Traffic Education

Students must be fourteen and one-half (14½) years old or older by the time their Driver Education Session begins in order to be eligible to enroll in a traffic education program. Students are scheduled by age, with the oldest student having first priority.

The purpose of the program is to introduce students to a course of study which leads to the eventual development of skills appropriate for a licensed driver. The traffic education program is designed to meet the criteria established by the Superintendent of Public Instruction. These criteria include requirements for instructional time, for instructor certification, recommendations for course of study and reimbursement procedures.

A student must be enrolled as a full-time student with the Lewistown Public Schools in order to take Driver Education during the academic year. Any student who is not enrolled in the District, but who meets the age-eligibility requirements as stated above, will be assigned to the Summer Driver Education Session.
