

Trousdale County Schools Parental Media Release

Dear Parents,

Our school district annually requests permission to photograph your child at school and/or during school activities. These images will not be released to individuals and will only be used to recognize student accomplishments. Dissemination of such photographs shall only be used by the local newspaper, school yearbook, school message boards, and the school website.

From time to time throughout the school year, your child's teacher may be video recorded; student video images sometimes appear in video recordings. These student images are strictly controlled to assure student safety and confidentiality. Students images displayed on the videos will NOT be identified. The videos are for the sole purpose of enhancing teacher instructional delivery and are not for public view.

Please return the permission form below to your child's school to indicate whether or not you will allow permission for the school district to use student images of your child as described above. Thank you for your assistance.

Respectfully,
Dr. Clint A. Satterfield, Director of Schools
