned SAT testing time subject to research

SAT Subject Tests™

The SAT Subject Tests are one-hour tests in English, history, mathematics, the sciences, and languages. These tests offer you an additional opportunity to show colleges what you know and what you know you can do.

Many colleges use the SAT Subject Tests for admission, course placement, and to advise students about course selection. Some colleges specify the SAT Subject Tests they require for admission or placement; others allow applicants to choose which tests to take. Depending on your score and your chosen college's policies, your SAT Subject Test results may place you out of a beginner class or satisfy a basic requirement. Please note that, unlike the SAT, which is being redesigned, the scope and format of the SAT Subject Tests are not being changed.

2. Registering for the Tests

Throughout this guide, references to “SAT” and “SAT Program” refer to the current and redesigned SAT (with or without the Essay), as well as SAT Subject Tests, unless otherwise noted.

Registering Online

Go to sat.org/register or ask your school counselor for flyers that explain how to locate and use online services and information from the SAT Program. Registering online lets you:

- + Immediately see the test centers near your home and confirm that the one you choose has a seat for you before you pay for your registration.
- + Access your Admission Ticket at any time to print it for test day.
- + Order score reports and use Score Choice™ to select scores from prior test dates to send to colleges, universities, and scholarship programs.

Registering by Mail

Although online registration is the best way to register, you may have to register by mail if you:

- + Pay by check or money order.
- + Are younger than 13 (required).
- + Request Sunday testing for the first time. (Repeat Sunday test-takers can register online or by phone. Phone registration is subject to an additional fee.)
- + Request the opening of a new test center closer to your home.
- + If you are unable to upload a digital photo of yourself as part of the online registration process.
- + Register through an international SAT representative.
- + Are registering in a country where online restrictions apply (see page 6 for more information).

How to Register by Mail

Read this section for important details about registering by mail. Pay attention to the deadlines and required fees. This guide comes with a blank registration form that you can use to register. Once you complete the form, place it along with your payment in the provided return envelope, which is already addressed to the SAT Program (you must provide postage). See the chart starting on page 9 for step-by-step instructions for completing the form.

Domestic Test-Takers: If you are registering to test in the U.S. or U.S. territories, your registration must be **postmarked** by the deadline. If you miss the regular deadline, you may submit your registration up until the late registration deadline for an additional fee. If postmarked *after* the late deadline, your registration will be processed for the next available test date whenever possible.

International Test-Takers: If you are registering to test outside of the U.S. or U.S. territories, you must mail your registration in time for it to **arrive** by the deadline. If received *after* the deadline, your registration will be processed for the next available test date whenever possible. Register by the **early** registration deadline if you are requesting that a test center be opened closer to your home or if you are registering through an international SAT representative. For more details about taking the SAT outside of the U.S., visit sat.org/international.

Requesting to Test on a Sunday

You can request to test on a Sunday if you can't test on a Saturday because of religious observance. The first time you request Sunday testing, you must register by mail as follows:

1. In Item 16 on the form, enter code **01000** as your first-choice test center. Leave the second-choice test center blank.
2. Include a letter of explanation signed by your cleric on letterhead from your house of worship.

For subsequent Sunday registrations made online or by phone, a letter will not be needed. You will always need to include a letter, however, when you register for Sunday testing by mail.

Important Notes About Sunday Testing:

You may only request Sunday testing if your religious observance prohibits your ability to test on a published Saturday test date, and this conflict is validated by an official clergy letter.

Sunday testing is not available as an alternative to Saturday testing for individuals who would normally test on a Saturday.

- + If you have already registered to test on a Saturday and need to change to Sunday testing, contact Customer Service.
- + **Sunday testing is not available in certain countries.** See page 6 or go to sat.org/international.

Requesting a Test Center Closer to Your Home

If you live more than 75 miles (120 kilometers) from the closest test center, you can request that we try to open a center closer to your home. You must register by mail to make this request. We will do our best to meet your needs, but there is no guarantee that your request can be accommodated.

1. In Item 16 on the form, enter code **02000** as your first-choice test center. Leave the second-choice test center blank.
2. Include a letter describing your situation. (This is mandatory with every registration requesting testing closer to home.)

Important Notes About Requesting a Closer Center:

- + For international test-takers, requests to test closer to home are available only for testing in November through May.
- + Requests to open a new test center cannot be made after the regular registration deadline. International requests must be received by the early registration deadline.
- + **Requests to open a new test center are not offered in certain countries.** See page 6 or go to sat.org/international for more information.

Registering Late: Waitlist Status

If you miss the last registration deadline, or if your paper registration has been returned unprocessed without enough time to resubmit it, you may be able to go online to request **Waitlist status**. This status is available in most areas after the last registration deadline up until five days before test day. Test registration on test day at the test center is not available.

Waitlist requests are subject to the following conditions:

Making the Waitlist Request

- + All normal registration requirements apply, including the need to upload an acceptable photo.
- + Waitlist requests can only be made through your online account; you cannot request Waitlist status by paper or by calling Customer Service. You must also be able to print your Waitlist Ticket; it cannot be mailed to you.
- + You must provide electronic payment information at the time you request Waitlist status. You will be charged any applicable registration fees, including the Waitlist fee, only if you are admitted to the test center on test day. (Your account may be temporarily charged \$1 upon processing of your Waitlist request. This preauthorization charge will be removed within five business days after you submit your request.)
- + Requests can only be made for one test center and for one test type (SAT with or without the Essay or SAT Subject Tests) on any particular test administration date.

Testing in Waitlist Status

- + You must bring the required printed Waitlist Ticket and an acceptable school- or government-issued photo ID from the country in which you are testing with you on test day.
- + You cannot make any changes to your Waitlist request on test day. If you are admitted to the test center, you must test exactly as specified on your Waitlist Ticket.
- + Arrive early on test day. You will be admitted to the test center on a first-come, first-served basis, determined by when you arrive at the center, not by when you requested Waitlist status. Waitlist test-takers are seated only after all regularly registered test-takers have been admitted and only if sufficient test materials, staff, and seating are available.
- + Approved testing accommodations must be arranged up to seven weeks in advance to ensure that they are in place and available on test day. If you are approved to test with accommodations, it is possible that there may be enough materials and space available for you to take the test on a Waitlist basis at the center. However, in most cases, specialized test formats and equipment will not be available.
- + Requesting Waitlist status does not guarantee you a seat on test day. The test center supervisor makes all decisions regarding who is admitted to the test center on test day, and those decisions are final.

Waitlist Restrictions

- + Fee waivers cannot be used to request Waitlist status.
- + Waitlist status is not offered for Language with Listening Subject Tests. (All other SAT Subject Tests are available for Waitlist status requests.)
- + Waitlist status is not permitted in certain countries (see the next section).
- + Waitlist status is not offered for first-time Sunday testing.
- + Waitlist status is not permitted for test-takers age 21 or older.

Restrictions Applying to Some International Registrations

Please note the following restrictions that may apply to your registration options.

- + If registering through an **SAT representative**, or if testing in **Cameroon, Ghana, or Nigeria**, you cannot pay by credit card. You must register by paper.
- + If testing in **Cameroon, Ghana, Hong Kong, Korea, Macau, Nigeria, Singapore, Thailand, or Vietnam**, Waitlist status is not permitted.
- + If testing in **India or Pakistan**, you cannot request Sunday testing or testing closer to home.

Photo Requirements for Registration

You are required to submit a photo with your SAT registration. **Registrations that are submitted without a photo cannot be processed.**

When you register for the SAT, whether online or by mail, you must provide an acceptable photo of yourself that closely resembles the photo on your ID (see page 36) and your own personal appearance on test day. Your photo will be added to your registration, will appear on your Admission Ticket, and will be required for admittance to the test center. Learn more about how your personal information, including your photo, may be used on pages 48–49. Ask your school counselor to assist you if you need help providing a photo, and see the enclosed flyer for information about photos.

If you have any concerns about the photo requirement, you should contact Customer Service at least 30 days prior to your intended test date. See the inside front cover for contact information.

Note: Students in the eighth grade and below at the time of testing are not required to provide photos during registration.

Choosing an Acceptable Photo

Here are some guidelines for choosing your photo; you are responsible for ensuring that your photo meets the requirements given here.

- + Choose a photo that:
 - Shows only you — no other people are visible.
 - Shows a head-and-shoulders view with the entire face, both eyes, and hair clearly visible (head covering worn for religious purposes is acceptable). **Note:** your entire face and both eyes must be visible.
 - Is properly focused, with no dark spots or shadows.
- + Your photo must be properly focused with a full-face view, be clearly identifiable as you, and match your appearance on test day. If your photo is not easily recognizable as you, we cannot admit you to the test center.

Photo Tips:

- + We recommend using a passport photo, which is most likely to meet requirements.
- + You can use an existing digital photo, scan in a school picture or passport-type picture, or take a new picture with a digital camera or smartphone.
- + Black-and-white photos are acceptable.

Avoiding Unacceptable Photos

Here are some examples of ways in which a photo would be unacceptable:

- + One or both of your eyes are not visible or are blocked. (For example, you may not wear sunglasses in your photo.)
- + Multiple faces are shown in the photo.
- + Your face is not visible or recognizable.
- + Poor photo quality makes the person shown unrecognizable.
- + You are wearing a hat or head covering that is not worn for religious purposes.
- + The photo has been tampered with or digitally altered.
- + Supervisors have been instructed not to allow nonconforming photos. Make sure the test center supervisor can positively identify you from your photo. Do not choose a photo in which your full face is not viewable or recognizable because:
 - Part or all of your head is cut off in the photo.
 - You are shown in profile or three-quarter view so only part of your face can be seen.
 - Your photo was taken too close up or from too far away.
 - Your photo is too blurry or too light.

Submitting Your Photo

If you are registering online:

- + Successful upload of your photo only indicates that it meets the technical requirements (correct file type and size). It does not indicate that your photo is acceptable for test day.
- + Digital photos must be in one of these file formats: .jpg, .gif, or .png.
- + You can link to Facebook to add a photo to your registration. The photo must still be acceptable and not have any nonconforming attributes.
- + You will have the opportunity to crop and reposition your photo after uploading it.

If you are registering by paper form:

- + Your printed photo must match the size requirements of at least 2 x 2 inches and no more than 2.5 x 3 inches. Do not use a laminated photo (such as on an ID card).
- + Write your name, date of birth, and high school code on the back of the photo, then tape the photo over the bar code. Use clear tape around all four edges of your photo.
- + Do not use paper clips, staples, or glue.

If you are reregistering by phone:

- + The Customer Service representative will apply your previously supplied photo to your new registration.
- + If you need to submit or update a photo, you must register online or by paper and include a new photo that complies with the requirements noted above.

How to Complete the Paper Registration Form

Required items are shown in bold font with a **!** symbol next to the field name. We will return your registration unprocessed if the required items are not included.

Item	Instructions and Notes

Important Notes About Your Paper Registration

- + You cannot change the name you registered under, your date of birth, or your sex on a registration once it has been processed without contacting Customer Service (see page 32).
- + Make sure all required fields are completed, and that your name, sex, date of birth, and photo accurately represent the identifying information and photo on the ID you intend to present on test day.
- + See Section 4 if registering to test with accommodations.

Completing the Front and Inside of the Registration Form

Required Fields

Provide all information for the form items shaded in red.

Note the following:

- + In **Item 1**, you must provide your last name/family name/surname, your first name/given name, and middle initial (if any) on the form. Your names should fit, but if not, fill in as much of each name as you can. Be sure to spell the name(s) exactly as they appear on the photo ID you intend to use on test day.
- + In **Item 2**, follow the instructions on page 9 of this guide for what to do if you do not have a high school code.
- + In **Item 3**, indicate your sex.
- + In **Item 4**, the current grade levels may not accurately fit international students' current situations. If this is the case for you, fill in the oval for "12th grade or higher."
- + In **Item 5**, provide your date of birth as instructed.
- + In **Item 6**, provide your photo as instructed.

- + In **Item 10**, indicate whether your address is a U.S. or an international address. Fill out the field completely. **If you are an international student, you must also provide your country code in 10c.**
- + In **Item 14** (inside the form), please complete the statement and sign the form. You will be asked to complete a similar statement during testing. The quality of your handwriting will not be used to calculate your score. Failure to provide the statements may result in your scores being delayed or canceled.
- + Although not required, we strongly recommend that you provide your email address in **Item 11** to receive a link to your Admission Ticket and notification of when scores are released.

Completing the Back of the Registration Form

Both the SAT and SAT Subject Tests are administered at test centers in the months noted in Items 15a and 15c. See the back cover of this guide for the exact administration dates. Subject Tests are not offered in March, nor is testing available internationally in March. If testing in Egypt, Korea, or Saudi Arabia, check online for available test dates at sat.org/international.

Choose the type of test you want to take and fill out the corresponding item. Forms that show more than one test date or type indicated on them will be rejected. Remember to complete all items shaded in red.

SAT Test and Month – Items 15a–b

Choose any date from October 2015 through January 2016 to take the current SAT with Essay (Essay is required). Beginning in March 2016, the redesigned SAT will be offered. The Essay on the redesigned SAT is optional; therefore, if you are testing in March, May, or June 2016, you need to indicate which version of the test you are taking — SAT or SAT with Essay (you cannot take both on the same day). Fill in the oval under **15a, SAT Test and Month**, that corresponds to the date and test version that you have chosen, then fill in the fee for that date and test under **15b, SAT Test Fee** and in Item 20a on the form.

SAT Subject Tests and Month— Items 15c–e

If you plan to take the SAT Subject Tests, select the date you want to test under **15c, SAT Subject Tests and Month**.

Under **15d, Subject Test(s) Choices**, fill in the oval for up to three tests to take on the date selected. Check the calendar on the back of this guide to see if the tests you want to take are offered on the date you selected in Item 15c. In November only, you can select one Language with Listening Test if desired.

Under **15e, Subject Test Fees**, compute your test fees total as follows:

- + Fill in the basic fee.
- + If you chose one or more nonlistening tests, multiply the number of these tests by the test fee and fill in the amount.
- + If taking a Language with Listening Test, fill in that fee.

- + Add up the fees owed and enter the sum for **SAT Subject Tests Fees Total**.
- + Enter your test fees in Item 20a on the form.

Test Center Codes — Item 16

See pages 4–5 for information about choosing a Sunday center or requesting a center nearer to your home. Use the code search at sat.org/sat-codes (or see your school counselor to view *The SAT Code List* booklet) to look up which centers in your area are open for the test date you selected in Item 15. Print the five-digit test center codes for your two top choices in Item 16 and fill in the corresponding circles.

Score Reporting — Item 17

Colleges and universities and other educational organizations are always looking for students who are interested in what they have to offer. One way you can show your interest is to send your scores to institutions that you think you might apply to. Be sure to take advantage of the four free score sends that you get as part of test registration. For the college and scholarship codes associated with the institutions you want to send scores to, see your school counselor or use the code search tool at collegeboard.org/sat-codes.

- + Use Item 17a to choose up to four colleges or programs to receive your reports at no additional charge. Write the numbers as legibly as possible for accurate scanning.
- + List additional institutions in 17b, again writing as legibly as you can, and use Item 17c to add up the score report fees that you owe. Enter the total additional score report fees in Item 20b on the form.

Important Notes About Score Reports:

Score reports will be automatically provided to you and your high school and to the institutions you designate on the form. We encourage you to go to collegeboard.org/MYSAT and sign in to (or create) a free account to review your online score reports.

- + The colleges that you designate to receive score reports will have access to a copy of your Essay, if any.
- + If you want to use Score Choice options or otherwise change where your scores are sent, you have until nine days after the published test date to alter your four free score reports at no charge. **After that period, you will be charged the additional score report request fee for any added or changed report requests.**

SAT Answer Verification Services — Item 18

Use Item 18 to order SAT Answer Verification Services (these are not available for the SAT Subject Tests). These services are not designed to be used for test preparation, but they can provide test-takers with additional verification that their tests have been scored accurately.

Choose the service that is available for your test date, and enter the fee for the service chosen in Item 20c.

Note the following:

- + Question-and-Answer Service (QAS) is a test-disclosure service that provides your test questions, the correct answers, scoring instructions, and a form you can use to order a copy of your answer sheet. For all of the questions you get the question designation (type or subscore relationship) and level of difficulty, and whether you answered correctly or incorrectly or omitted the answer.
- + QAS is not offered for every test date. It is available worldwide in May for Saturday, Sunday, and school-based testing dates.³ In October and January, it is offered only for students testing in the United States and Canada on Saturdays in test centers.
- + If you are approved for accommodations that require testing in school instead of a test center, the QAS is generally available for the May administration only. If you are testing in October or January with school-based accommodations and wish to receive the QAS, call the Services for Students with Disabilities (SSD) office at least two weeks in advance of test day to see if arrangements can be made.
- + Student Answer Service (SAS) provides a list of question types, level of difficulty, and whether you answered correctly, answered incorrectly, or omitted the answer.
- + SAS is available whenever QAS is not offered.

Important Information About QAS and SAS:

- + To pay for QAS or SAS with a fee waiver, you must request the service on your Registration Form in Item 18.
- + Orders cannot be returned or canceled.
- + QAS is not offered for makeup tests, even if it is an available service for the associated primary test date. However, SAS can be ordered for makeup tests.
- + QAS and SAS are not available for scores that have been hand-score verified. Visit sat.org/verify-scores for more information.
- + QAS and SAS reports are shipped about two to three weeks after your scores are released.
- + Because of the secure nature of the SAT, these services cannot be offered beyond their scheduled availability. As a result, if a problem arises and we are unable to deliver your QAS or SAS, the only remedy available is a refund.

Adding Up the Fees and Paying for Your Order

Non-U.S. Regional Fee — Item 19

If you are testing outside the United States and U.S. territories, look up the region that applies to your test center (see pages 61–66), and fill in the appropriate oval in Item 19 on the form. Print the non-U.S. regional fee in the boxes and enter it in Item 20e.

Totals — Item 20

Check to make sure you have recorded all of the score reports, services, and tests that you want to order as well as any additional fees that you owe. Put your totals in the appropriate boxes in Item 20.

Late Registration Fee (If Applicable) in Item 20d

Registrations must be postmarked by the regular registration deadline to avoid late fees. If you are mailing the Registration Form after the regular registration deadline, you must include the late fee or your registration will be returned to you unprocessed. Late fees apply only to domestic registrations — international registrations that arrive after the regular registration deadline will be processed for the next available test date, when possible.

Note: If registering online or by phone, check sat.org/register for late registration deadlines that apply.

International Fees (If Any) in Item 20e

If testing outside the U.S., enter the total from Item 19 in the appropriate boxes. If testing in Canada, add **International Taxes** in Item 20e as well:

- + GST/HST 13141-4468RT (students in Canada)
- + QST on GST (students in Quebec, Canada)

Add all figures and enter the sum in the **TOTAL** field.

Credit Card Information — Item 21

If you are paying by credit card, you need to provide the full card number, the expiration date, and (if applicable) the billing ZIP code. Print the information in the boxes as legibly as possible, to ensure proper scanning.

Acceptable Forms of Payment

To register through an SAT international representative, see the end of this booklet for payment information. The following forms of payment can be used for registration.

- + **Fee waiver:** You must enclose your completed, signed card. See the next page for more information.
- + **Credit card:** You must fill in Item 21 for credit card payments using one of the cards listed on the form. Credit cards are not accepted for some international registrations. See page 6 or go to sat.org/international to view a list of registration restrictions.

- + **PayPal:** In most cases, PayPal can be accepted as an electronic payment for transactions associated with registration, but you need to register online to pay with this method.
- + **Check or money order payable to The College Board:** This can include a bank draft or international money order. Checks must be drawn on a U.S. bank.
- + **UNESCO coupons:** These may be used.

Important Information About Payment:

- + Please add your total carefully. If we need to refund an overpayment, an administrative fee may be deducted.
- + **DO NOT SEND CASH. We cannot accept cash or postal reply coupons.**
- + **We will return your registration unprocessed if you don't enclose proper payment or a fee-waiver card.**

Check Processing

Our receipt of your payment check is your authorization for us to collect the amount of the check electronically by sending the check amount along with the check, routing, and transit account numbers to your bank. Your bank account may be debited as early as the same day we receive your payment. The original check will be destroyed, and an image will be maintained in our records. We reserve the right to electronically collect your eligible payment checks, at first presentment and any representation, from the bank account on which the check was drawn.

Refunds

Score service fees, including additional score report requests, QAS, and SAS, are refundable if you miss the test. Testing fees can be applied to a later test date if you miss your test date (see how to change your test date on pages 32–33). Please visit sat.org/fees for more information.

Fee Waivers

Fee waivers are available for college-aspiring high school students who meet the income eligibility guidelines. If you are a high school student in the United States or U.S. territories, or if you are a U.S. citizen located outside the United States, you can ask your school counselor whether you are financially eligible for a fee waiver to cover the test fees. More information about eligibility is provided at sat.org/fee-waivers and in the *Counselor's Guide to Fee Waivers for the SAT and the SAT Subject Tests*, available from your school counselor. Up to two fee waivers can be used for SAT Subject Tests in grades nine through 12, and up to two fee waivers can be used for the SAT in grades 11 and 12.

Note: One Subject Test fee waiver covers up to three tests taken on the same day.

Important Notes About Using Fee Waivers:

- + Fee waivers can be used to register for the tests at any time through the late registration period. Please check sat.org/register for late registration deadlines that apply to online and phone registrations.
- + Fee waivers cannot be used for requests for Waitlist status.
- + Once you use a fee waiver, it cannot be reused. If you miss the test you registered for, you can transfer your registration to a later date, but you will be charged the change fee.
- + If registering by paper, all required fields must be completed for your fee waiver to be accepted as valid payment.
- + Along with your four free registration score reports, you are entitled to four additional score reports that you can use at any time before graduating from high school.
 - When you order reports online, you'll see how many additional score reports you have available that are free of charge.
 - You can also call Customer Service to determine your remaining free additional score reports.
- + If you are eligible for a fee waiver but didn't actually register with one, request a fee waiver from your school counselor and use the fee-waiver code to order additional score reports.

Note: The College Board's fee-waiver program is intended to help individual students for whom a test fee would be a barrier to college and does not replace third-party initiatives (such as district- or state-funded SAT) where they are available.

3. Completing the SAT Questionnaire

Connect to Colleges with Student Search Service®

Providing your information on the SAT Questionnaire and saying “yes” to Student Search Service helps you connect with colleges and universities that are looking for students just like you. If you take the PSAT/NMSQT®, the SAT, SAT Subject Tests, or any AP® Exam, you can be included in this free service.

Here's how it works:

During SAT or SAT Subject Test registration, if you are not already signed up for the service, indicate that you want to be a part of Student Search Service. Your name and other information, including your address, high school grade point average, date of birth, grade level, high school, email address, intended college major, and extracurricular activities can then be made available to participating colleges and scholarship services.

Colleges and scholarship programs then use the Student Search Service to help them locate and recruit students with characteristics that they find to be a good match with their programs. This is a great way for you to get information about colleges with which you may not be familiar.

Important Notes About Student Search Service

- + Being part of Student Search Service is voluntary. While most students who take the PSAT/NMSQT, AP Exams, SAT, or SAT Subject Tests participate in this service, you may take any of these tests even if you choose not to participate in Student Search Service.
- + If you do not answer and have previously opted to participate in this service, we will continue providing your information. You can unsubscribe at any time by going to <http://student.collegeboard.org/student-search-service/opt-out> or by calling Customer Service.
- + Colleges participating in Student Search Service never receive student scores or phone numbers. Colleges can ask for names of students within certain score ranges, but your exact score is not reported.
- + Being **contacted** by a college doesn't mean you have been **admitted**. You must submit an application in order to be considered for admission. The colleges and organizations that participate want to find students who fit in with their environment, classes, programs, scholarships, and special activities. Student Search Service is simply a way for colleges to reach prospective students like you and inform them of their opportunities.
- + Student Search Service will share your contact information only with accredited colleges and approved educational or scholarship programs that are recruiting students like you. Your name will never be sold to a commercial marketing firm or retailer of merchandise or services (such as test prep). Please refer to Section 8, "Important Information for Test-Takers," for our general SAT privacy policy.
- + To preserve the integrity of the information contained in the Student Search Service database, the College Board reserves the right to bar or to remove, with or without notice, any student from the database.

How Answering the Questionnaire Helps Your College Search

- + Item 13 on the inside of the paper Registration Form consists of 34 questions about you, your high school experiences, and your thoughts about college. While you do not have to respond to the questions, we strongly recommend that you do. Your responses give your school counselors and college admission officers information to use in assisting you with making future plans. The more information you provide, the more they can assist you. (See below.)

- + Your responses provide information to the College Board that helps us ensure that the SAT is a fair and accurate test for all students. Your answers to some questions (the questionnaire identifies which ones) will not appear on your score report but will be used by the College Board for research and planning.
- + Your responses, when combined with those of all other students taking the SAT, contribute to an understanding of the academic preparation, extra- and cocurricular involvement, and post-high-school plans of your graduating class, which can assist colleges and universities in delivering programs and opportunities to serve you and your classmates.

Confidentiality

Institutions that receive your SAT scores and related data are required to maintain confidentiality of data and to adhere to College Board guidelines for using information. Your answers to Items 32 through 34 are not included on score reports to designated colleges, but may be provided to your high school, school district, and state.

Updating Your Data

If you register for the SAT again, you do not need to reenter all the questionnaire information. Be sure to update any responses that may have changed. When updating, answer the entire question — your new answer will replace the old one. For example, if you have taken calculus since the last time you registered for the SAT, you should list all math courses you have completed, including calculus.

Note: You can update your SAT Questionnaire online or by calling Customer Service.

If a Question Doesn't Apply to You

- + Most of the questions are addressed to students still in secondary school.
- + If you have yet to attend secondary school, or you are no longer in school, answer these questions as well as you can or leave them blank.
- + Students in school systems outside the United States may find that Items 7, 8, 19, and 34 do not apply to them. Please answer each question as well as you can or leave it blank.

Questionnaire Directions

1. **Indicate the total number of years of high school courses (in grades nine through 12) you have taken or plan to take in each of the subjects listed below.** If you have not taken any course in a subject and do not plan to take one in high school, fill in the oval in the “None” column. If you repeat a course, count it only once. If one (or more) of the courses is an Advanced Placement Program® (AP), accelerated, or honors course, you should also fill in the oval in the “AP/Honors” column. Indicate International Baccalaureate classes in the “IB” column.

- Mathematics
- English (for example, composition, grammar, or literature)
- Natural Sciences (for example, biology, chemistry, or physics)
- Social Sciences and History (for example, history, government, or geography)
- Foreign and Classical Languages
- Arts and Music (for example, art, music, art history, dance, or theater)

- 2.–6. **Courses of Study.** For each year of secondary school, go down the list of courses and fill in those you took in that year. For every course that is designated as honors, AP, or dual enrollment (see below), fill in the oval in that column as well. Then fill in courses you plan to take (for example, if you are in 11th grade and plan to take calculus in 12th grade, fill in the corresponding oval). Finally, go down the list and mark the oval in the “None” column for courses that you have not taken and do not plan to take in high school.

Note: Dual enrollment is a course or program in which high school students can earn both high school and postsecondary credits for the same course. Dual credit courses may be located on a high school campus or the campus of a postsecondary institution, or taught through distance education.

7. **Select your average grade in each course category.**

- A or excellent (usually 90–100)
- B or good (usually 80–89)
- C or fair (usually 70–79)
- D or passing (usually 60–69)
- E/F or failing (usually 59 or below)
- Mathematics
- English
- Natural Sciences
- Social Sciences and History
- Foreign and Classical Languages
- Arts and Music

8. **Indicate your cumulative grade point average for all academic subjects in high school.**

- A+ (97–100)
- A (93–96)
- A- (90–92)
- B+ (87–89)
- B (83–86)
- B- (80–82)
- C+ (77–79)
- C (73–76)
- C- (70–72)
- D+ (67–69)
- D (65–66)
- E or F (below 65)

9. **What is your most recent high school class rank?** (For example, if you are 15th in a class of 100, you are in the second 10th.) If you do not know your rank, check with your school counselor. If rank is not used in your school, give your best estimate.

- a. Highest 10th
 - b. Second 10th
 - c. Second fifth
 - d. Middle fifth
 - e. Fourth fifth
 - f. Lowest fifth
- } Top fifth

For Question 10, **provide information about the content of some of the high school courses that you have taken or plan to take, and related activities.** (You may mark more than one.)

10. **Art and music course work or experience**

- a. No course work or experience in this area
- b. Acting or the production of a play
- c. Art history or art appreciation
- d. Dance
- e. Drama or theater for appreciation
- f. Music history, theory, or appreciation
- g. Music, instrumental, or vocal performance
- h. Photography or filmmaking
- i. Studio art and design

11. In addition to regular class work, many students are involved in activities that reflect their abilities and interests. These include community service and involvement, extracurricular and out-of-school activities, and individual endeavors. **Indicate in which grades you participated or plan to participate in the activities listed on the Registration Form.** Remember to include activities and accomplishments that are not school sponsored as well as your extracurricular activities.

If you have held a major office or position of leadership in an activity (for example, class president, varsity team captain, or officer of a statewide organization) or if you have received an award or special recognition for achievement in an activity (for example, school prize for music or writing, varsity letter, regional science fair prize, state orchestra), fill in the oval in the column marked "Officer/Award." (You may mark up to 10 activities.)

12. Indicate in which sports you have participated or plan to participate. (You may mark up to six sports.)

- | | | |
|------------------|------------------|--------------------|
| a. Baseball | k. Gymnastics | t. Squash |
| b. Basketball | l. Ice hockey | u. Swimming |

- e. Doctoral or related degree (such as Ph.D., J.D., M.D., or D.V.M.)
- f. Other
- g. Undecided

A list of general and specific majors or areas of study in college is given online at collegeboard.org/sat-codes. Related areas or majors are given in the pull-down menus under each general area or major. Although you do not need to know what your major in college will be, we would like you to mark the subject area or areas that interest you. In Questions 20, 21, and 22 you may indicate the specific or general areas of study that you are considering.

If you have none, please fill in number 999 (Undecided).

20. Indicate the major or area of study that is your first choice.

Write in the code number and fill in the appropriate oval under each digit.

21–22. Indicate up to two other majors or areas of study that interest you.

23. Do you plan to look for a part-time job while in college?

- a. Yes
- b. No
- c. I don't know

24. Some colleges allow well-prepared students to skip introductory courses and take advanced course work instead. This exemption is sometimes based upon the results of tests such as AP Exams, SAT Subject Tests, and tests of the College-Level Examination Program®. Some colleges give their own placement or “credit by examination” tests. **Do you plan to apply for Advanced Placement® credit, credit by examination, or exemption from courses in any of the following subjects?**

Art
Biology
Chemistry
Computer Science
English
Foreign Languages
Humanities
Mathematics
Music
Physics
Social Studies

- Yes
- No

25. Below is a list of typical activities or clubs in which students participate in college. **Mark each activity in which you may want to take part while in college.**

(Army ROTC, Air Force ROTC, or Navy ROTC)
- t. Student government
- u. None of the above

26. **Do you plan to apply for financial aid at any college?**

- Yes
- No
- I don't know

27. **Where do you plan to live during your first year in college?**

- a. At home
- b. Off-campus housing
- c. On-campus housing
- d. I don't know

The College Board wants its tests and services to be fair and useful to all candidates, regardless of their culture or background. When you answer Questions 28 through 30, it helps us evaluate individual test questions for fairness and improve our enrollment services. Additionally, your responses to these questions will be included along with your score reports to designated colleges, your high school, school district, and state, unless an institution requests that we do not include this information.

28. **Please answer both questions about Hispanic origin and about race. For the following questions about your identity, Hispanic origins are not races.**

- a. Are you of Hispanic, Latino, or Spanish origin? (You may check all that apply.)
 - a. No, not of Hispanic, Latino, or Spanish origin
 - b. Yes, Cuban
 - c. Yes, Mexican
 - d. Yes, Puerto Rican
 - e. Yes, another Hispanic, Latino, or Spanish origin
- b. What is your race? (You may check all that apply.)
 - a. American Indian or Alaska Native
 - b. Asian (including Indian subcontinent and Philippines origin)
 - c. Black or African American (including African and Afro-Caribbean origin)
 - d. Native Hawaiian or other Pacific Islander
 - e. White (including Middle Eastern origin)

29. Answer both questions below about your language background.

- a. **What language did you learn to speak first?**

Your answers to Questions 32 through 34 will not be included on score reports sent to any colleges. Your answers to these questions may be used for research purposes or reports about groups of students, but only in ways that ensure your privacy. These answers may also be provided in score reports to your high school, school district, or state.

32. How do you think you compare with other people your own age in the following three areas of ability? **For each area, fill in the appropriate response.**

Mathematical ability

Scientific ability

Writing ability

- + Among the highest 10 percent in this area of ability
- + Above average in this area
- + Average in this area

4. Services for Students with Disabilities (SSD)

If you have a documented disability, you may be eligible for accommodations on SAT Program tests. Arrangements can be made if you need adjustments to the test setting, such as wheelchair accessibility or a seat near a proctor, or if you need accommodations such as a written copy of oral instructions, extended time, or access to medicine due to a medical condition. Because test accommodations require specific materials, setup, and processing before test day, you need to apply for and receive College Board approval well in advance of the test date for which you wish to use the accommodations. If you are approved for accommodations that require a specific format such as Braille, and you would like to order practice materials in that format, please contact the SSD office. (See the inside front cover.)

Applying for Accommodations

- + Most students submit a request for accommodations with the assistance of their school. Your school can request accommodations by using SSD Online.
- + If you choose to request accommodations without the participation of your school, you should complete a Student Eligibility Form, which is available by calling the SSD office. (See the inside front cover.)
- + Indicate "SAT" and the date you plan to take the test(s) on the eligibility form.
- + Provide documentation of your disability and need for the requested accommodations.
- + Submit the request as early as possible to allow sufficient time to process your application. The request process takes approximately seven weeks when documentation review is required. We recommend that you submit the form in the spring before your first College Board test (PSAT/NMSQT, AP, or SAT) of the following year. Go to collegeboard.org/ssd-calendar for specific deadlines for each test.
- + Once approved for testing accommodations on College Board tests, you do not need to apply for accommodations again if you take another College Board test unless your needs have changed. However, if you move to a new school after you have been approved for accommodations, your new school will need to confirm your continued eligibility, and in some cases you may need to provide documentation.
- + Starting with the redesigned SAT in March 2016, students approved for accommodations that apply to certain competencies only (Math, for example) will only receive those accommodations in the relevant sections.

Temporary Physical and Medical Conditions

If you have a temporary medical condition that does not constitute a disability, such as a broken arm, you should transfer your registration to a later test date. If you are a graduating senior and must report scores to meet a college application deadline, or if you are taking an SAT Subject Test for a course in which you are currently enrolled, ask your school counselor to contact the College Board SSD office to see if temporary assistance can be provided.

Registering with Accommodations

The easiest and quickest way to register is online at sat.org/register. Students who are testing with accommodations do not need to register by paper. If you prefer to submit a paper form:

- + **Include a copy of your Eligibility Approval Letter in the envelope with your SAT Registration Form.** Your SSD Coordinator can print your letter for you.
- + If you do not have your letter, include a note with your name, eligibility code, school name, and school code. Your SSD Coordinator can look up your SSD code online, or you can call the SSD office to obtain it.

Note: Always bring your Eligibility Approval Letter with you on test day to provide documentation if needed.

If you haven't yet applied for accommodations, do so as soon as possible, following the instructions above.

Please note:

- + Eligibility application deadlines are earlier than the SAT registration deadlines.
- + Eligibility applications that require documentation review must be received with complete documentation by the SSD office at least seven weeks before the test date.
If you have not received a response to a request for accommodations prior to the registration deadline for an administration that you plan to take, you can register to test without accommodations. Your registration can be updated if you receive approval for accommodations, as noted below:
 - + If you receive an Eligibility Approval Letter after registering but at least nine days before the test date, your registration will be updated automatically. If you do not receive an Admission Ticket that shows your accommodations by one week before the test, call the SSD office to confirm that your registration has been updated and to request a new ticket.
 - + If you submitted a request for accommodations at least seven weeks before your test day, and you receive an Eligibility Approval Letter less than nine days before the test date, you should call the SSD office to determine if your registration can be updated to include your accommodations. If not, you can:
 - Transfer to a later date (see next section).
 - Take the test without your approved accommodations.

- Attempt to test with your approved accommodations if enough materials and space are available, as long as you are not approved to use test formats or equipment that are only supplied for specific testers. Bring a copy of your Eligibility Approval Letter along with your photo ID and Admission Ticket with photo to the test center.

If you feel you did not do your best, you can cancel your scores immediately after the test (see pages 42–43) or you can choose not to send them to colleges.

Note: Remember to include your SSD number every time you register.

5. Registration Confirmation and Changes

Receiving Your Admission Ticket

Once you have registered for the SAT or SAT Subject Tests, you will be issued an Admission Ticket. You must bring your ticket with you on test day. Test center staff are not required to hold a seat for you if you must leave the center to retrieve your Admission Ticket.

Online Tickets

- + If registering online, you receive an online version of your Admission Ticket that you must print and bring with you on test day. You can go back online to print the ticket at any time before your test.
- + If you register by phone (with your photo already on file) or paper and provide your email address, you will be emailed a link to a printable Admission Ticket.
- + Online tickets are available to most students (unless under 13 years of age). If you registered by mail and do not have an online account, you can create one through collegeboard.org.

Mailed Tickets

- + If you register by mail or phone without providing an email address, or if you request a paper ticket in Item 11 on the Registration Form, a paper ticket will be mailed to you. Call Customer Service if you have not received your ticket two weeks before the test date.

Important Notes About Your Admission Ticket

- + **Your admission ticket is required for entry to the test center.** Your name, address, date of birth, sex, and photo will be displayed on your Admission Ticket. If you do not have your Admission Ticket, you cannot be permitted to test (and you will not be entitled to a refund of any test fees).

- + The information on your ticket must exactly match the information on the identification that you will present on test day. Test center supervisors will conduct a four-way match to validate your identity using your appearance, photo ID, Admission or Waitlist Ticket, and roster (which includes photos). You will be denied entry to the test center if the information on your Admission Ticket and your ID does not match.

Making Changes to Your Registration

Making Changes to Photo or Other Personal Information

Any test-taker who is concerned that the photo he or she supplied does not meet the requirements can go online up to five calendar days before the published test date to upload a new photo. Registrants must use or create a College Board online account for this purpose.

Students may make updates to their personal information (name, date of birth, or sex) after registering by contacting Customer Service no later than the Monday five days prior to the published test date, by 8 p.m. ET. No changes may be made after that time.

Updating Your Contact or Score Report Information

You can make changes at no charge to your contact and score report information through your online account or by calling Customer Service. The following changes can be made even after your test date, as long as you make the changes by the date printed on your Admission Ticket under "Score Report Recipients":

- + You can change your mailing address, phone number, or email address.
- + You can change score recipients already selected as part of your registration.
- + Four score reports are free if ordered by the date on your ticket; you may add additional recipients for a fee (listed in the back of this guide and on the form).

Changing Your High School Code

If you need to update your registration to correct your high school code, you can do so at no charge, but you must make the correction by the date listed on your ticket under "Registration Changes and Corrections."

Changing Your Test Date, Test Center, or Test Type (SAT to SAT Subject Tests)

See the next page to learn how to change your Essay option for the redesigned SAT beginning in March 2016. You can make changes to your test date, test center, and/or the type of test you are taking. Test center and test type changes must be made by the date listed on your ticket under "Registration Changes and Corrections" in order to test on the original test day. **Please note that these changes cannot be made on test day.**

You can make any of the following changes using your online account or by calling Customer Service. A form of electronic payment (credit card or PayPal) is required for the change fee, plus possible additional fees for a different test type.

- + Test type (from SAT to SAT Subject Tests, or the reverse)
- + Test center
- + Test date (including transfers due to absence on test day)

Be sure to reprint your ticket if you make any changes to your registration information. Remember, if your Admission Ticket does not exactly match the information on the test center roster, you cannot be admitted to the test center.

If you are going to miss your test day and do not want to test on another date, you can request a partial refund up to five days before your test date. Visit sat.org/fees to learn about our refund policies. If you are absent on the day of the test, no score reports will be sent — it is not necessary to notify us.

Selecting Different SAT Subject Tests

On test day, you may be able to take SAT Subject Tests other than those listed on your Admission Ticket. You can choose to take any SAT Subject Test offered on test day, in any order, except for Language with Listening Tests.*

*Because of the special materials involved for Language with Listening Tests, you cannot change from one listening test to another on test day, and you must always take a listening test in the first hour with other students taking listening tests.

If you take more tests than are listed on your Admission Ticket, you will be billed for the additional fee(s).

- + **If you are a student testing in the U.S.**, you can add or select a different Language with Listening Test by calling Customer Service no later than the date listed on the Admission Ticket under “Registration Changes and Corrections.” You will be charged for any test you add.
- + **If you are a student testing outside the U.S.**, you cannot make changes involving listening test registrations after the regular registration deadline because of shipping schedules. Some students may not be able to change tests on test day if required materials are not available.

Changing from SAT to SAT with Essay or the Reverse

Starting in March 2016, the redesigned SAT will have an optional Essay. You should take care to choose the desired test type at registration. You **might** be able to change from SAT to SAT with Essay (or the reverse) on test day.

Changes to the Essay option on test day:

- + Must be requested at check-in. Students requesting a change will be seated after the other students on a first-come, first-served basis, if materials and space allow.

- + Are not guaranteed and will be made at the discretion of the test center staff at check-in. Changes may be declined by test center staff for various reasons, including lack of sufficient materials, staff, or seats to accommodate the change.
 - + Are not available to Waitlist students.
 - + Are not permitted for test-takers over 21.
 - + May not be permitted in certain test centers — see sat.org/international for details.
 - + Are not available for School Day administrations.
 - + Once assigned a test room on test day, you may not change test type. Students attempting to change rooms after check-in will be dismissed from the center and their scores will be canceled.
 - + If you are seated in an Essay room and decide not to write the Essay, your official score report will include an Essay score of zero. Also if you leave the room before testing ends, your scores will be canceled.
 - + You will be automatically refunded or billed for the difference between your registration choice and the test you take on test day. We will process the refund/charge in the same manner as the payment you made when you registered. Fee waivers cover any changes to the Essay option.

6. Test Day Policies and Requirements

Test Security and Fairness

The College Board's Test Security and Fairness policies are designed to give every student a fair and equitable opportunity to demonstrate college readiness. They are also designed to prevent anyone from gaining an unfair advantage on SAT tests. When you register to take the SAT or SAT Subject Tests, you acknowledge that you have read, understand, and will comply with our Test Security and Fairness policies.

- + You must present acceptable photo identification for admission to the test center. You are responsible for understanding and following the SAT Test-Taker Identification (ID) Requirements and Policies as they appear online and on page 36 of this booklet.
- + Your scores and your registration information, including the photo you provided, will be made available to your high school. In the event of an investigation involving the validity of your test scores, your photo may be made available to institutions to which you have sent your scores; however, any college that is granted access to your photo will first be required to certify that you are an admitted student.

See Section 8, "Important Information for Test-Takers," for more details about grounds for score cancellation and the use of your personal information and photo.

- + Allowing someone to impersonate you to take a College Board test, or engaging in impersonation to take a test for someone else, is strictly prohibited.
- + Sharing of test questions or answers is prohibited at any time. Never give questions or answers to anyone or discuss them by any means (e.g., email, text messages, exchanges via the Internet, or any other form of communication). There is never any point in time at which you are allowed to discuss exam content unless it is released as part of a College Board service (such as the Question-and-Answer Service).
- + The use of phones and certain other electronic devices is prohibited in SAT test centers. You are responsible for understanding and following the Phones and Electronic Devices Policy as it appears online and on page 39 of this booklet.
- + Test materials are secured before, during, and after the test. You are prohibited from accessing secured test materials at any time before or after the test. You are also prohibited from reading test materials without completing an answer sheet. If you leave your answer sheet blank, you are subject to dismissal.
- + If you exit the building before testing ends, your scores will be canceled.
- + While you are taking the test, you should not allow anyone to see the test questions or your answers — your test booklet and answer sheet should remain flat on your desk at all times.
- + The timing of each test section is strictly scheduled. You cannot skip ahead or go back to a previous test or test section in the test book or answer sheet while taking the SAT or SAT Subject Tests.
- + If your Essay does not reflect your original and individual work, your entire test score may be canceled.
- + You may not consult textbooks, other people, electronic devices, or any other resources during the test or during breaks.
- + Calculators may not be shared, and may only be on your desk during applicable math test sections or tests. Unapproved use of a calculator in any section other than Math with Calculator will result in dismissal from the test center and cancellation of scores.
- + If you fail to comply with these Test Security and Fairness policies, you may be dismissed from the test center, and your scores may be withheld or canceled. If you are dismissed from the test center prior to completing the test because of failure to comply with these Test Security and Fairness policies, your test fees will not be refunded.
- + Legal action may be taken against test-takers who violate applicable laws.

For more information about test security and related policies, please also read the more detailed section titled "Grounds for Score Cancellation" on page 50.

On Test Day

Unless otherwise indicated on your Admission Ticket, you should report to the test center by 7:45 a.m. Testing starts between 8:30 and 9 a.m. **Please come prepared — you are responsible for reading, understanding, and complying with all of our policies. Failure to do so may result in the denial of entry to, or dismissal from, the test center.**

Read this guide carefully, and go to sat.org/test-day to make sure you understand all our guidelines, requirements, and security policies.

SAT Test-Taker Identification (ID) Requirements and Policies

You are responsible for understanding and following these Identification Requirements and Policies. You may be denied entrance to the test center, or your scores may be withheld or canceled, if you cannot present acceptable ID, if the validity of the ID is in question, or if you fail to follow these ID Requirements and Policies. The test administration staff has sole discretion on test day for determining the validity and acceptability of any ID presented for admission to the test center, and for any determinations regarding noncompliance with ID policies.

Important: If you have questions about our ID Requirements and Policies, please contact Customer Service (see inside front cover) at least 30 days prior to your intended test date.

Acceptable Identification Documents

You are responsible for bringing an acceptable form of identification each time you report to an SAT test center. ID documents must meet all of the following requirements:

- + Be a valid (unexpired) photo identification that is government issued or issued by the school that you currently attend. School IDs from the prior school year are valid through December of the current academic year. For example, school IDs from 2014-15 can be used through Dec. 31, 2015.
- + Be an original document (not photocopied).
- + Bear your full name exactly as it appears on your Admission Ticket, including the order of the names.
- + Bear a recent recognizable photograph that clearly matches both your appearance on test day and the photo on your Admission Ticket.
- + Be in good condition, with clearly legible English language text and a clearly visible photograph.

Note: Not all of these requirements apply to Talent Search Identification documents used by students who are in the eighth grade or below at the time of testing; however, Talent Search Identification Forms must bear an original student/parent signature.

Examples of Acceptable ID

- + Government-issued driver's license or nondriver ID card
- + Official school-produced student identification card from the school you currently attend
- + Government-issued passport
- + Government-issued military or national identification card
- + Talent Search Identification Form (allowed for students who are in the eighth grade or below at the time of testing)
- + SAT Student ID Form (see below)

Note: If you are in the eighth grade or below and do not have a Talent Search Identification Form, you must present an acceptable photo ID to be admitted to the test center.

Unacceptable ID

The following documents will not be accepted as proper ID under any circumstances:

- + Any document that does not meet the requirements listed above
- + Any document that is worn, torn, scuffed, scarred, or otherwise damaged
- + Any document that appears tampered with or digitally altered

Examples of unacceptable ID:

- + Credit or debit card of any kind, even one with a photograph
- + Birth certificate
- + Social Security card
- + Employee ID card
- + Missing child ("ChildFind") ID card
- + Any temporary ID card

Special Instructions for Using the SAT Student ID Form

If you do not have another form of acceptable ID, you may be able to use the SAT Student ID Form. This form is available online at sat.org/test-day or from your school counselor. This form must be prepared and authenticated by the school you currently attend or by a notary if you are home-schooled.

A current photo must be attached to the form in the area indicated before the form is notarized. This form is only valid as ID if you are testing in the United States and are under 21 years of age.

Additional Identification Requirements That May Apply

When you register for the SAT or SAT Subject Tests under the circumstances specified below, additional identification requirements will dictate what ID you can use on test day.

In all of the cases below, only the listed form of ID will be accepted. There are no exceptions to these policies.

- + If you are in **Waitlist status**, you must present an acceptable school- or government-issued photo ID that has been issued in the country in which you are testing.

- + If you are testing in **Ghana, India, Nepal, Nigeria, or Pakistan**, you must present your passport.
- + If you are testing in **Egypt, Korea, Thailand, or Vietnam**, you must present your passport or a government-issued photo ID from the country in which you are testing. If you travel to another country to test, you must provide a passport as identification.
- + If you are **21 years of age or older**, you must present a government-issued photo ID or your passport. Student ID cards are not valid for test-takers age 21 or older.
- + If you are in the **eighth grade or below at the time of testing** and are testing for Talent Search purposes, a valid Talent Search Identification Form is acceptable. In all other cases, you must present an acceptable photo ID.

Important Notes About Your ID

- + **Matching Names:** You are responsible for ensuring that the name you used to register **exactly** matches the name on the ID document(s) you will present at the test center. If you need to make a change to your name after registering, please contact Customer Service at least 30 days prior to your intended test date. Middle names and initials are optional on your documents; however, if provided, the middle initial must exactly match the first letter of your middle name on your ID.
- + **Matching Appearance:** If test administration staff cannot sufficiently authenticate your identification from the ID you present, you may be denied admission to the test center, or your test score may be withheld or canceled.
- + Test center staff are not required to hold your seat if you leave the center to obtain acceptable identification.
- + Prior admission to a test center based on any particular ID document is no guarantee that the same ID document will be considered acceptable in the future.
- + Admission to the test center is no guarantee that the ID you provided is valid or that your scores will be reported. All reported or suspected cases of questionable ID or test-taker identity are subject to review before, during, or after the test administration.
- + You should keep your ID and Admission Ticket with you at all times while in the test center, including during breaks. You may be required to show your ID and Admission Ticket and/or to sign a test center log multiple times and at various points throughout the test administration.
- + If it is discovered after your test administration that you used a false or invalid identification, your test scores will be canceled, and you will forfeit your registration and test fees. Your parent(s) or legal guardian(s) (if you are under 18), your high school, and the colleges and programs you have designated to receive your score reports will be notified and may be told why your scores were canceled. Law enforcement authorities may also be notified when fraud is suspected, and you may be banned from future tests.

- + If you fail to comply with these Identification Requirements and Policies, you will be dismissed from the test center and your scores will be withheld or canceled. If you are dismissed from the test center prior to completing the test because of invalid or unacceptable ID, or failure to comply with these ID Requirements and Policies, your test fees will not be refunded.

Items to Bring for Testing

The only items allowed during testing are:

- + Printed Admission Ticket, which is required for entry to the test center (see page 31)
- + Acceptable photo identification (see page 36)
- + Two No. 2 pencils with soft erasers; **no pens or mechanical pencils**
- + For Math sections/tests **only**: Acceptable calculator (see page 40)
- + For the Language with Listening Tests **only**: Acceptable battery-operated CD player with earphones; no power cords or boom boxes are permitted (see page 41)
- + A watch that has no audible alarm or communication/recording capabilities
- + A bag or backpack (which must be stored under the desk during testing)
- + Snacks and drinks (which must be packed away during testing)
- + Extra batteries and backup equipment

Prohibited Items

Leave prohibited items at home — they are not allowed in the testing room. Prohibited devices include, but are not limited to:

- + Cell phones or smartphones
- + Smartwatches (watches that send, receive, or record information)
- + Audio players/recorders, tablets, laptops, notebooks, Google Glass, or any other personal computing devices
- + Separate timers of any type
- + Cameras or any other photographic equipment
- + Any devices, including digital watches, that can be used to record, transmit, receive, or play back audio, photographic, text, or video content (with the exception of CD players used for Language with Listening Subject Tests only)

Phones and Electronic Devices Policy

The test administration staff is encouraged to collect and hold phones and other prohibited electronic devices during the test administration, including during break periods. If your device makes noise, or if you are seen using it or you attempt to access it at any time, including during breaks, you will be dismissed immediately, your scores can be canceled, and the device may be confiscated. The College Board is not responsible for loss or damage to personal items, including electronic devices, while you are in the test center.

Acceptable Equipment

You are responsible for bringing the equipment needed for testing; that is, an acceptable calculator for the SAT or SAT Subject Tests in Mathematics, and an acceptable CD player for Language with Listening Tests. If you can, you should bring backup equipment on test day in case your calculator or CD player malfunctions before or during the test.

General Calculator Policy

You are responsible for bringing an acceptable calculator on test day. You will not be allowed to share calculators with other test-takers. Acceptable calculators are allowed for designated math questions only. You will be dismissed and your scores will be canceled if you use your calculator to share information during the test, or to remove test questions or answers from the test room.

Use of Calculators During the SAT

We recommend that you bring and use a calculator on the mathematics section of the current SAT and on the Math with Calculator component of the redesigned SAT. We recommend that you bring a calculator you are comfortable using, preferably a scientific or graphing calculator. You may not use a calculator on any test other than mathematics for the current SAT or the Math with Calculator test on the redesigned SAT (unless approved by the College Board as an accommodation).

Use of Calculators During SAT Subject Tests

Some questions on the Mathematics Level 1 and Level 2 Subject Tests cannot be solved without a scientific or graphing calculator. We recommend the use of a graphing calculator rather than a scientific calculator. Calculators may only be used on the Mathematics Subject Tests. You may not use a calculator for other SAT Subject Tests and must put it away when not taking a mathematics test.

Acceptable Calculators

Only battery-operated, handheld equipment can be used for testing. No power cords are allowed. A list of acceptable graphing calculators is given in the Getting Ready booklets and online at sat.org/test-day. Calculators permitted during testing include:

- + Most graphing calculators
- + All scientific calculators
- + All four-function calculators (not recommended)

Unacceptable Calculators

Do not bring these unacceptable calculators:

- + Laptops or other computers, tablets, cell phones, or smartphones
- + Models that can access the Internet, have wireless, Bluetooth, cellular, audio/video recording and playing, camera, or any other smartphone-type feature
- + Models that have typewriter-like keypad, pen-input, or stylus

- + Models that use electrical outlets, make noise, or have a paper tape (unless approved by the College Board as an accommodation)

In addition, the use of hardware peripherals such as a stylus with an approved calculator is not permitted. Some models with touch-screen capability are not permitted (e.g., Casio ClassPad).

Acceptable CD Players

Portable, battery-operated CD players are required for Language with Listening Subject Tests (November only). Acceptable players should display the industry standard label shown below.

If you need to purchase or borrow an acceptable CD player, please make arrangements in advance, as these items are not always readily available. Note that you will not be able to share equipment with another test-taker.

Unacceptable CD Players

CD players with recording or duplicating capability are not permitted. No power cords are allowed. Boom boxes are not allowed.

7. Taking the Tests

Important Reminders for Taking the Tests

- + To ensure that your answers are recorded properly for accurate scoring, you'll want to follow the guidelines below when marking answers in your test booklet:
 - Use a No. 2 pencil with a soft eraser. Do not use a pen or mechanical pencil. An Essay written in pen will not scan and will receive a score of zero.
 - Make sure you fill in the entire circle darkly and completely.
 - If you change your response, erase as completely as possible.
- + Use a watch to time yourself — no separate timers or alarms are allowed, as they distract other test-takers. Choose a watch that does not have advanced communication or recording features (as these are not allowed in the testing room).
- + Do not be concerned with how quickly your neighbors are moving through the test. Your test book may have a different order of sections than those of the students sitting next to you. For example, your section may have mathematics questions, while your neighbors' books may have writing or reading questions.

- + Do not skip sections, and do not leave your answer sheet blank. Doing so could result in score cancellation and/or delays.
- + If you take the SAT in March or after, you should answer every question by selecting the response you think is best, since no points are subtracted for incorrect answers.
- + Store any snacks you bring out of sight in your backpack or a paper bag. Snacks may be consumed only during breaks.
- + Plan ahead and bring equipment that is in good working order. Test center staff will not have extra batteries, calculators, CD players, or earphones. You will not be able to share equipment with another test-taker. See *Getting Ready for the SAT* or *Getting Ready for the SAT Subject Tests* or go to sat.org/test-day for information about calculators and CD players.
- + Keep your ID and Admission Ticket with you at all times, especially if you leave the testing room. You may be asked to show your ID or Admission Ticket at any time while in the test center.
- + You may be required to complete an additional section of the redesigned SAT. Students must complete all sections of the test. If you leave before dismissal, your scores will be canceled.

What to Do if Your Equipment Fails

If your calculator fails while you are taking the SAT, you can continue to test, or you can cancel your scores. You will have to cancel your entire test score — you cannot cancel just the mathematics section. Please note that, if your calculator or CD player fails while you are taking an SAT Subject Test, you can cancel the score for just that one test as long as you notify the test room supervisor during the test. In all other cases, if you wish to cancel one test, you must cancel all tests you take during a single administration.

What to Do if You Need to Cancel Scores

Cancellations must be received by 11:59 p.m. Eastern Time on the Wednesday following the test. If you are testing on a day other than a published weekend administration date, check with the supervisor for the deadline that applies to you. Once we receive your request, your scores cannot be reinstated. Please note:

- + You cannot cancel individual section scores of the SAT. If you wish to cancel your entire SAT test score, you must contact us by the specified deadline.
- + For SAT Subject Tests, if you try to erase all your answers, or if you request to cancel your scores, all your tests taken that day will be canceled (except in the case of equipment failure). Remember that Score Choice (see page 54) gives you control over what Subject Test scores to send.
- + Your signature is required to cancel scores. You can cancel your scores by mail or fax. Email or phone requests cannot be accepted. You can download a Request to Cancel Test Scores form from sat.collegeboard.org.
- + If you cancel your scores, they will be removed from your record and not sent to any colleges or programs you previously selected as score report recipients on your registration.

- + Unless you cancel your scores, all scores will remain on your record, even if you decide not to send them to any colleges or programs. Canceling requests to have score reports sent is not the same as canceling your scores.

Communicating Problems on Test Day

If you encounter problems on test day, you need to communicate them to the SAT Program as soon as possible, but no later than 11:59 p.m. Eastern Time on the Wednesday after the test to ensure that your concern is reviewed and addressed before your scores are released. If you are testing on a day other than a published weekend administration date, check with the supervisor for the deadline that applies to you.

Canceling Scores

Cancellations must be made in writing and will **include scores on ALL tests you take** on one date unless your equipment malfunctions on an SAT Subject Test.

Receiving and Sending Scores

Your SAT score report contains your six most recent SAT scores and your six most recent SAT Subject Test scores.

For the current SAT and SAT Subject Tests, most, but not all, scores will be reported online several weeks after the test date. Go to sat.org/scores to check out when scores will be released. On or about the score release date, you can log on to your online account to view your scores easily. (You can also call Customer Service for an additional fee, listed in the back of this booklet.)

For the redesigned SAT, please expect to wait an additional three to four weeks before receiving your scores. Additional time is temporarily needed as we conduct statistical analyses, including deriving the concordance between the current and redesigned SAT.

Accessing the Online Score Report

Be sure to set up a free account to access your online score report, which replaces the paper report with a more personalized score report.

Receiving a Mailed Score Report

If you register by paper and do not have a personal online College Board account, your score report will also be mailed to you. You can also request a paper report when you register online.

Sending Additional Score Reports After You Test

You can order score reports at any time after you test (see pages 66–67 for fees). The easiest way to order score reports is through your online account. If you need to order by mail, you or your school counselor can download and print an order form. Go to collegeboard.org/sat-sending-scores for more information. See page 57 for information about sending scores after you have left high school.

Practice and Retesting

Research shows that students who take the SAT a second time usually improve their scores. To put your best foot forward, you should read and write as much as possible, take challenging courses in school, and practice for test day.

Providing Free, Focused Practice

Making Excellence Easier

In partnership with Khan Academy, the College Board is offering personalized, free practice resources for all students. Our collaboration offers you:

- + Personalized online practice that complements instruction you receive in the classroom.
- + An unprecedented view into the design of the SAT.
- + Tutorials for the current SAT (through January 2016).
- + Free access — anytime, anywhere.

Personalized Study Plans

The College Board and Khan Academy provide you with a unique SAT study plan based on your performance on the PSAT/NMSQT or SAT. This adaptive practice experience is tailored to your strengths and weaknesses, using official test materials created by College Board test developers and supported by Khan Academy resources. Available resources include:

- + Khan Academy instructional modules.
- + Thousands of practice problems across the exams, reviewed and approved by the College Board.
- + Four official SAT Practice Tests written by the College Board.
- + Online practice exam scoring.

Tied to Classroom Learning

The best preparation for the SAT and the PSAT/NMSQT is classroom learning. Working hard and engaging in challenging course work help you build the knowledge you need to be successful on the tests and, in turn, ready for college and career training programs. The Khan Academy practice program links to classroom learning and will guide you to:

- + Focus on the knowledge and skills necessary for college and career readiness.
- + Review any knowledge gaps demonstrated in your PSAT/NMSQT or SAT performance.
- + Practice within the most appropriate content areas.
- + Build familiarity with the SAT format, question styles, and testing experience.

Vist khanacademy.org/sat for more information.

Note: Students' use of Khan Academy practice resources will be governed by the Terms and Conditions on the Khan Academy website.

8. Important Information for Test-Takers

- + The testing policies and other information provided in this guide apply to every SAT test administration (including district- or state-sponsored administrations such as SAT School Day) except where, and to the extent that, you are provided with different guidelines and rules issued by the College Board or Educational Testing Service (ETS).
- + By registering for the SAT, you are certifying that you are the person whose personal information is being provided for this registration and that the information you are providing about yourself is accurate. If at the time of registration you provide false or misleading information about yourself, such as name, address, date of birth, current grade level, expected graduation date, attending high school, or photo, such misrepresentation can result in a score validity investigation and cancellation of scores.
- + If your school participates in an SAT School Day administration and/or a bulk registration process for the test, the College Board may receive your personal information, including first name, last name, sex, date of birth, and mailing address, from your school. This information will be kept secure and added to your permanent College Board record to be used for score reporting purposes as well as the other purposes that are outlined in this guide and in registration materials. By taking the SAT exam and signing the SAT answer sheet, you acknowledge that your school has provided this information to the College Board and consent to the College Board retaining this information.
- + In certain rare cases when there is unexpected volume in a particular area, resulting in lack of test center space, the College Board reserves the right to move test-takers to a different location or to a subsequent test administration.
- + Creating multiple College Board student accounts, intentionally or inadvertently, is strictly prohibited and can result in an investigation and/or the merging of relevant records.
- + If you want to cancel your scores, you should do so immediately after the test. Your request must be received by the Wednesday after a test administration. Once you submit your request to cancel scores, your scores cannot be reinstated and are not reported to you or your designated institutions.
- + Only score reports from completed and scored tests are sent to your colleges and scholarship programs. Scores from future tests for which you registered but have not yet completed are not included. You can send all your scores to an institution, or you can choose to select which scores to send an institution by test date for the SAT and by individual test taken for SAT Subject Tests. Score Choice is optional; if you decide not to use it when sending scores, the College Board will send all of your scores to the recipient institutions.

- + Each time you test, you can choose those colleges or scholarship programs to which you want to send your scores. The first four are included with your test registration fee. If you are undecided about where to send your scores, you can add or change your score recipients online. Corrections and additions to your score report recipients can be made online until the second Monday after the national test administration date. The four score-sending requests that are included with registration cannot be applied to past or future score-sending requests or registrations.
- + Most, but not all, scores will be reported online and available by phone several weeks after the test date. Your score report will be delivered to the high school, colleges, universities, and scholarship programs you indicated when you registered, and additional score report requests will be delivered approximately three weeks after the request is received. A paper copy of your score report can be requested at the time of registration.
- + SAT Program policies are subject to change at any time for test security or other reasons. The SAT Program will attempt to provide adequate prior notice, although circumstances may limit our ability to do so.
- + The College Board will not be responsible for personal property brought to the test center on test day that becomes lost, stolen, or damaged.
- + In the event of a test security–related concern, public health threat, natural disaster, or terrorist act, the College Board may cancel testing for all or a particular group of test-takers. When this occurs, the SAT Program will attempt to provide adequate prior notice, although circumstances may limit our ability to do so. Once determined, we will communicate test cancellations and, where feasible, alternative test dates for affected test-takers.
- + In order to ensure the integrity of the SAT Program, the College Board reserves the right to bar any individual or group of individuals from registering for and/or taking the SAT or a Subject Test.
- + If the College Board becomes aware that you may be in imminent danger of harming yourself or others, or being harmed by others, including an assessment based on the content of your SAT Essay, we reserve the right to contact the appropriate individuals or agencies, including your high school. We might also provide the relevant Essay or other content, along with your personal information, to those contacted.
- + Except as otherwise indicated in this guide, the College Board, including its subcontractors, shall not be liable to test-takers, schools, school districts, or anyone claiming by or through them for any damages, including direct, indirect, special, incidental, consequential, exemplary, or punitive damages, which are caused by, arising from, or otherwise related to the failure of test administration personnel, the students or the school, or the test center to comply with the College Board's and its subcontractors' test security and test administration policies and procedures, whether or not the College Board has been advised of the possibility of such damages.

- + The College Board or its designee may make use of video surveillance cameras at any or all test centers for the purpose of test security. These images, which may permit the College Board to identify specific individuals, may be collected, stored, reviewed, and used for the purposes of (1) identifying and/or investigating possible SAT test security incidents; (2) collecting evidence in connection with possible SAT test security incidents; and (3) enhancing SAT test security. These images are maintained following the test administration for so long as is reasonably necessary for the purposes specified. Thereafter the images are securely destroyed. The College Board will not use or disclose video surveillance information except as described above, as requested by law enforcement, and/or as reasonably necessary to protect the rights and property of the College Board or third parties.

Privacy Policy

The College Board recognizes the importance of protecting your privacy rights. You will be required to provide your name, the name or code of the high school you attend, and other personal information during the registration process.

The College Board employs an array of measures, in compliance with applicable laws and the policies and guidelines set forth herein, to manage and safeguard personal information that you provide to the College Board. For personal information you provide online, please also see the College Board's online privacy policy at collegeboard.org/privacy-policy. See the next page for information regarding unsolicited telemarketing calls.

Your scores will be made available to your high school. You will have the option to disclose your information for scholarship purposes, Student Search Service, score reporting to institutions other than your high school, and receiving communications from the College Board.

The College Board may use scores and information you provide for research purposes and may share your scores and information with third parties to enable them to provide services to the College Board, or to conduct research consistent with the College Board's not-for-profit education-related mission. Recipients of your data will be obligated by the College Board to implement controls to protect the confidentiality and security of your data.

Your individual scores and other information you provide during registration and testing may be reported to your district or state and/or their agents and representatives for educational, diagnostic, and/or reporting purposes. For more information about the guidelines on the uses of College Board test scores and related data, ask your school counselor or download *Guidelines on the Uses of College Board Test Scores and Related Data* from research.collegeboard.org/data. **Your name will never be sold to a commercial marketing firm or retailer of merchandise or services (such as test prep).**

The College Board maintains records of the personal information and photo that you provided at the time of registration for each test date, which were used to produce the photo Admission Ticket required for test center entry.

Some of the information, including photos, is available to your high school, the ETS Office of Testing Integrity, and the College Board. In the event of an investigation involving the validity of your test scores, your photo may be made available to institutions to which you have sent your scores. Any college that is granted access to your photo will first be required to certify that you are an admitted student. When legally compelled to do so, for example pursuant to a subpoena, the College Board may provide your personal information and photo to outside parties.

The College Board will disclose scores to a student's parent or guardian if the parent or guardian is able to supply to the College Board the required authentication information, unless the College Board determines in its sole discretion that its records on the student contain a court order, state statute, or legally binding document relating to matters such as divorce, separation, or custody that restricts the parent's or guardian's access to the student's scores. The College Board will not independently investigate whether a court order, state statute, or legally binding document exists other than in its records; rather, relevant documents and information must be submitted to the College Board. The College Board reserves the right to request additional documents and information in connection with determining whether or not to disclose scores to a parent or guardian.

Telemarketing and Internet Scams

From time to time, we receive reports of phone scams in which callers posing as employees of the College Board contact students and families attempting to sell test-preparation products, or otherwise request sensitive, personally identifying information, such as credit card and Social Security numbers. Some of these callers engage in illegal spoofing to make it seem as if the call is coming from the actual company. **These calls do not come from the College Board. The College Board does not make unsolicited phone calls to students or families requesting this type of information.** This type of activity, known as telemarketing fraud, is a crime. Should you receive an unsolicited phone call or text message from someone claiming to work for the College Board, including where your caller ID indicates that the telephone number originates from a College Board location, do not provide the caller with any personal information.

If you provide your phone number on your registration materials, representatives of the College Board will only call or send text messages to you and your family in response to inquiries generated by you, to provide or gather information about a test or program for which you registered, or regarding an invitation to participate in free college planning services. Should you have a question about the origin of a phone call you have received in which the caller claims to be from the College Board, contact Customer Service. To make a complaint, and to obtain more information about protecting yourself from telephone and Internet scams, visit the FTC's Consumer Information site at www.consumer.ftc.gov.

Grounds for Score Cancellation

As the College Board test administrator, ETS ensures that the SAT is fairly administered on test day. The College Board and ETS strive to report scores that accurately reflect the performance of every test-taker. Accordingly, ETS standards and procedures for administering tests have two primary goals: give all test-takers equivalent opportunities to demonstrate their abilities, and prevent any test-taker from gaining an unfair advantage over others.

ETS reserves the right to dismiss test-takers, decline to score any test, and/or cancel any test scores when, in its sole judgment, as applicable, a testing irregularity occurs; there is an apparent discrepancy in the test-taker's identification; a test-taker is improperly admitted to the test center; a test-taker engages in misconduct; based on a test-taker's testing history, the validity of the score is suspect; or the score is deemed invalid for another reason, including, but not limited to, discrepant handwriting or plagiarism. Investigations that are pending are kept confidential, but results of completed investigations may be communicated to intended score recipients, including if investigation indicates attempts to gain an unfair advantage through actions such as impersonation, use of prohibited items, or attempts to send/receive test content.

When, for any of these reasons, ETS cancels a test score that has already been reported, it notifies score recipients that the score was canceled, but it does not disclose the reason for cancellation unless authorized to do so by the test-taker, there is suspected impersonation, in certain cases that affect a group of test-takers, or where required by law.

Testing Irregularities Testing irregularities refer to problems or irregular circumstances or events associated with the administration of a test. When they occur, they may affect an individual or groups of test-takers. Such problems include, without limitation, administrative errors (e.g., improper timing, improper seating, accommodations not approved by the College Board, defective materials, and defective equipment), indication of possible preknowledge of secure test content, and other disruptions of test administrations (e.g., natural disasters and other emergencies).

When testing irregularities occur, ETS may cancel an administration or individual registrations, decline to score the test, or cancel the test score. ETS may do so whether or not the affected students caused the testing irregularities, benefited from them, or engaged in misconduct. ETS is solely responsible for determining whether testing irregularities have occurred, and its decisions are final.

When it is appropriate to do so, ETS gives affected test-takers the opportunity to take the test again as soon as possible, without charge. These remedies are the sole remedies available to test-takers as a result of testing irregularities. See page 53 for more information about makeup testing.

Identification Discrepancies When, in the judgment of ETS or test center staff, there is a discrepancy in a test-taker's identification or photograph on the Admission Ticket, the test-taker may be denied admission to or dismissed from the

test center; in addition, ETS may decline to score the test, or immediately cancel the test score.

Misconduct When ETS or test center personnel find that there is misconduct in connection with a test, the test-taker may be dismissed from the test center, or ETS may decline to score the test or may cancel the test score. Repeated minor infractions during the test may result in dismissal from the test center or score cancellation. Test-takers whose scores are canceled due to misconduct will forfeit test and registration fees. Misconduct includes, but is not limited to:

- + Taking any test questions or Essay topics from the testing room, including through memorization, giving them to anyone else, or discussing them with anyone else through any means, including, but not limited to, email, text messages, or the Internet.
- + Obtaining improper access to the test, a part of the test, or information about the test, or to the test center.
- + Referring to, looking through, or working on any test, or test section in the test book or answer sheet, other than during the testing period for that test or test section.
- + Referring to, or looking through, any test or test section while leaving the answer sheet blank.
- + Using any prohibited aids such as, but not limited to, cell phones, other oral or written communication devices, notes and reference books, etc., in connection with the test, including during breaks.
- + Sharing or other misuse of equipment, including using a calculator on a test or test section for which calculator use is not allowed.
- + Consuming food or drink in unauthorized areas.
- + Leaving the test room without permission.
- + Leaving the building at any time during the test administration, including during breaks.
- + Attempting in any manner to remove from the test room any part of a test book or any notes relating to the test.
- + Attempting to give or receive assistance. Discussion or sharing of test content during the test administration, during breaks or after the test, is prohibited. Communication with other test-takers in any form is prohibited during the test administration.
- + Attempting to take the test for someone else or attempting to have someone else impersonate you to take the test.
- + Using a telephone or cell phone or any other prohibited digital and/or electronic device without permission of the test center staff.
- + Creating a disturbance or failing to follow instructions given by test center staff.
- + Failing to follow any of the test administration regulations contained in this registration guide, in other registration materials, or given by the test supervisor.

Testing History At ETS's sole discretion, the procedures afforded to test-takers whose scores are canceled pursuant to the Invalid Scores section, immediately following, may not be afforded to test-takers whose scores are canceled pursuant to this section.

Invalid Scores ETS may also cancel scores if it judges that there is substantial evidence that they are invalid for any other reason. Evidence of invalid scores may include, without limitation, plagiarism, discrepant handwriting, unusual answer patterns, inconsistent performance on different parts of the test, text that is similar to that in other Essays, paraphrasing of text from published sources, and Essays that do not reflect the independent composition the test is seeking to measure.

Before canceling scores as noted under this “Invalid Scores” section, ETS notifies the test-taker in writing about its concerns, gives the test-taker an opportunity to submit information that addresses the concerns, considers any such information submitted and, if substantial evidence still exists that the scores are not valid, offers the test-taker a choice of options. The options may include voluntary score cancellation, a free retest under closely monitored conditions, or arbitration in accordance with ETS’s standard Arbitration Agreement. In addition, when ETS notifies the test-taker about concerns, the test-taker is sent a copy of the booklet *Why and How Educational Testing Service Questions Test Scores*, which explains this process in greater detail. (Any test-taker may request a copy of this booklet at any time.)

If at any time before, during, or after a review of questionable scores, ETS finds that misconduct has occurred in connection with a test, ETS may treat the matter under its misconduct procedures; in that event, the options available under this “Invalid Scores” section or the “Testing Irregularities” section, as applicable, will not be available, even if those options were previously offered.

Note: The retest option is available only for tests administered in the United States and Canada. The arbitration option is available only for tests administered in the United States.

Suspected Impersonation In cases where the College Board or ETS believes that someone other than the registered test-taker took the test for the registered test-taker, and in other cases where required or permitted by law, the College Board and ETS may refer the matter to law enforcement and inform the registered test-taker’s parent(s), legal guardian(s), high school, and colleges and other institutions to which the registered test-taker requested scores be sent. The registered test-taker specifically acknowledges, and agrees to, such disclosure.

Reporting Misconduct or Suspicious Behavior All SAT exams are administered under strict supervision and security measures. To report any suspected violation of our Test Security and Fairness policies, or any suspicion concerning the security of an SAT test administration, please contact the Office of Testing Integrity by phone at 609-406-5430 between 7:30 a.m. and 5:30 p.m. Eastern Time, by fax at 609-406-9709, or by email at testsecurity@info.collegeboard.org as soon as possible. All information will be held strictly confidential.

Makeup Testing

The following policies apply to makeup testing:

- + The availability of makeup testing and the conditions under which test-takers are entitled to take a makeup test are at the sole discretion of the College Board.
- + Only registered students can take a makeup test. Students who have already tested during the same administration may not use a makeup administration to retest or to take a different SAT Program test.
- + You may test only at the center for which you are registered or authorized.
- + You must present an acceptable ID and an Admission Ticket with photo.
- + You may only take tests that you registered to take on the original date.
- + You must take the entire SAT, SAT with Essay, or SAT Subject Test at a makeup test.
- + Sunday testing is offered for religious reasons only, not for makeup testing.
- + Access to essays from makeup administrations may be subject to several weeks' delay. The Question-and-Answer Service (QAS) is not offered for makeup tests, even if QAS was available for the original test date.

Score Verification

You can request a multiple-choice hand-score verification or Essay score verification or both, up to five months after the test date, by printing and completing a Request for SAT Score Verification form, available online at sat.org/verify-scores. Read the information on the form carefully before deciding to request this service. There is a score verification fee required to cover the costs associated with verifying your scores. If you used a fee waiver to pay SAT registration fees, the score verification fee will be reduced.

Reporting

General Information Each time you take an SAT Program test (SAT, SAT with Essay, or SAT Subject Test), the scores are added to your permanent College Board record. Your six most recent SAT and six most recent SAT Subject Test reportable scores are reported to you and to your high school. Most students' scores are made available to them online several weeks after the test. A paper copy is sent to you by mail if you register by mail and do not have a free College Board online account or if you indicate your preference to continue receiving a paper copy. A copy of your score report is made available to your high school as specified during registration and to the colleges and scholarship programs you chose when you registered. Additional score reports ordered for already scored tests will be sent between one and three weeks after the request is received.

We keep your full score history on file. We only report the scores to colleges that you select through Score Choice, but we cannot delete scores from your record. If you do not want your test scored at all, request a score cancellation form from

the test center supervisor on test day or immediately go online to learn how to cancel test scoring at sat.org/scores.

The report you receive and the reports received by colleges and your high school contain scores that have been converted to the College Board's 200- to 800-point scale for all SAT Program tests. Note that the redesigned SAT includes additional scores that offer insights into your skill levels.

The College Board does not use either your raw score or your reported scaled score by itself or in combination with any other information to predict your individual future academic performance at specific postsecondary institutions. However, the College Board does provide assistance to individual colleges and universities to help them use SAT Program test scores, high school records, and other relevant information in making appropriate admission and placement decisions. Test scores are the property of the College Board.

Delayed Scores Scores can be delayed by various situations; we will notify you if your scores are subject to any unusual delays. If your score report is not available online when expected, you should check back the following week. If you have not received your online report by two weeks after the score release date, or your mailed score report by four weeks after the score release date, contact Customer Service by phone or email. Score release dates can be found at sat.org/scores.

Score Choice™ Score Choice is an option that allows you to choose which scores you send to selected colleges for admission purposes as well as which scores you send to selected scholarship programs. Please note that different colleges and scholarship programs use SAT scores in different ways. We've collected SAT score-use practices from every college or scholarship program that chose to provide the requested information in order to help you make an informed choice about the scores you send. Please note:

- + College and scholarship program-specific SAT score use practices referenced in Score Choice materials are based on information provided to us by each participating college or scholarship program.
- + The description of a particular SAT score-use practice in the Score Choice materials might not include every aspect of how a college or scholarship program uses a student's score for admission decisions; additionally, SAT score-use practices for a particular college or scholarship program may change periodically and may not be automatically updated in Score Choice. Therefore, we recommend that you check with the college or scholarship program to which you are sending SAT scores to confirm its SAT score-use practice.
- + Where you send your scores, and which scores you choose to send, are important decisions that you should research and consider carefully and discuss with your parents and school counselors. While we have made available the information on score-use practices provided to us by participating colleges and scholarship programs to assist you in this process, we are not responsible for the accuracy of the information or the consequences of your decisions. You and your high school will continue to receive reports containing all of your scores.

- + If you opted in to the Student Search Service, colleges can receive your name related to score range information, but your exact score will not be reported. Colleges must certify that they will not use your information to make or influence individual admission decisions.

Sending Scores to College and University Systems For certain college and university systems, once you submit your score to one school, other schools within that system will also have access to your score. Please note, however, that if you are applying to more than one school within a college or university system, it is still important for you to send your SAT scores to each individual school. If you are not sure whether the specific school you are applying to is part of such a system, contact the school's admission office.

Additionally, if you have decided to participate in the Student Search Service, colleges and universities may identify you to provide you with materials about college admission and financial aid. Student Search Service does not report your course grades, test scores, phone numbers, or Social Security number to these organizations, but organizations can request student information based on a variety of criteria, which may include score range or other variables such as geographical location or expressed interests.

Scholarships Most of the scholarships available from the college and scholarship programs listed in *The SAT Code List* booklet are restricted to U.S. residents or children of employees of the scholarship sponsors. For more information, contact the colleges and scholarship programs in which you are interested. The SAT Program automatically reports scores to certain U.S. government and state scholarship programs to be used as one source of information to recognize student achievement. The SAT Program provides the report of your records for this purpose so that you do not have to use one of your free score reports. Your SAT score will be reported automatically for consideration if your mailing address or high school is in one of the following states:

Alaska, Delaware, Georgia, Idaho, Illinois, Kentucky, Maryland, Missouri, North Carolina, New Jersey, Pennsylvania, Rhode Island, Tennessee, Washington, or West Virginia

For students who meet certain specific criteria (last name and score range), North Carolina State University may provide a scholarship regardless of your state of residence.

Note: State scholarship program participants may change at any time, and this guide may not always reflect the most up-to-date information.

If you attend school or live in one of the states listed above, you can stop the automatic reporting of your test scores by writing to **The College Board SAT Program, Attention: Confidentiality, P.O. Box 025505, Miami, FL 33102** by no later than the 15th day after the test date.

The SAT Program automatically reports scores and identifying information for Presidential Scholar consideration for test-takers in all states, the District of Columbia, U.S. territories, and Puerto Rico, and for U.S. citizens abroad.

Releasing Your Scores to the New York State Scholarship Program The New York State Scholarship Program requires that New York State students who wish to be considered for the Robert C. Byrd Honors Scholarships and Regents Scholarships at Cornell University on the basis of their SAT scores take the SAT before Nov. 1, 2015. The latest published SAT administration date that meets this deadline is Oct. 3, 2015.

The New York State Standardized Testing Law requires that you specifically authorize the sending of all reports. Your SAT scores and other information from your record will be sent to the scholarship program if you authorize the release of your scores at the time that you apply for a scholarship. To do that, you must answer “yes” and sign the score release statement in the scholarship application. Scholarship application forms are sent by the State Education Department to principals of all high schools in New York State in December or January. If you follow these procedures, there is no fee for sending reports to the New York State Scholarship Program.

The College Board releases to the New York State Scholarship Program the names, addresses, and other identifying information of seniors who registered to take the SAT prior to Nov. 1, 2015, who are New York State residents and who apply for scholarship(s). This procedure facilitates the matching of student files so that scores for all students who authorized their release are sent to the New York State Scholarship Program. If you do not want your name and address released for this purpose, notify **The College Board SAT Program, NYS Scholarship Program, P.O. Box 025505, Miami, FL 33102.**

Procedures for Keeping Scores on File Your scores are kept indefinitely, unless you tested before entering the ninth grade. If you test in the eighth grade or below, your scores are removed from your file at the end of the year that you tested. If you don't want your scores removed, you must let us know before the end of June of the year you tested. Send a letter that is signed by you and your parents and that provides your identification information, registration number, and test date to: **The College Board SAT Program, Attention: Talent Search Scores, P.O. Box 025505, Miami, FL 33102.**

Your test scores, your responses to the SAT Questionnaire, and related personal information are maintained on active file by the SAT Program until June, one year after your class graduates from high school. (If you tested after high school, this information is kept on active file for a full year beyond the year in which you tested.) After that time, these data are placed in an archival file and can be obtained from the archival file indefinitely, although the College Board cannot guarantee that scores can always be retrieved. Note also that the College Board cannot make updates or changes to archived records.

For requests to have a permanent College Board student record removed, individuals must call College Board Customer Service or write to the College Board, Attention Customer Service. See the front of this booklet for the phone number and address.

Ordering Older Scores Scores can be ordered for test-takers who tested before 2005. Older scores must be ordered using the paper form available at sat.org/scores or by contacting Customer Service. The ordering of such older scores is subject to an additional fee to cover the cost of looking up your scores; this fee will be charged whether or not scores can be located.

Official score reports sent to colleges five or more years after a test date are accompanied by a message explaining that they may be less valid predictors of college academic performance than more recent scores would be. This message also notifies colleges that for SAT Subject Tests, the test-taker's knowledge of the subject may change given additional study in the area, and scores may become less valid predictors within a shorter time period.

Missing Scores If previous scores are missing from your score report, call Customer Service (see inside front cover) or write to: **The College Board SAT Program, Attention: Unreported Scores, P.O. Box 025505, Miami, FL 33102.**

Provide identification information, test dates, and previous score recipients to which you want updated reports sent. Reports will be sent at no charge.

Other Processing Issues The College Board's processes are designed to ensure that registration records are properly handled and processed, and that answer sheets are properly handled and scored. In the unlikely event that an issue arises in connection with shipping or otherwise processing registration materials, answer sheets, or score reports, or with regard to scoring the test, or score reporting, the College Board will correct the error, if possible, schedule a makeup test for impacted test-takers, or provide a refund of the test fee. These are the sole remedies for test-takers in relation to such issues. The College Board has sole discretion in determining whether to score lost answer sheets that are eventually recovered.

Students Testing in California and New York State

The California Education Code requires that you be given certain information concerning the purposes of the tests, property rights of the test subject and test agency to the test scores, procedures for releasing score reports, and score interpretation.

Statistical information related to the use of test scores in predicting future grade point averages must be provided to test-takers prior to the administration of the test or coinciding with the initial reporting of test scores. The New York State Standardized Testing Law requires that certain information concerning the purposes of the test, property rights of the test-taker and test agency to the test scores, test fairness and equity, procedures for releasing score reports and for reviewing challenges about test questions, and score interpretation be provided to test-takers along with the Registration Form or score report.

The information for both California and New York State test-takers is furnished in this *Student Registration Guide for the SAT and SAT Subject Tests* and in the materials included

with score reports. Complete descriptions of the content of the tests, along with information on test preparation and sample questions, are provided in the booklets *Getting Ready for the SAT** and *Getting Ready for the SAT Subject Tests*, which are available free of charge from school offices for students who plan to register for these tests.

** Two versions of the Getting Ready for the SAT booklet have been provided to your school. If you are taking the current SAT, ask for the guide that applies to it, which was sent to your school last year. Students taking the redesigned SAT in or after March 2016 can use the newer edition of the booklet.*

See how to request SAT Answer Verification Services on pages 15 and 53. In addition, students who took the SAT in California in December 2015 can review the test questions under secure conditions at the ETS Western Field Office in Concord, Calif., by calling 925-808-2000.

Predicting College Grades The primary purpose of the SAT is to provide information to college admission staff that will help them to evaluate a student's application. The College Board recommends that score recipients use scores in combination with other information such as grades and courses taken in determining admission. Results of recent research conducted with data from 149 colleges show that test scores on the current SAT, in combination with a student's high school grade point average (GPA), predict college freshman GPA more accurately than either SAT scores or high school GPA alone.

For all college freshmen in the study (N = 206,844), the predictive validity of an optimally weighted combination of SAT scores and high school GPA is 0.62. The correlation between the reading section score and freshman GPA is 0.49, between the math score and freshman GPA is 0.49, and between the writing section score and freshman GPA is 0.53. For all three sections (reading, mathematics, and writing), the correlation with freshman GPA is 0.55, while the correlation between high school GPA and freshman GPA is 0.53. The combination of SAT scores and high school GPA raised the correlation 0.07 over SAT scores alone, and 0.09 over high school GPA alone. For males, the correlation between the combination of scores and high school GPA with freshman GPA is 0.60, an increase of 0.07 over SAT scores alone and 0.08 over high school GPA alone. For females, the correlation between the combination of scores and high school GPA with freshman GPA is 0.65, an increase of 0.06 over SAT scores alone and 0.12 over high school GPA alone. All correlations are adjusted for restriction of range to account for enrolled students' narrower range of scores as compared to the wider range of scores observed in an applicant pool.

The changes to the SAT should provide the higher education community with a more comprehensive and informative understanding of students' readiness for college-level work, more clearly and transparently focus on the knowledge, skills, and understandings that students need to be successful in college and careers, and improve the links and connections between assessment and instruction by better reflecting the meaningful, engaging, and rigorous

work that students must undertake in the best high school courses being taught today (for additional info visit collegereadiness.collegeboard.org). The College Board will maintain and improve the high level of technical quality of the SAT as well as its rigorous validity research agenda. The results of ongoing research into the redesigned SAT will be released as they become available.

Procedures to Ensure Fairness and Equity All SAT Program test questions and editions of the tests are reviewed by external, independent educators from throughout the United States. These reviews help ensure that wording and content are unambiguous and relevant and that the language used is not offensive to or inappropriate for any particular group of students based on race/ethnicity or gender. Assessment staff ensure that the test as a whole includes references to men and women, as well as to individuals from varied racial, ethnic, and cultural backgrounds. Statistical procedures are also used to identify questions that proved to be harder for a particular group of students to answer correctly than would be expected from their performance on other items in the test; these questions are excluded from appearing on tests.

Relationship of SAT Scores to Family Income The correlation of SAT scores and student-reported family income tend to be in the 0.30s, which is consistent with general research findings on the relationship between educational measures and family income level. Although average SAT scores tend to be higher for students from higher-income families, students from every income level, as reported on the SAT Questionnaire, obtain the full range of SAT scores. Furthermore, many students from low-income families do well on the test. For seniors who graduated in 2014, approximately one-third of the students with reported family income of or below \$40,000 obtained scores above the national average.

Restricted Registrations

As a United States–based corporation, the College Board, along with our representatives overseas, is subject to U.S. economic sanctions, laws, and regulations. We are, therefore, prohibited from providing testing services to or accepting registrations from persons in Cuba, Iran, North Korea, and Sudan, or persons designated by the U.S. government as Specially Designated Nationals and Blocked Persons (collectively, “Sanctioned Persons”), unless specifically licensed or otherwise authorized by the U.S. government. Payments submitted by or for such Sanctioned Persons may have to be placed in a blocked, interest-bearing account at a U.S. financial institution. If payment is not blocked under U.S. law, it may be returned to the registrant. If, however, a payment is blocked under U.S. law, the registrant may contact the U.S. Treasury Department’s Office of Foreign Assets Control (OFAC). The list of countries contained in this section is subject to change. Contact SAT Customer Service (see inside front cover) if you would like to obtain the current list of restricted countries. Additional information regarding the U.S. government’s sanctions programs and contact information for OFAC is available at www.treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx.

SAT Representatives

To register through an SAT representative, complete the Registration Form and enclose it with payment in an envelope addressed to the appropriate SAT representative (listed below). See page 61 for the applicable non-U.S. region. Each representative has specific requirements for payment — please contact them directly for instructions. **Submit your paper registration with full payment by the early registration deadline.**

DEADLINES (Expire at 11:59 p.m. Eastern Time, U.S.A.)

- + The late registration deadlines above are for paper registration. Online and phone late deadlines are listed at sat.org/register.
- + Sunday test dates immediately follow the Saturday test dates, except for Oct. 11, 2015, which has been moved one week later to avoid conflict with a religious holiday. Sunday testing is not offered in India or Pakistan.
- + The only tests offered in March are the SAT and SAT with Essay, and they are only administered in U.S. centers. In March, and after, the redesigned SAT with optional Essay will be administered.
- + Domestic mail must be **postmarked** by the deadlines; international mail must be **received** by the deadlines. Students applying through an SAT international representative must submit their registrations by the early deadline. Deadlines expire at 11:59 p.m. Eastern Time, U.S.A.
- + Registered test-takers who miss a test date should reschedule through their online accounts or by calling Customer Service (the change fee applies).
- + Test-takers in Egypt, Hong Kong, Korea, and Saudi Arabia should consult sat.org/international for available test dates.
