

Victory Lakes Intermediate School

2022-2023 School Supply List

Panthers

Each teacher has his/her own unique organizational system and supply needs to support his/her individual classroom instruction and to promote student preparedness for success. This supply list contains the majority of items needed for the school year, which allows parents to purchase items before the back-to-school rush, while supplies are still available in stores. During the first week of school, **students will give their school supplies to each of the subject area (or advisory) teachers as listed below. Teachers will assist students with this distribution. Please note:** There may be additional items requested on the teachers' syllabus, which will be available and communicated once school starts.

6th Grade

Quantity	Items	For subjects
