ACADEMICS

Academic Standards (BP 6011)

The Governing Board of the Tracy Unified School District recognizes that district-wide desired learnings, benchmarks and performance standards are necessary to clarify for students, parents/guardians and staff what students are expected to know and be able to do at each grade level and in each area of study. The Board shall adopt high standards in student achievement that challenge all students to reach their full potential and ensure consistency of expectations among the district's schools and classrooms.

District standards shall be developed through a process that involves staff, students, parents/guardians and community members. Standards shall be based on an assessment of the skills that students will need in order to be successful in higher education and the workplace, including basic skills, problem-solving abilities and conceptual thinking. Special care shall be taken to ensure the proper articulation of standards among district schools.

District standards shall guide Board and staff decisions regarding the curriculum to be adopted, the sequential courses of study to be offered, and the assessments to be given. Staff shall continually assess students' progress toward meeting the standards and shall offer remedial assistance as needed. The standards shall also provide a basis for evaluating the instructional program and as required by law, for evaluating teacher performance.

While desiring district standards to be specific and comprehensive, the Board does not intend that these standards be so extensive as to describe everything that will be taught in the classroom. Staff shall have enough time and flexibility to determine the best instructional methods to use in preparing students to meet the standards. The Superintendent or designee shall ensure that district standards are regularly reviewed and updated as necessary in order to reflect changes in skills that will be needed by students and to ensure continuing support for the standards.

Aeries Parent Portal Information

The Aeries Parent Portal is a system by which parents can keep track of their student's grades and attendance at school. To sign up, parents need the following items: an email account, your student's name, home phone number, and permanent ID number. Follow this link: <https://sisweb.tusd.net/ParentPortal> and sign up for access to the information system.

Academic Honesty

All work submitted by students should be a true reflection of their effort and ability. If it is not, then the student has demonstrated unacceptable behavior. The following instances are considered cheating:

- Claiming credit for work that is not the product of one's own honest effort.
- Providing unwarranted access to materials or information so that others may dishonestly claim credit.
- Submitting work done entirely or in part by another person.
- Giving test answers to another student or getting test answers from another student.
- Representation of another person's words or ideas as your own by not properly citing the source and giving the author credit.
- Copying from the internet.

- Knowledge and tolerating of the foregoing circumstances.

Promotion/Retention

(BP 5123)

The Governing Board desires to see students' progress with their peers through the school system's grade levels. To accomplish this, instruction will accommodate the varying interests and growth patterns of individual children and include strategies for addressing academic deficiencies.

Students will normally progress annually from grade to grade, or level to level. Exceptions may be made when, in the judgment of the certificated staff, such exceptions are in the best interest of the students involved. Exceptions will always be made after prior notification and explanation to each student's parents or guardian, but the final decision shall rest with the school authorities.

Promotion

Students shall progress through the school system's grade levels by demonstrating growth and meeting grade- level standards of expected student achievement.

Sixth and Seventh Grade Earned Promotion

1. Middle school students who have been retained in the 6th or 7th grades may be considered for an earned promotion at the beginning of the third quarter of their retained year if they maintain at least a 3.0 GPA, with no F's each quarter during both the first and second quarters.
2. Those students who can maintain a 3.0 GPA over two quarters will earn a promotion to the next grade for the second semester. This will negate the retention at middle school.
3. Students who have been retained in the 8th grade are not eligible for an earned promotion to high school.
4. Students who accumulate 5 or more Fs in one academic year will be excluded from not only the 8th grade promotion ceremony, but all other promotion activities.

Retention

As early as possible in the school year and in the student's school career, certificated staff shall identify students who should be retained and who are at risk of being retained in accordance with law, board policy, administrative regulation, and established district criteria.

Such students shall be identified between grades 2 and 3, 3 and 4, 4 and 5, between intermediate grades and the beginning of middle school and between the end of middle school and the beginning of high school grades.

The district has established district promotional standards for promotion and retention in grades 8-9. Students may be retained at other grade levels by using the district prescribed processes. A student who accumulates more than four (4) "F" grades in one academic year will be considered for retention in grades 6, 7 and 8.

When a student is recommended for retention or is identified as being at risk for retention, the student will be provided opportunities for remedial instruction and an SST should be held prior to retaining. During the

school year, the student may attend after school remediation classes to meet district promotional standards. Students may also attend summer school to meet district promotional standards. Attendance standards and satisfactory coursework must be maintained to receive credits.

Before promoting a student due to special considerations, students, parents, and staff shall make every effort for the student to have no more than four (4) failing grades in an academic year and meet the district promotional standards.

A student study team will review retentions and promotions from grades 6 to 7 and 7 to 8. The student's parent/guardian shall be invited to participate on the student study team.

When an appealing party has a disagreement on promotion or retention of students in grade 8, after following prescribed procedures, the principal will refer the matter to the District Placement Appeal Team. The District Placement Appeal Team's decision shall be final.

Homework/Make-Up Work (BP 6154)

The Governing Board believes that through homework, students can reinforce academic skills taught in school, learn how to conduct research effectively, develop ideas creatively and become life-long learners.

The Board believes that homework is the responsibility of the student. It is the student's job to develop regular study habits and to do most assignments independently. The Board encourages teachers at all grade levels to use the parent as a contributing resource and to structure homework assignments to involve the parent to help oversee homework without diminishing the student's sense of responsibility. To be effective, homework assignments should not place an undue burden on students and families. Homework should reinforce learning objectives and state standards.

Homework reinforces student learning to meet state and district standards.

- Homework is planned, systematic, selectively checked and graded.
- Homework is clear, specific and relevant.
- Homework is a combination of skill reinforcement and exploration.
- Long-term homework assignments will have checkpoints for completion and while students may work on them over holidays and weekends, ample time will be allowed to complete them during the week and prior to holidays.
- Homework will be reviewed in class and returned in a timely fashion.
- K-5 students will not be required to complete homework on holidays and intercessions. K-5 students will not typically be given homework on weekends. 6-8 students will not be required to complete homework on intercessions. 6-8 students may be given limited homework on holidays and weekends.
- Unfinished classroom work may be sent home to be completed but should not be required in addition to homework. Unfinished classroom work can be worked on outside of classroom time.
- Regular reading at home on a nightly basis is encouraged but not required in addition to the assigned homework.

Homework Tips for Parents

- When there is a specific assignment, the best way for parents to help a child learn is by offering support when it is requested. At the same time, limits need to be set so that children learn to work independently. Even when children do not have specific assignments due, parents can be helpful by listening when children talk about school and by expressing interest in class work and school activities.
- Talk with teachers if assignments seem to be causing students continuing problems.
- Share thoughts and ideas with children on many topics of interest.
- Read to your child.
- In helping students with homework, parents should:
 - Show interest in the student's work.
 - Encourage the child to work independently most of the time.
 - Provide a suitable place for study, free from distraction, and if possible, reserved for that student alone.
 - Check to see the homework assignments are completed, and reasonably neat and correct.
 - Assist in balancing schoolwork with other activities.

If you feel that your student's teacher is not following Board Policy 6154: Homework, please take the following steps: 1) Contact your student's teacher and discuss his/her homework practices, if it is not resolved then; 2) Contact your school principal, if it is not resolved, then 3) Jason Noll, Director of Student Services at 830-3280.

Make-up Work

- Students shall be given the opportunity to make-up work missed because of an excused absence and shall receive full credit if the work is turned in according to a reasonable make-up schedule. Typically, each day of excused absence merits a make-up day.
- No student may have a grade reduced or lose academic credit for any excused absence when missed assignments and tests are satisfactorily completed within a reasonable time.
- Teachers must provide work to any student who has been suspended for two or more school days upon the request from the student, parent, or legal guardian. Work must be returned to the teacher by the student either upon the students return to school or within the time frame originally prescribed by the teacher, whichever is later.
- Students who miss schoolwork because of unexcused absences may or may not be given the opportunity to make-up missed work for full or reduced credit. Teachers may assign such make-up work as necessary to ensure academic progress, not as a punitive measure.
- Teachers need at least twenty-four hours to supply make-up work.
- Teacher's procedures and processes for make-up work should be clearly explained to both students and parents in the individual class syllabus.

Scholastic Eligibility for Extra and Co-Curricular Activities

All incoming 6th graders are academically eligible to participate in extra/co-curricular activities. At the end of the first grading period, 6th graders must have earned a "C" average (2.0 on a 4-point scale) and have no course failures.

Participation in extra-curricular activities is a privilege. It is presumed that students who are representing their school in various activities are maximizing the educational opportunities that are available to them. Students who intend to participate in extra-curricular activities such as, but not limited to, sports teams, student governments, class office and yearbook staff, will be held to the Scholastic Eligibility standards. This includes maintaining a 2.0 GPA and no F's.

Assessments

The Governing Board believes that the primary purpose of assessment is to help students, parents/guardians and teachers identify individual students' academic strengths, weaknesses and progress in order to inform instructional practices to increase learning. Assessment should also be an important component of the district's program evaluation process.

The Governing Board recognizes that a variety of evaluation measures are needed in order to reach the above goals. To have validity, tests must correspond to the material being taught and measure the extent to which students meet clearly specified standards of achievement.

In addition to teacher created assessments, the District administers mandatory student assessments as provided by the State Board of Education.

California students take several mandated statewide tests. These tests provide parents/guardians, teachers, and educators with information about how well students are learning and becoming college and career ready. The test results may be used for local, state, and federal accountability purposes.

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System was established in 2014. The CAASPP System includes the following:

- **Smarter Balanced Assessment Consortium Assessments**

The Smarter Balanced computer adaptive assessments are aligned with the Common Core State Standards (CCSS). English language arts/literacy (ELA) and mathematics tests are administered in grades three through eight and grade eleven to measure whether students are on track to college and career readiness. In grade eleven, results from the ELA and mathematics assessments can be used as an indicator of college readiness.

- **California Science Tests (CAST)**

The computer-based CAST measures students' achievement of the California Next Generation Science Standards (CA NGSS) through the application of their knowledge and skills of the Science and Engineering Practices, Disciplinary Core Ideas, and Crosscutting Concepts. The CAST is administered to all students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve).

- **California Alternate Assessments (CAAs)**

Only eligible students—students whose individualized education program (IEP) identifies the use of alternate assessments—may participate in the administration of the CAAs. Test examiners administer the computer based CAAs for ELA, mathematics, and science one-on-one to students. Students in grades three through eight and grade eleven will take the CAA for ELA and mathematics. Test items developed for ELA

and mathematics are aligned with the CCSS and are based on the Core Content Connectors. Students in grades five and eight and once in high school (i.e., grade ten, eleven, or twelve) will take the CAA for Science. The CAA for Science embedded performance tasks are based on alternate achievement standards derived from the CA NGSS. Students taking the CAA for Science will take three embedded performance tasks in spring 2019.

- **California Spanish Assessment (CSA) for Reading/Language Arts**

The optional CSA for Reading/Language Arts in Spanish is aligned with the California Common Core State Standards en Español. This computer-based test allows students to demonstrate their Spanish skills in listening, reading, and writing mechanics.

Pursuant to California Education Code Section 60615, parents/guardians may annually submit to the school a written request to excuse their child from any or all the CAASPP assessments.

The English Language Proficiency Assessments for California (ELPAC)

California will transition from the California English Language Development Test (CELDT) to the English Language Proficiency Assessments for California (ELPAC) in 2017–18. The ELPAC is aligned with the 2012 California English Language Development Standards. It consists of two separate English Language Proficiency (ELP) assessments: one for the initial identification of students as English learners and the other for the annual summative assessment to identify students' English language proficiency level and to measure their progress in learning English.

Physical Fitness Test (PFT)

The physical fitness test for students in California schools is the FitnessGram®. The main goal of the test is to help students in starting lifelong habits of regular physical activity. Students in grades five, seven, and nine take the fitness test.

ATTENDANCE

Attendance Procedures

Students should not be dropped off any earlier than 5 minutes prior to the opening of the school's breakfast program. Students should be picked up from school no later than 15 minutes after the dismissal bell. Inter/Intra- district transfers may be revoked due to violations of these times. Students who are not participating in approved after-school extra-curricular or athletic programs must leave the campus within 15 minutes of dismissal. Continuous violation of this policy may result in the student being transported to Tracy Police Department for supervision and parent notification.

Absence Procedures

Please call or e-mail the school on the date of the absence. If unable to do so, students should bring a note to school to clear the absence when they first return to school. It is the student and parent/guardian's responsibility to verify an absence, and they must do so within 48 hours upon returning to school. An auto dialer will notify parents/guardian when a student is absent from school for a portion of the day.

1. Parents are responsible for notifying the school whenever their student is absent. Parents may call the attendance office and/or send a note with the student upon his/her return to school. All notes must contain the following information:
 - Name of student
 - Date(s) of absence
 - Specific reason for absence
 - Daytime phone number where a parent may be reached
 - Parent's signature
2. To clear an absence, a student must bring a note from a parent or doctor, or the student's parent may call the attendance office. Students have only 48 hours upon their return to school in order to clear an absence. NOTE: Students are not permitted to use office telephones to clear an absence. If the absence is not cleared within 48 hours, the absence becomes a truant.
3. A student returning to school without a call or a note from a parent or a note from a doctor will be considered truant. If a student does not bring in a note when first returning to school, but does bring in a note within 48 hours, he/she must take the note to the Office.

Excused Absences

(BP/AR 5113)

Examples of excused absences will be granted for the following reasons:

1. Personal illness; a doctor's note is required if over 10 days.
2. Quarantine under the direction of a county or city health officer.
3. Medical, dental, optometrist or chiropractic services. Students are strongly encouraged to schedule appointments during non-school hours.
4. Attending funeral services of an immediate family member. (Grandparents, parents, sibling)
5. Exclusion for not having been properly immunized; these absences will not be excused for more than 5 days.
6. Approved travel study.
7. Religious instruction.
 - Participation in religious exercises or to receive moral and religious instruction in accordance

- with district policy (Education Code 46014)
 - In such instances, the student shall attend at least the minimum school day.
 - The student shall be excused for this purpose on no more than four days per school month.
8. Any pupil who is a dependent of military personnel shall be granted up to 5 days of excused absence or independent study in order to spend time with the parent when the parent is either deployed or returning from a deployment.

Excessive Absences for Illness

When a student has had 10 absences in the school year for illness, any further absences for illness shall be verified by a physician. This requirement will be enforced for up to one calendar year.

Unexcused Absences

Listed below are the most common reasons given for absences that will be considered unexcused:

- a. Family vacations and extended weekend trips.
- b. Oversleeping
- c. Ditching
- d. Car trouble
- e. Any absence considered excused which is not cleared by a parental or doctor's note within 48 hours of returning to school.

This list is not all-inclusive. If you have specific questions regarding unexcused absences, please contact the Attendance Secretary at your child's school.

Travel Study

Travel Study is a program available to students who must leave school for 5 or more days. This program provides students with the opportunity to maintain their grades and credits in their classes. Students who fit the above criteria and who wish to utilize the Travel Study program should contact the Attendance Office more than 5 school days prior to leaving school to obtain and complete the appropriate forms. The program requires a study contract approved by the Principal or his/her designee. The Principal's signature is required PRIOR to beginning Travel Study. Students not completing travel study forms and receiving approval in advance will not receive credit and will be considered unexcused. Upon returning to school, the homework should be attached to the travel study sheets and turned in immediately to the teachers to grade. When the work is graded, a bottom portion of the form is forwarded to Attendance and the absences are excused. **An incomplete (I) is assigned if a student has outstanding work that was due during the grading period while on travel study. All (I) grades must be cleared by the end of the third week of the next grading period or they automatically become an "F." For purposes of eligibility, an "I" counts as an "F."**

Tardy Policy for Unexcused Classroom Tardies

Students are tardy to class if they are not in their seat and quiet when the final bell rings.

Arrival to class more than 30 minutes after the bell will constitute a truant.

The State of California and the Tracy Unified School District expect children to be in school unless they are ill. Tardy students disrupt the learning of an entire classroom. Students, who are excessively absent or tardy, will be referred to the School Attendance Review Board (SARB).

The tardy consequences start at zero at the beginning of each grading period. Aeries keeps record of all tardies and absences for the school year.

Grades 1-3 Tardy Consequences	
Tardies 1-4	Teacher determination which can include; teacher detention, natural consequences/grade impact, conference, and other options as approved by site administration. Parent notification by teacher.
Tardies 5-9	Teacher Referral to Administration. Parent contact from Administration.
Tardy 10+	Teacher Referral to Administration . Parent contact from Administration for Attendance Contract.

Grades 4-8 Tardy Consequences	
Tardies 1-4	Teacher determination which can include; teacher detention, natural consequences/grade impact, conference, and other options as approved by site administration. Parent notification by teacher.
Tardy 5	Parent contact from Administration.
Tardies 6-9	Administrative detention and parent contact from Administration.
Tardy 10	Parent Conference with Administration for Attendance Contract.
Tardies 11+	Administrative discretion and action.

Activity Restriction

When a student reaches 15 cumulative tardies in one (trimester/ quarter) they lose the privilege of participating in extracurricular activities including but not limited to athletics, dances, clubs, extracurricular fieldtrips, etc. This will reset each quarter. For athletes, this restriction includes games.

Parent Access to Attendance Information

Parents who have concerns regarding a student's attendance habits may request an attendance printout from the attendance office, check ABI Parent Portal, and/or request a conference with an assistant principal.

Truancy

A student who is absent from school without a valid excuse three full days in one school year, or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof, is considered a truant and shall be reported to the attendance supervisor or to the Superintendent of the school district. (Education Code 48260)

School Attendance Review Team (SART)

A School Attendance Review Team may be convened after a student has been declared truant. During this meeting a plan may be developed to correct a student's attendance.

A student who has been reported as a truant three or more times within the same school year, provided the district has made a conscientious effort to hold at least one conference with the student and his/her parent/guardian after either of the two previous reports is considered a habitual truant. (Education Code 48262, 48264.5)

A habitual truant will be referred to the School Attendance Review Board (SARB.)

Pre-SARB Process

Number of Unexcused Absences	Consequence
3 days/24 periods of unexcused absences	Initial Truancy Letter sent home
6 days/48 periods of unexcused absences	Second Truancy letter. Parent meets with the site administrator, sign SART contract
9 days/66 periods of unexcused absences	Third Truancy letter. Parents meet with the site administrator and referral to SARB, sign SART contract

School Attendance Review Board (SARB)

School Attendance Review Board (SARB) is a panel comprised of teachers, administrators, counselors, law enforcement officials, and community representatives that utilize school/community services to help students resolve problems dealing with irregular school attendance or habitual truancy. SARB is a strategy that utilizes school and community resources to help students improve their attendance and deal with barriers to school attendance. At the SARB hearing, the panel will decide which interventions they would like to implement in order to help resolve the students' attendance issues. The School Attendance Review Board also has the authority to refer habitually truant students, as well as their parents, to the District Attorney for appropriate legal action.

A student who has been absent from school without a valid excuse for 10 percent or more of the school days in one school year, from the date of enrollment to the current date, provided the district has met the requirements above, is considered a chronic truant. (Education Code 48263.6) A chronic truant may be referred to the jurisdiction of the juvenile court. (Education Code 48264.5; Welfare and Institutions Code 601)

BEHAVIOR EXPECTATIONS

INTERVENTIONS

DISCIPLINE

DISCIPLINE PHILOSOPHY

It is important that everyone develop sound social judgment and be allowed frequent opportunities to exercise this judgment and the self-discipline which must accompany it.

Students and teachers are entitled to an environment in which maximum learning and teaching can take place. In order to guide students to become responsible, self-disciplined individuals who are free to pursue academic studies, an appropriate amount of external discipline might be necessary.

All societies have rules. All students are expected to follow all classroom and school rules. Our aim is to improve the learning environment through positive reinforcement of good behavior and consistently applied consequences for inappropriate behavior. With the cooperation of parents, parent volunteers, students, and school personnel, we can maintain schools where teachers teach, and children learn.

RIGHTS & RESPONSIBILITIES

Student Rights and Responsibilities

- Be taught the required curriculum in a professional manner.
- Have a positive learning environment maintained in the classroom.
- Be treated respectfully.
- Attend school without harassment by other students.
- Discuss grades, assignments, and discipline with the teacher in private, provided such a discussion is conducted with courtesy and consideration.
- Fair treatment and due process.

All students will be informed of their teacher's individual classroom rules and expectations. These will be discussed thoroughly at the beginning of the school year. If students break these classroom rules, each teacher will have the option to handle the situation according to his/her professional judgment, which may include after-school detention. In serious cases and/or repeated offenses, the consequences can include a disciplinary referral to the office.

The Principal/Designee will talk with the pupil about the problem and, if the problem is serious enough, the pupil's parent will be contacted. Occasionally a pupil will be suspended from school if other means of discipline fail to improve conduct. Most of the students at the Middle Schools rarely have any serious problems, but if they feel that they might have trouble, it is much better to see the Principal/Designee BEFORE problems occur, rather than wait until they are in trouble. Additionally:

- Students are responsible to all authorized school employees, and are expected to follow instructions quickly, quietly, and courteously, the first time.
- Students will follow all classroom and school rules.
- Students will treat others with courtesy and respect. This includes keeping hands, feet and objects to oneself. No vulgarity.
- Dishonesty, teasing, or put-downs including but not limited to race, religion, ethnic origin, size, or differently abled are not allowed.
- Students will attend school daily unless ill or legally excused.
- Students will come to class prepared to work and will remain until dismissed by the teacher.
- Each student will have a pencil and/or pen, paper and binder as required by the individual teacher.
- Students will remain seated until the bell rings and the teacher dismisses the class.
- Since tardies affect academic pursuits, a student will be considered tardy if he/she is not in his/her seat and prepared to work when the tardy bell rings.
- Students will complete all assignments and meet deadlines.
- No gum, food, candy, or drinks will be allowed in class without prior permission.

Parent Rights and Responsibilities

- Be treated respectfully.
- Expect his/her child to attend a school which emphasizes learning and growing in an environment free of detrimental influences.
- Be informed of concerns, problems, disciplinary actions.
- Due process for his/her child.

STUDENT CONDUCT

Students are expected to follow all school rules, display excellent citizenship and realize rules are established for everyone's help and protection. This document outlines behavior expectations for students and gives examples of restorative practices or possible consequences should rules be broken. Parents and the school are partners in good discipline. The school will notify parents, whenever possible, if their student is having a behavior problem at school. We enjoy and anticipate parent support for our plan to improve behavior. State law and positive parenting require parents to respond to all school requests for parent conferences. School site personnel can notify parents by telephone, email, or written notification.

This document provides an indication of the types of behavior violations and potential consequences that may apply to students whose behavior is related to school activity or attendance which occur at any time, including but not limited to the following:

- 1) While on school grounds.
- 2) While coming to or going from school.
- 3) During the lunch period, whether on or off the campus.
- 4) During the period that school is in session when the student is truant from school.
- 5) During, or while going to or coming from, a school sponsored activity.

A student transferring from one school to another within the Tracy School District during a school year will be held accountable for his/her behavior record at the original school (i.e., the behavior record transfers to the new school and stays on the student's discipline record).

All behavior violations shall be cumulative, although they may pertain to different offenses. Also, in rare instances, the consequences outlined in this document may be MODIFIED due to unusual circumstances. Serious violations or violations of different sections of the Education Code can lead to maximum consequences on the first offense.

Alcohol and Other Drugs

Students are prohibited from using any drugs or consuming any alcohol or being under the influence of any drugs or alcohol or intoxicant of any kind while on school property, during school-sponsored activities and under school jurisdiction. Possession of drugs and/or alcohol or intoxicant of any kind, either actual or constructive, by students on school property, during school-sponsored activities, or under school jurisdiction is also expressly prohibited. Possession of drugs, alcohol or intoxicant of any kind includes, but is not limited to, actual physical possession or control of such substances, possession of such substances in a student's car, locker, desk, backpack or other container or being in close proximity to such substances with the intent to use or possess such substances.

Tobacco/e-Cigarette Use

(BP/AR 5131.62)

The presence of smoke and/or other intoxicants are not allowed on school grounds. Smoking, e-cigarettes, vaping, or other tobacco products are prohibited in all District buildings, outside on District property, and during activities such as concerts and sporting events on District property. Student possession or use of tobacco, e-cigarettes, vape pens, or tobacco products on school premises or at school-sponsored events is a violation of law and Board Policy and is not permitted. Students violating this policy shall be subject to disciplinary procedures.

Bullying

(BP/AR 5131.2)

All students have a right to a safe and healthy school environment. The Tracy Unified School District recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. Bullying of any student is not tolerated and no student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyber-bully, cause bodily injury to, or commit hate violence against any other student or school personnel.

Complaints of bullying will be investigated and any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations. Bullying which may also constitute sexual and/or gender-based harassment will be investigated and addressed using the complaint procedures set forth in BP/AR 5145.7-Sexual and Gender-Based Harassment.

Cell Phones/Electronic Devices

Students may possess on school campus personal electronic signaling devices as long as they are turned off and in their backpacks which include, but not limited to, cellular/ digital telephones, as well as other mobile communication devices including, but not limited to, digital media players, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, air pods, digital scanners and laptop computers, provided that such devices are not used for illegal or unethical activities such as cheating on assignments or tests. Personal items related to school business (such as lunch (from home) or student work) may be accepted at the main office and students will be notified during passing periods. Students will not be called out of class to receive these items. To ensure the safety of students and staff and minimize interruption of our instructional programs, food deliveries from a delivery service will be denied by the office and security personnel. (i.e., DoorDash, Uber Eats, GrubHub, PostMates, etc.). We understand the importance of recognizing a special day or event for our students but receiving gifts at the school to be sent to students disrupts the academic process. Should flowers, balloons, etc., be received at school for delivery to a student, they will not be accepted for delivery.

Dress Standards Philosophy

Tracy Unified School District's student dress code supports equitable educational access and is written in a manner that does not reinforce stereotypes. To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size.

Our values are:

- All students should be able to dress comfortably for school and engage in the educational environment without fear of or actual unnecessary discipline or body shaming.
- All students and staff should understand that they are responsible for managing their own personal "distractions" without regulating individual students' clothing/self-expression.
- Student dress code enforcement should not result in unnecessary barriers to school attendance.
- School staff should use student/body-positive language to explain the code and to address code violations.
- Teachers should focus on teaching without the additional and often uncomfortable burden of dress code enforcement.
- Reasons for conflict and inconsistent and/or inequitable discipline should be minimized whenever possible. Our student dress code is designed to accomplish several goals:
- Maintain a safe learning environment in classes where protective or supportive clothing is needed, such as chemistry/biology (eye or body protection), dance (bare feet, tights/leotards), or PE (athletic attire/shoes).
- Allow students to wear clothing of their choice that is comfortable.
- Allow students to wear clothing that expresses their self-identified gender.
- Allow students to wear religious attire without fear of discipline or discrimination.
- Prevent students from wearing clothing or accessories with offensive images or language, including profanity, hate speech, and pornography.
- Prevent students from wearing clothing or accessories that denote, suggest, display or reference alcohol, drugs or related paraphernalia or other illegal conduct or activities.
- Prevent students from wearing clothing or accessories that will interfere with the operation of the school, disrupt the educational process, invade the rights of others, or create a reasonably foreseeable risk of such interference or invasion of rights.
- Prevent students from wearing clothing or accessories that reasonably can be construed as being or including content that is racist, lewd, vulgar or obscene, or that reasonably can be construed as containing fighting words, speech that incites others to imminent lawless action, defamatory speech, or threats to others.
- Ensure that all students are treated equitably regardless of race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income or body type/size.

Dress Standards (BP/AR 5132)

Tracy Unified School District expects that all students will dress in a way that is appropriate for the school day or for any school sponsored event. Student dress choices should respect the District's intent to sustain a community that is inclusive of a diverse range of identities. The primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s). The school district is responsible for seeing that student attire does not interfere with the health or safety of any student, that student attire does not contribute to a hostile or intimidating atmosphere for any student, and that dress code enforcement does not reinforce or increase marginalization or oppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, household income, or body type/size. Any restrictions to the way a student dresses must be necessary to support the overall educational goals of the school and must be explained within this dress code.

1. **Basic Principle:** Certain body parts must always be covered for all students.

Clothes must be worn in a way such that genitals, buttocks, chest, and torso are covered with opaque fabric. All items listed in the "must wear" and "may wear" categories below must meet this basic principle.

2. **Students Must Wear***, while following the basic principle of Section 1 above:

- A Shirt (with fabric in the front, back, and on the sides under the arms), AND
- Pants/jeans or the equivalent (for example, a skirt, sweatpants, leggings, a dress or shorts), AND
- Shoes.

*Courses that include attire as part of the curriculum (for example, JROTC or FFA) may include assignment-specific dress but should not focus on covering bodies in a way or promoting culturally specific attire.

Activity- specific shoes requirements are permitted (for example, athletic shoes for PE).

3. **Students May Wear**, if these items do not violate Section 1 above:

- Hats. They must allow the face to be visible to staff, and not interfere with the line of sight of any student or staff (if in the classroom, teacher must give permission to wear hats)
- Religious headwear
- Hoodie sweatshirts (wearing the hood overhead is allowed, but the face and ears must be visible to school staff).
- Fitted pants, including opaque leggings, yoga pants and "skinny jeans"
- Pajamas
- Ripped jeans, if underwear and buttocks are not exposed.
- Tank tops,
- Athletic attire
- Visible waistbands on undergarments or visible straps on undergarments worn under other clothing (if this is done in a way that does not violate Section 1 above).
- Tattoos. However, they must not violate any of the violations outlined in Section 4, otherwise be always covered .

4. **Students Cannot Wear:**

- Violent language or images.
- Crude or vulgar lettering or images of weapons, occult messages, drugs, tobacco, alcoholic beverages, racial/ethnic slurs, unauthorized group affiliation, sexually suggestive graphics, on shirts, sweatshirts and other apparel are not acceptable.
- Bullet proof vest, body armor, tactical gear, or facsimile.
- Hate speech, profanity, pornography.
- Sunglasses and hats are not to be worn in the classroom, unless permitted by the teacher and/or staff member.
- Images or language that creates a hostile or intimidating environment based on any protected class or consistently marginalized groups.
- Any clothing, apparel, or attire that fails to provide adequate coverage of the body.
- Any clothing that reveals visible undergarments (visible waistbands and visible straps are allowed)
- Swimsuits (except as required in class or athletic practice).
- Accessories that could be considered dangerous or could be used as a weapon.
- Any item that obscures the face or ears (except as a religious observance and/or health guideline such as face masks).

Dress Code Enforcement

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently using the requirements below. School administration and staff shall not have discretion to vary the requirements in ways that lead to discriminatory enforcement.

- Students will only be removed from spaces, hallways, or classrooms as a result of a dress code violation as outlined in Sections 1 and 4 above. Students in violation of Section 1 and/or 4 will be provided three (3) options to be dressed more to code during the school day:
 - Students will be asked to put on their own alternative clothing, if already available at school, to be dressed more to code for the remainder of the day.
 - Students will be provided with temporary school clothing to be dressed more to code for the remainder of the day.
 - If necessary, students' parents may be called during the school day to bring alternative clothing for the student to wear for the remainder of the day.
- No student should be affected by dress code enforcement because of racial identity, sex assigned at birth, gender identity or expression, sexual orientation, ethnicity, cultural or religious identity, household income, body size/type, or body maturity.
- School staff shall not enforce the school's dress code more strictly against transgender and gender nonconforming students than other students.
- Students should not be shamed or required to display their body in front of others (students, parents, or staff) in school. "Shaming" includes, but is not limited to:
 - kneeling or bending over to check attire fit;
 - measuring straps or skirt length;
 - asking students to account for their attire in the classroom or in hallways in front of others;

- calling out students in spaces, in hallways, or in classrooms about perceived dress code violations in front of others; in particular, directing students to correct sagged pants that do not expose the entire undergarment, or confronting students about visible bra straps, since visible waistbands and straps on undergarments are permitted; and,
- accusing students of “distracting” other students with their clothing.

These dress code guidelines shall apply to regular school days and summer school days, as well as any school- related events and activities, such as graduation ceremonies, dances and prom.

Eighth Grade Promotion Activities Behavior Standards

Eighth grade students will be denied participation in eighth grade promotion activities as a result of inappropriate behavior in accordance with school standards. Behavior standards are as follows:

1. One (1) suspension during the year will cause a warning letter to be sent home about promotion activities.
2. Two (2) suspensions, or five (5) total days of suspension during the year will exclude a student from the eighth-grade trip.
3. Three (3) suspensions, or seven (7) total days of suspension during the year will exclude a student from the eighth-grade promotion dance.
4. Four (4) suspensions, or eight (8) total days of suspension during the year will exclude a student from not only the eighth-grade promotion ceremony but also all other promotion activities.
5. Administration may exclude a student from 8th grade activities for excessive disciplinary infractions.

Significant improvement in behavior, as determined by the Promotion Review Committee and Principal, may be considered as grounds for the reinstatement of a Promotion privilege. A maximum of one privilege may be reinstated and that privilege will be the last privilege lost. Students who are suspended for serious offenses, which cause a danger to persons or property or threaten to disrupt the operation of the school or a school activity, after the Promotion Review Committee has met, may be excluded from any of the promotion activities.

- Any student excluded from the eighth-grade trip, which is truant from school and goes to eighth grade trip that day, will lose the next activity.
- Expulsion of an eighth-grade student may result in a loss of one or more Promotion activities, including the right to participate in the eighth-grade promotion ceremony.

Eighth Grade Promotion Assembly Dress Policy

The following guidelines shall be observed in determining appropriate school attire for the eighth-grade promotion ceremony:

1. All students participating in the eighth-grade promotion will wear the school adopted attire during the entire assembly. Students must wear the attire in their original condition and without modification. Students not conforming to this requirement will not be allowed to participate in the eighth-grade promotion activities.

2. The regular school dress code will also be in effect throughout the eighth-grade promotion activities.

Hats/Sunglasses/Protective Headwear

Students are welcome to wear hats and sunglasses on campus but must maintain a classroom environment that is free of distractions and reflects an academic atmosphere. Sunglasses, hats and other head coverings are not to be worn inside the classrooms and/or at any indoor function except for religious or medical reasons.

Lost or Damaged School Property and Fines

The district expects that students will keep district property that has been loaned to them such as textbooks, library books, or laptop computers in good condition and to return the property at the end of the school year without damage. Normal wear and tear are expected. Please note that students owing fines may not be allowed to participate in school sponsored after-school activities and extra-curricular events until the matter is resolved.

When a minor student willfully cuts, defaces, or otherwise injures real or personal property of the district or willfully does not return district property that has been loaned to the student, the student's parents/guardians may be required to pay the costs of all damages within the limits established pursuant to Education Code 48904. The Superintendent or designee may withhold the student's grades, diploma, and/or transcripts until the student's parents/guardians have paid for the damages or the student has completed voluntary work or other nonmonetary alternative offered by the district in lieu of monetary damages. (Education Code 48904, 49014)

Before withholding a student's grades, diploma, and/or transcripts, the Superintendent or designee shall inform the student's parents/guardians in writing of the student's alleged misconduct and the student shall be afforded due process consistent with procedures established for the expulsion of students (Education Code 48904; 48900(f)).

When the minor and parent are unable to pay for the damages, or to return the property, the school shall provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the grades, diploma, and transcripts of the pupil shall be released. Please note that students owing fines may not be allowed to participate in school sponsored after-school activities and extra-curricular events until the matter is resolved.

Unless a student is exempt or has completed voluntary work in restitution for lost or damaged property, the student and his/her parents must compensate the district for damaged and/or lost laptops, library books, or textbooks as follows:

<u>Description of Property Damage or Loss</u>	<u>Fee</u>
Any Book Damaged Beyond Use	Replacement cost
District Laptop/Accessories	Replacement cost (refer to specific costs in forms section)
Bar Code Missing or damaged/marked	\$5.00
Missing Pages in books (maximum of five pages)	\$5.00 per page
Missing/Torn page in books	Starts at \$2.00 per page
Missing/Torn Pages in books (more than five pages)	Replacement cost of book
Water Damage to property	Begins at \$10.00
Cover Damage	Begins at \$5.00
Marks/Scribbles to property	\$3.00 per page
Minimal Spine and/or Cover Damage to books	\$5.00
Abandoned During Textbook Check-in	\$10.00
Severe Spine and/or Cover Damage to books	Replacement cost of property
Stolen/Lost property	Replacement cost of property

After receiving a textbook, the student must carefully inspect its condition. The student has five (5) school days after receiving a textbook to report damage to the library. After this grace period, the student and parent/guardian are liable for all damages.

It is required that all library books and/or textbooks be returned either at the end of the school year or at the time a student checks out of school during a school year. If a textbook **is lost or stolen**, the student will be charged the replacement cost of the book. If the book is found within one year from the date the book was marked lost, a student may get a refund if found in good condition minus any late fees. **All books not returned by the last day of school, or at the time a student checks out of school, will have an overdue charge of \$5.00 per book.** Students who change courses are responsible for returning the textbook/novel at the time of transfer. Students enrolled in semester-long courses must return their textbooks at the end of the semester and class novels must be returned on the scheduled return date for that class: failure to do either will result in a \$5.00 late fee. Failure to do so will result in a \$5.00 late fee. Students expelled or suspended from school may return their textbooks or library books to the District Instructional Media Center located at 1975 W. Lowell Ave., Tracy, CA. Failure to do so may result in the book being marked lost or having a late fee assigned.

The district cannot accept textbooks or library books purchased from outside sources, e.g., Amazon, Barnes and Noble.

A student's high school diploma and transcripts will be held from students and parents/guardians until the lost or damaged property is either returned or the fee is paid. Upon return of the property in good condition or payment of the fee, the student's diploma will be released. If property is misplaced and then found later, the student may return it for release of the diploma only within one year's time (June of the following year). After a year, the student may receive his/her diploma only by paying the replacement cost of the property plus all fees. (Education Code 48904(b))

Nondiscrimination/Harassment

(BP 5145.3)

Members of the school community are expected to treat each other with dignity and mutual respect and to accept the rich diversity that makes up the community. Disrespect among members of the school community is unacceptable behavior which is disruptive to the learning environment and potentially damaging to self-esteem.

Discrimination is prohibited at any district school or school activity. Unlawful discrimination, including discriminatory harassment, includes intimidation and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

Complaints of discrimination and/or observed unlawful discrimination, including bullying, will be investigated as described in the Uniform Complaint Procedures (BP/AR 1312.3; Bullying Investigation Procedures AR 5131.2; and/or Sexual and Gender-Based Harassment BP/AR 5145.7)

Students who engage in discrimination, harassment, intimidation, bullying, or retaliation in violation of law, Board policy, or administrative regulation shall be subject to appropriate discipline, up to and including counseling, suspension, and/or expulsion.

Student Property Search and Seizure

(BP 5145.12)

As necessary to protect the health, safety and welfare of students and staff, school officials may search students, their property and/or District property under their control and may seize illegal, unsafe, and prohibited items. School officials may search individual students and their property when there is reasonable suspicion that the search will uncover evidence that the student is violating the law or rules of the district or school. The Governing Board requires that discretion, good judgment, and common sense be exercised in all cases of search and seizure. (Education Code 49050)

To ensure student safety, non-aggressive canines, breathalyzers, vape sensors, and metal detectors may be used. Non-aggressive canines may be used to keep campuses free of dangerous devices (including, but not limited to firearms and explosives) and illegal substances. Non-aggressive canines will not sniff students or staff. Breathalyzers will be used, including but not limited to, on campus and at school sponsored activities. Students will be subject to being searched or asked to use the breathalyzers when reasonable suspicion exists. In the event of school events that call for a higher need to ensure safety, all students participating in the event may be asked to use the breathalyzer or go through a metal detector search. These added safety precautions will heighten student safety and keep schools and school events safer for all students.

Student Technology Guidelines

(BP/AR 6163.4)

The Tracy Unified School District intends that the technological resources it provides be used in a safe, responsible, and proper manner in support of its instructional programs and for the advancement of student learning. Before a student is authorized to use the district's technological resources, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities.

Whenever a student is found to have violated Board policy, regulations, or the Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

Surveillance Cameras on Campus

(BP/AR 3515)

Cameras are installed at the school sites for safety and security, and information will be shared with the Tracy Police Department for any violations of the law. Camera footage where multiple students appear will not be shared with parents or guardians, as it is a violation of confidentiality.

Unauthorized Group-Related Conduct/Activity

(BP/AR 5136)

Unauthorized Group-related Conduct/Activity on all school campuses and/or adjacent to the campus during all school sponsored events is a threat to the safety of others and is STRICTLY PROHIBITED.

Jewelry, accessory, notebook or manner of grooming (including haircuts) which by virtue of its color, arrangement, trademark or any other attribute denotes membership in an unauthorized group or group is prohibited.

- Clothing or articles of clothing (including but not limited to gloves, bandannas, shoestrings, wristbands, belts, jewelry) related to unauthorized groups that may provoke others to acts of violence are prohibited.
- No belt buckles with initials, or red, blue, or brown web belts or belts hanging out of pants.
- No red, blue or other colored shoelaces.
- No bandanas of any type of color, either worn in hair or displayed in clothing.
- No Gloves, towels, suspenders or other items hanging from rear pants pockets or from belt.
- Excessive clothing items (more than 2) of predominately one color are prohibited.
- Old English style writing on clothing or notebooks is prohibited.

Because unauthorized group-related symbols are constantly changing, definitions of unauthorized group-related apparel may be reviewed and updated whenever related information is received by administrators and/or school safety committee. If a student is determined to have violated the dress code by wearing unauthorized group colors, he/she will be banned from wearing specific colors or any unauthorized group related apparel.

INTERVENTIONS TO DISCIPLINE

Restorative Discipline Practice

Tracy Unified School District believes in restorative and alternative discipline practice as a system of formal and informal processes that build and sustain a culture of kindness, respect, and responsibility. This is achieved through emphasizing the importance of trusting relationships as central to building community and repairing relationships. The premise of restorative and alternative practice is that people are happier, more cooperative, more productive in learning, and more likely to make positive changes in life. Restorative or alternative discipline methods cultivate a culture in which everyone feels like they belong. They build a sense of community in which every member of a school (students, teachers, support staff, parent volunteers, etc.), feel respected. Restorative or alternative practices promote inclusiveness, relationship-building and problem-solving, through alternative measures such as: Student Success Teams (SST), one-on-one or group counseling, alternative placement, Discipline and Attendance Review Team (DART), conflict-resolution, campus beautification, detention, in-house intervention, and community service. In all these alternative methods, students are encouraged to reflect on and take responsibility for their actions, coming up with solutions that lead to positive outcomes.

The Student Conduct Code includes but is not limited to:

- Students are to resolve their disputes without resorting to violence.
- Students, especially those trained in conflict resolution and peer mediation, are encouraged to help fellow students resolve problems peacefully.
- Students can rely on staff trained in conflict resolution and peer mediation strategies to intervene in any dispute likely to result in violence
- Students needing help in resolving a disagreement, or students observing conflict may go to the office to contact an adult, or to set up an appointment with peer mediators.
- Students involved in a dispute will be referred to a conflict resolution or peer mediation session with trained adult peer mediators. Staff and mediators will keep the discussions confidential.
- Conflict resolution procedures shall not supplant the authority of staff to act to prevent violence, ensure campus safety, maintain order, and discipline students.

Conflict Resolution

The Tracy Unified School District believes that all students have a right to a safe and healthy school environment. Part of a healthy environment is the freedom to openly disagree. With this freedom comes the responsibility to discuss and resolve disagreements with respect for the rights and opinions of others.

To prevent a conflict, each school within the School District will incorporate conflict resolution education and problem-solving techniques into the curriculum and campus programs. This is an important step in promoting respect and acceptance, developing new ways of communicating, understanding, and accepting differing values and cultures within the school community and helps ensure a safe and healthy learning environment.

The School District will provide training to develop the knowledge, attitudes, and skills that students will

need to choose alternatives to self-destructive, violent behavior and dissolve interpersonal and intergroup conflict. The District has adopted a Student Code of Conduct to be followed by every student while on school grounds, when traveling to and from school or at a school-sponsored activity, and during lunch period, whether on or off the campus.

Alternatives to Discipline

Students and parents can request social-emotional counseling from their school site at any time during the school year. Tracy Unified School District has invested in our youth by providing mental health counseling at all school sites. Social-emotional counseling can help with a broad range of life and social skills to help a student with life, social, or academic struggles.

Alternatives to suspension may include:

- A conference between school personnel, the pupil's parent or guardian, and the pupil.
- Referrals to the school counselor, psychologist, social worker, child welfare attendance personnel, or other school support service personnel for case management and counseling.
- Study teams, guidance teams, resource panel teams, or other intervention-related teams that assess the behavior and develop and implement individualized plans to address the behavior in partnership with the pupil and his or her parents.
- Referral for a comprehensive psychosocial or psychoeducational assessment when appropriate.
- Intervention through the Prevention Services Department.
- Participation in a restorative justice program.
- A positive behavior support approach with tiered interventions that occur during the school day on campus.
- Attending an after-school program that addresses specific behavioral issues or exposes students to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups. (Education Code 48900.5)
- Community service. (Education Code 49800.6)

Community Service

As part of or instead of disciplinary action, the principal or designee of a school may require a pupil to perform community service on school grounds or, with written permission of the parent/guardian of the pupil, off school grounds, during the pupil's non-school hours. "Community service" may include, but is not limited to, work performed in the community or on school grounds in the areas of outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. This section does not apply if a pupil has been suspended, pending expulsion, pursuant to Section 48915. However, this section

applies if the recommended expulsion is not implemented or is, itself, suspended by stipulation or other administrative action. (Education Code 48900.6)

Alternate Placement

The Alternate Placement program provides the staff at the Middle Schools with an alternative to student suspension from school, thus allowing designated students to spend more days at school. Alternate Placement may include detention, Administrative Detention, or assignment to another classroom or office. Students assigned to Alternate Placement must bring an appropriate amount of assigned class work from their regular classes. Violation of Alternate Placement rules and regulations will result in an immediate referral to the office for appropriate disciplinary action.

Student Success Team (SST)

A Student Success Team (SST) meeting may be held in conjunction with other conduct or behavior related meeting to discuss the appropriate alternatives or interventions for a student that are aimed at improving student's academic and behavioral functioning.

Discipline and Attendance Review Team (DART)

At 10 days of suspension, a school site DART is utilized to develop a plan regarding student's discipline and behavior.

Classroom Discipline

If a student is disruptive or violates school rules, the teacher may take the following action:

- Parent phone call or email.
- Warning, detention, or referral (teacher will contact the parents the same day on referrals).
- Automatic referral to the office for severe disruptions.
- Suspension from class for the day of the incident and the day following (Education Code 48910.)

Detention is to be served **within 5 school days**. For extension of time, students must bring a note from a parent. If a student does not serve the detention, the teacher will contact the parent and double the detention time. A student who continues to not serve detention ("no show") will receive a disciplinary referral.

Administrative Detention

Administrative Detention is determined by the Principal or his/her designee. It is defined as, but not limited to:

- Alternate Placement
- Community Service
- Campus Beautification
- Before or After School Detention
- Incident Reflection
- Counselling
- In-House Intervention

SUSPENSION AND EXPULSION

Restorative or Alternative discipline practice does not mean that students will not be held accountable for acts which create unsafe learning environments. The Tracy Unified School District does support school-wide safety and safe school communities. The Tracy Unified School District does not tolerate discrimination, harassment, bullying, physical injury, drugs, or any kind of dangerous objects or weapons in our schools. Therefore, students will be subject to suspension and expulsion if safety of themselves or others is compromised.

Definition and Length of Suspension

Suspension means removal of a student from on-going instruction for purposes of adjustment.

- **At Home Suspension-** One to five days home suspension, not to exceed 5 consecutive days per incident or 20 cumulative days per school year. A student with a disability may not be suspended more than 10 consecutive days. Teachers may allow students to make up schoolwork.
- **Teacher Suspension-** Removal from the suspending teacher's classroom for the day of the suspension and possibly the following day. Students are given work by the teacher and given credit for completed work. Teachers are to contact the parent.

Definition and Length of Expulsion

Expulsion means the removal of a student from the immediate supervision and control, or the general supervision of school personnel for more. The expulsion shall remain in effect until the governing board orders the re-admission of the student. At the time of the expulsion, the governing board shall set a date, not later than the last day of the semester following the semester in which the expulsion occurred unless expulsion is based on the most serious violations, including possessing or selling a firearm, brandishing a knife at another person, selling drugs or committing or attempting to commit a sexual assault or battery. (Education Code 48915c), which may include a full year expulsion, before the student may apply for re-admission to school.

Due Process

Students facing major disciplinary action (such as suspension, expulsion, or transfer to another school) have a right to due process. The process requires that procedures be established to guarantee that penalties which deny access to educational opportunity are administered for a good and just cause.

Due process procedures entitle students to: 1) oral or written notification of the charges; 2) explanation of the evidence; 3) opportunity to present his/her side of the story; and 4) a right to appeal decisions resulting in major disciplinary action to the next higher authority.

Recommendations for expulsion provide further due process including a fair hearing before a Discipline Review Board, the right to be represented and to call witnesses. Students and their parent/guardian will have these rights explained to them at a pre-expulsion meeting.

Except for the more serious violations described below, the District will seek to correct the student's conduct through alternative means prior to recommending suspension or expulsion.

It is hoped that students will never place themselves in a situation requiring the protection of due process. However, if a student does become involved in a situation in which a suspension, expulsion or transfer might result, both the student and his/her parents will be given a more detailed description of the due process procedures.

Suspension

Teacher Suspension of a Student from Class

A teacher may suspend, for any of the reasons contained in Education Code 48900, any student from his/her class for the day of the suspension and the following day.

1. When a teacher suspends a student for any of the reasons above, the teacher shall immediately report the suspension to the Principal/Designee for appropriate action.
2. As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent/teacher conference regarding the suspension. A counselor should attend the conference if it is practicable, and a school administrator may attend if either the parent/guardian or teacher so requests.
3. A suspended student shall not be returned to class during the period of suspension without the approval of the teacher of the class and the Principal/Designee.

Principal/Designee Suspension of a Student

The Principal/Designee may suspend and/or place a student on probation for any of the reasons contained in Education Code Sections 48900 and/or 48915. Except for teacher suspensions from class, students in Kindergarten through grade eight may not be suspended for disruption or defiance under Section 48900(k). A suspension may not exceed five (5) consecutive school days per offense.

1. Suspension shall be preceded by an informal conference between the student, a certificated school employee and whenever practicable, the teacher or supervisor who referred the student to the Principal/Designee. At the conference the student shall be informed of the reason(s) for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her version and evidence in support of his/her defense. The conference may be omitted if the Principal/Designee determines that an emergency exists, in that there is a clear and present danger to the lives, safety or health of students or school personnel. If the pre-suspension conference is not held, then a meeting shall be held as soon as practicable, but not later than two (2) school days from the day the suspension is ordered unless the student is physically unable to attend due to hospitalization, incarceration, etc., in which case the conference will be held as soon as the student is physically able to return to school unless the student waives the right to the conference.
2. At the time of suspension, a school employee shall make a reasonable effort to contact the student's parent/guardian in person or by telephone. A school employee shall also report the suspension of the student to the Director of Student Services.
3. A notice of the suspension shall be mailed by a school employee to the parent/ guardian in the primary language of the parent/guardian; if practicable, containing each of the following:
 - a. A statement of the facts leading to the decision to suspend.
 - b. The day and time the student will be allowed to return to school.
 - c. A statement of the parent's or the student's right to have access to the student's record,
 - d. A request that the parent/guardian attend a conference with school officials regarding the student's behavior, including notice that State law requires parents or guardians to respond to such request without delay.
4. While parents or guardians are required to respond without delay to a request for a conference regarding their child's behavior, no penalties may be imposed on the student for the failure of the parent/ guardian

to attend such conference. In addition, the student's re-admission shall not be contingent on the attendance of the parents or guardian at such conference.

5. The pupil is in the complete custody and jurisdiction of his/her parents or legal guardian during the entire period of suspension.
6. The pupil is not to loiter on or near any school grounds at any time, or attend any school activities, no matter where such activities may be taking place.
7. The teacher of any class from which a student is suspended may require the suspended student to complete any assignments and tests missed during the suspension. In addition, teachers must provide work to any student who has been suspended for two or more school days upon the request from the student, parent, or legal guardian. Work must be returned to the teacher by the student either upon the student's return to school or within the time frame originally prescribed by the teacher, whichever is later. (Education Code 48913.)
8. Completion of Assignments: The teacher of any class from which a pupil is suspended may require the suspended pupil to complete any assignments and tests missed during the suspension (Education Code 48913).

In-House Intervention

A pupil suspended from a school for any of the reasons enumerated in Sections 48900 and 48900.2 may be assigned, by the principal or the principal's designee, to a supervised suspension classroom for the entire period of suspension if the pupil poses no imminent danger or threat to the campus, pupils, or staff, or if an action to expel the pupil has not been initiated. Teachers shall provide all assignments and tests that the pupil will miss while serving in our In-House Intervention (Education Code 48911.1).

Appealing a Suspension and/or Other Disciplinary Action

The student or the student's parent/guardian may appeal the suspension and/or conditions of probation imposed by the Assistant Principal to the Principal of the school. This appeal must occur within ten school days of the incident. If the appeal is not resolved at the school site by the Principal, then the student or the student's parent/guardian may appeal the suspension and/or conditions of probation to the Superintendent or the Superintendent's designee. A meeting, if requested, must be held within three (3) school days of the time that the Superintendent or the Superintendent's designee receives the request for an appeal.

The District has established the following procedures for appealing a suspension taken by the school:

1. The student or student's parent/guardian may appeal a suspension. The appeal shall be filed within ten (10) school days of the time that the suspension and/or other disciplinary action took place. A meeting, if requested, must be held within three (3) school days of the time that the Principal received the request for the appeal. The Principal shall decide regarding the appeal within two (2) school days.
2. If the appeal is not resolved at the school site by the Principal, then the student or the student's parent/guardian may appeal the suspension to the Superintendent or the Superintendent's designee. The appeal shall be filed within ten (10) school days of the time that the Principal renders his/her decision. A

meeting, if requested, must be held within three (3) school days of the receipt of the Superintendent or the Superintendent's designee. The procedure shall be as follows:

- a. The Superintendent or Superintendent's designee shall determine if there was enough evidence to find that the alleged violation occurred, and whether the penalty was appropriate for the violation.
- b. The student may designate a representative to be present with him/her at the meeting, but the representative shall not serve as legal counsel unless the district has a legal counsel present to represent the school district.
- c. At the meeting the Superintendent or Superintendent's designee shall review all written documents in the case; and the student's parents or guardian and/or representative address the Superintendent or Superintendent's designee on the evidence or the appropriateness of the penalty.
- d. The Superintendent or Superintendent's designee shall decide within five (5) school days. If the Superintendent or Superintendent's designee determines that no violation occurred, all record and documentation regarding the disciplinary proceedings and suspension shall be immediately destroyed and no information regarding the meeting shall be placed in the student's permanent record file. If the Superintendent or Superintendent's designee determines that the penalty imposed was inappropriate for the violation, all records and documentation concerning the suspension and/or other disciplinary action shall be revised to indicate only the facts leading to the penalty imposed by the Superintendent or the Superintendent's designee.

Social Probation

A student will be placed on social probation for dances after a one to five-day suspension. The social probation will prohibit the student from attending any dance that falls within three (3) weeks of the suspension. After a student has three suspensions or a total of seven days of suspension, the student will be excluded from all dances, athletic teams, and athletic team events for the remainder of the school year. Students may be excluded from assemblies and field trips if their presence would be disruptive. If social probation occurs during the last weeks of school for an eighth grader, it will include restriction from all activities except those which fall under the Promotion Behavior Standards. Certain severe violations of the school discipline policy will also result in social probation

Expulsion from Tracy Unified School District

The governing board may expel students for any of the reasons contained in Education Code 48900, except for Section 48900(k) and/or Section 48915. Such action, except for single acts of a serious nature, is usually reserved for application where there is a history of misconduct and where other forms of discipline, including suspension, have failed.

The Principal is required to recommend expulsion for more serious acts listed in Education Code 48915 (c) as follows:

The principal or superintendent of schools shall immediately suspend, pursuant to Section 48911, and shall recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds:

- (1) Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a

certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district. The act of possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.

- (2) Brandishing a knife at another person.
- (3) Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.
- (4) Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.
- (5) Possession of an explosive.

The Principal is also required to recommend expulsion for the following serious acts listed in Education Code 48915(a), unless he/she determines that, under the circumstances, the student should not be expelled or that an alternative means of correction would address the conduct:

(a) (1) Except as provided in subdivisions (c) and (e), the principal or the superintendent of schools shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the principal or superintendent determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:

- (A) Causing serious physical injury to another person, except in self-defense.
- (B) Possession of any knife or other dangerous object of no reasonable use to the pupil.
- (C) Unlawful possession of any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, except for either of the following:
- (D) Robbery or extortion.
- (E) Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school employee.

(2) If the principal or the superintendent of schools decides as described in paragraph (1), he or she is encouraged to do so as quickly as possible to ensure that the pupil does not lose instructional time.

The Principal may recommend expulsion for violation of all other acts listed in Education Code Section 48900 and 48900.2, 48900.3, or 48900.4 based on the required additional findings as set forth in Education Code 48915(b) and (e) as follows:

- (b) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or

administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil committed an act listed in paragraph (1) of subdivision (a) or in subdivision (a), (b), (c), (d), or (e) of Section 48900. A decision to expel a pupil for any of those acts shall be based on a finding of one or both of the following:

- (A) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (B) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

(e) Upon recommendation by the principal or the superintendent of schools, or by a hearing officer or administrative panel appointed pursuant to subdivision (d) of Section 48918, the governing board of a school district may order a pupil expelled upon finding that the pupil, at school or at a school activity off of school grounds violated subdivision (f), (g), (h), (i), (j), (k), (l), or (m) of Section 48900, or Section 48900.2, 48900.3, or 48900.4, and either of the following:

- (1) That other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (2) That due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

Section 48900 (k) may not constitute grounds for recommended the expulsion of students in Kindergarten through grade 12.

District Disciplinary Review Board (DRB)

Rather than conducting an expulsion hearing itself, the governing board may appoint an impartial hearing panel composed of three (3) or more certificated personnel of the district, none of whom shall be on the staff of the school in which the student is enrolled. Tracy Unified School District has elected to establish the District Disciplinary Review Board to serve as a hearing panel on expulsion referrals and to serve as a review board on requests for reinstatement.

Procedures for Expulsion

Expulsion Recommendation by Principal/Assistant Principal:

When the principal or the assistant principal determines that a student should be recommended for expulsion, the student will be suspended utilizing the regular suspension procedures. The principal or the assistant principal will then prepare a report of the case to include:

- a. The student's academic/attendance records;
- b. A chronological account of the development of the case and a statement of the conduct which led to the decision to recommend expulsion;
- c. A description of actions taken by the school to correct the student's previous misbehavior when the expulsion recommendation is based on violation of subdivision (f), (g), (h), or (k) of Section 48900;
- d. Any record of contacts with other agencies and the results of such contacts.

Pre-Expulsion Meeting

The student and the student's parent or guardian will be given an opportunity to meet with the superintendent or the superintendent's designee prior to the expulsion hearing to discuss the facts and charges upon which the recommended expulsion is based and review required expulsion procedures and due process regulations.

The superintendent or the superintendent's designee may also extend the suspension until the governing board has made a decision regarding the recommended expulsion if he/she determines that the presence of the student at school would cause a danger to persons or property or a threat of disrupting the instructional process.

Written Notice of Hearing

The student and the student's parent or guardian shall be entitled to a hearing before the District Disciplinary Review Board to determine whether the student should be expelled.

Written notice of the hearing shall be forwarded by certified mail to the student at least ten (10) calendar days prior to the date of the hearing. The notice shall include:

1. The date, time and place of the hearing;
2. A statement of the specific facts and charges upon which the proposed expulsion is based;
3. A copy of the disciplinary rules of the district and Student Conduct Code which relate to the alleged violation;
4. The opportunity of the student or the student's parent or guardian to;
 - a) Appear in person or to employ and be represented by counsel,
 - b) Inspect and obtain copies of all documents to be used at the hearing,
 - c) Confront and question all witnesses who testify at the hearing, and
 - d) Question all evidence presented, and present oral and documentary evidence on the student's behalf, including witnesses.

Decision to Expel

If the District Disciplinary Review Board decides not to recommend expulsion, the expulsion proceedings shall be terminated, and the student shall be immediately permitted to return to school. The decision not to recommend expulsion shall be final.

If the District Disciplinary Review Board recommends expulsion, findings of fact in support of the recommendation shall be prepared and submitted to the governing board. If the governing board accepts the recommendation for expulsion, acceptance shall be based either upon a review of the findings of facts and recommendations, or upon the results of any supplementary hearing that the governing board may order. The decision of the governing board to expel a student shall be based upon substantial evidence relevant to the charges given at the expulsion hearing or hearings. The final action to expel a student shall be taken only by the governing board in a public session.

Appealing an Expulsion Action

If a student is expelled from school, the student or the student's parent or guardian may file an appeal with the County Board of Education within thirty (30) days of the board's decision to expel.

HEALTH AND SAFETY

HEALTH

Health Examinations (BP 5141.3)

To determine the health status of students, facilitate the removal of handicaps to learning, and determine whether special adaptations of the school program may be necessary, the District requires that periodic examinations be conducted which include tests for vision, and hearing. All personnel employed to examine students shall exercise proper care of each student being examined and shall ensure that the examination results are kept confidential.

The principal of each school shall notify parents/guardians of the rights of students and parents/guardians relating to health examination.

A parent/guardian may annually file a statement with the principal withholding consent to any physical examination of his/her child. The child shall be exempt but shall be subject to exclusion due to a suspected contagious or infectious disease.

Vision and Hearing

Students must have their vision and hearing tested by qualified personnel authorized by the district upon first enrollment in elementary school. Further examination will take place every three years until the student has completed 8th grade (screenings will be done in grades K, 2, 5 & 8.)

The results of the vision and hearing exam will be entered into the student's health record. All students shall be tested for visual acuity and hearing. Color vision will be tested once and only in male students. External observations of the student's eyes, visual performance and perception will be done by the school nurse and the classroom teacher.

Visual and hearing defects will be reported to the parent/guardian with a request that remedial action be taken to correct or cure the defect. The written report will not include a referral to any private practitioner. The student may be referred to a public clinic, or diagnostic and treatment center operated by a public hospital or by the state, or county department of public health.

Interscholastic Athletic Competition (BP 6145.2)

All students who participate as cheerleaders, song leaders, or athletes in interscholastic sports are required to file a current medical examination. Compliance with the medical examination requirement is not necessary for participants in a play day or a field day activity occurring occasionally during a school year in which students of one or more grade levels from two or more schools in the district participate in athletic contests.

If a student sustains an injury or serious illness, the student may be required by school personnel to have another examination prior to further interscholastic competition.

A student who has been excused from the physical education program because of a medical reason may not participate in any interscholastic athletic competition.

All students engaging in interscholastic athletic competition are required to meet accident insurance requirements prescribed by law.

Child Health and Disability Prevention Program

When parents/guardians enroll their children in kindergarten, the district shall inform them about their obligation to obtain or waive a health screening for their children before they enter first grade. The district shall also inform them about the availability of free health screening for low-income children, as provided under the Child Health and Disability Prevention Program, and about the evaluation services and other benefits provided under Division 106, Part 2, Chapter 3, Article 6 of the Health and Safety Code. The district encourages parents/guardians to arrange for their children to obtain their health screening prior to or during their kindergarten year.

Oral Health Assessment for Grades K-1

California Law requires students to have had an oral health assessment (dental check-up) in either Kindergarten or first grade, whichever is his/her first year in public school. Assessments within the 12 months before a child enters school will meet this requirement. The assessment must be done by a licensed dentist or other licensed or registered dental health professional. (Education Code 49452.8)

Immunizations

All students registering for Kindergarten must have up to date immunization records. Students enrolling for the first time in a district elementary or secondary school, preschool, or childcare program must present an immunization record from any authorized private or public health care provider certifying that he/she has received all required immunizations in accordance with law. Upon registration, parents/guardians are provided a written notification summarizing the state immunization requirements. Students shall be excluded from school or exempted from immunization requirements only as allowed by law.

Effective July 1, 2019, California state regulations immunization requirements for students entering TK/Kinder, 7th grade advancement and TKJ/Kinder-12th grade new admission or transfers in public and private schools. Starting in the 2019-2020 school year, the regulations require, but are not limited to:

Administration of Medications

(BP/AR 5141.21)

Any student who is required to take medication (prescribed or non-prescribed) during the school day may be assisted by the school nurse or other designated school personnel if the district receives a written statement from the student's doctor detailing the method, amount and time schedules by which such medication is to be taken, and a written statement of your desire that your child be so assisted by school personnel on the approved district form available in doctors' offices and at the school sites. (BP/AR 5141.21)

Epilepsy Medication

A parent or guardian of a pupil with epilepsy who has been prescribed an emergency antiseizure medication by the pupil's health care provider may request the pupil's school to have one or more of its employees receive voluntary training, as specified, in order to administer the antiseizure medication, as defined, in the event that the pupil suffers a seizure when a nurse is not available.

Anaphylaxis Treatment

California Education Code 49414 authorizes school districts to provide epinephrine auto-injectors (epi-pens)

trained personnel to provide emergency medical aid to persons suffering from an anaphylactic reaction. Anaphylaxis is a rapid, severe allergic response triggered by insect stings, foods, medications, latex materials, exercise, or, in rare cases, by unknown causes. This is a life-threatening allergic condition requiring immediate treatment. Administering an epinephrine to students during a medical emergency may help to ensure the student's health and safety at school. Therefore, Tracy Unified School District has adopted AR 5141.21 and BP 5141.21 for standing orders to provide life-saving epinephrine to students who need such treatment effective January 1, 2015.

AR 5141.21 and BP 5141.21 state that a credentialed, licensed school nurse (District Nurse), licensed nurse (LVN), or trained, unlicensed school staff under direct supervision of the credentialed school nurse may administer epinephrine in the form of an epi-pen during a severe, life-threatening allergic reaction. The epi-pen rapidly delivers a pre-measured, sterile, single dose of epinephrine by direct injection through the skin.

Medical Care Consent for Minors

A minor who is 12 years of age or older and who may have come into contact with an infectious, contagious, or communicable disease may consent to medical care related to the diagnosis or treatment, if the disease or condition is one that is required by law or regulation adopted pursuant to law to be reported to the local health officer, or is a related sexually transmitted disease, as may be determined by the State Public Health Officer.

A minor who is 12 years or older may consent to medical care related to the prevention of a sexually transmitted disease. The minor's parents or guardian are not liable for payment for medical care provided pursuant. (Family Code Section 6926)

The District provides the following information for parents/guardians of incoming seventh grade students. (Education Code 49452.7)

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County. Also see available translations of this information.

Type 2 diabetes is the most common form of diabetes in adults.

Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.

According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in their lifetime.

Type 2 diabetes affects the way the body can use sugar (glucose) for energy.

The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells. The pancreas makes insulin, a hormone that moves glucose from the blood to the cells. In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise. Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease,

blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children are overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity. Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.

Puberty. Young people in puberty are more likely to develop Type 2 diabetes than younger children; this is probably because of the normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and development.

Warning Signs and Symptoms

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance of type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or rigid patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fat level

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.

Get more physical activity. Increase physical activity to at least 60 minutes every day.

Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

Head Injury/Concussion/Cardiac Arrest (BP/AR 6145.2)

District middle schools offer athletic programs that are not part of a physical education course and is held beyond the regular school day.

An athlete who is suspected of sustaining a concussion or head injury in an athletic activity shall be immediately removed from the activity for the remainder of the day, and shall not be permitted to return to the activity until he or she is evaluated by a licensed health care provider, trained in the management of concussions, acting within the scope of his or her practice. The athlete shall not be permitted to return to the activity until he or she receives written clearance to return to the activity from that licensed health care provider. (Education Code 49475)

On a yearly basis, a concussion and head injury information sheet shall be signed and returned by the athlete and the athlete's parent or guardian before the athlete's initiating practice or competition.

The district will also distribute the California Interscholastic Federation (CIF) information sheet on sudden cardiac arrest to all student athletes who will be participating in a CIF-governed athletic activity and to their parents/guardians. The student and parent/guardian shall sign and return the information sheet prior to the student's participation in the athletic activity. If an athletic activity is not covered by the CIF, the student and his/her parent/guardian shall, prior to participating in the athletic activity, sign and return an acknowledgement that they have received and reviewed the sudden cardiac arrest information posted on the California Department of Education's web site. (Education Code 33479.2, 33479.3)

California Healthy Kids Survey

The District will administer the California Healthy Kids Survey bi-annually to students in grades 5, 7, 9 and 11. In accordance with California Education Code 51937-51938, students in grade 5 must have an active parental consent in order to participate. For grades 7, 9, 11 and other secondary grade levels, the survey must be administered using a passive consent. The California Healthy Kids Survey is sponsored by the California Department of Education this school year. The anonymous survey will help promote better health and well-being among our youth, improve the school learning environment and combat problems such as drug abuse and violence by gathering information. Your adolescent does not have to take the survey as it is completely voluntary. If you do not want your adolescent to complete the survey, you must notify your adolescent's school in writing excusing them from the survey/evaluation.

Suicide Awareness, Prevention & Intervention

(BP/AR 5141.52)

Pursuant to AB 2246 and Board Policy 5142.52 AR & 5142.52 BP Suicide Prevention, Tracy Unified School District will be providing Suicide Prevention Awareness instruction to students in grades 8 and 10 during the National Suicide Awareness week. This is a voluntary lesson and parents/guardians can opt out their child, by providing a written note to their child's school front office. The instructions to opt out of the suicide prevention training may be found on all school site and District websites.

Sexual Health and HIV Prevention Instruction

(BP/AR 6142.1)

In accordance with AB 329 and the California Healthy Youth Act of 2016, the Tracy Unified School District will be providing Sexual Health and HIV Prevention instruction to students in grades 7 and 9. This is a voluntary curriculum and parents/guardians may opt-out their child, by providing a written note to their child's school front office. The instructions to opt out of the sexual health and HIV curriculum may be found on all school site and District websites.

SAFETY PLAN AND EMERGENCY PROCEDURE

Every precaution is taken to ensure the safety of all TUSD students during normal school hours. Throughout the year, emergency drills take place. In the event of an emergency, students will be released from the school ONLY to an adult whose name is on the emergency contacts. Please refer to your Aeries data confirmation page to update your emergency contacts.

UNIFORM COMPLAINT PROCEDURES - BP 1312.3

The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages the early resolution of complaints whenever possible. To resolve complaints which may require a more formal process, the Board adopts the uniform system of complaint processes specified in 5 CCR 4600-4670 and the accompanying administrative regulation.

Complaints Subject to UCP

The district's uniform complaint procedures (UCP) shall be used to investigate and resolve complaints regarding the following programs and activities:

1. Accommodations for pregnant and parenting students (Education Code 46015)
2. Adult education programs (Education Code 8500-8538, 52334.7, 52500-52617)

10. Discrimination, harassment, intimidation, or bullying in district programs and activities, including in those programs or activities funded directly by or that receive or benefit from any state financial assistance, based on a person's actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, immigration status, ethnic group identification, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on the person's association with a person or group with one or more of these actual or perceived characteristics (5 CCR 4610)

24. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy
25. Any other state or federal educational program the Superintendent of Public Instruction or designee deems appropriate

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process for resolving a complaint in a manner that is acceptable to all parties. An ADR process such as mediation may be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

The district shall protect all complainants from retaliation. In investigating complaints, the confidentiality of the parties involved shall be protected as required by law. For any complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the Superintendent or designee shall keep the identity of the complainant, and/or the subject of the complaint if different from the complainant, confidential when appropriate and as long as the integrity of the complaint process is maintained.

When an allegation that is not subject to UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall investigate and, if appropriate, resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and requirements related to UCP, including the steps and timelines specified in this policy and the accompanying administrative regulation.

The Superintendent or designee shall maintain a record of each complaint and subsequent related actions, including steps taken during the investigation and all information required for compliance with 5 CCR 4631 and 4633.

Non-UCP Complaints

The following complaints shall not be subject to the district's UCP but shall be investigated and resolved by the specified agency or through an alternative process:

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services Protective Services Division or the appropriate law enforcement agency. (5 CCR 4611)
2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services. (5 CCR 4611)
3. Any complaint alleging that a student, while in an education program or activity in which the district exercises substantial control over the context and respondent, was subjected to sexual harassment as defined in 34 CFR 106.30 shall be addressed through the federal Title IX complaint procedures adopted pursuant to 34 CFR 106.44-106.45, as specified in AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. Any complaint alleging employment discrimination or harassment shall be investigated and resolved by the district in accordance with the procedures specified in AR 4030 - Nondiscrimination in Employment, including the right to file the complaint with the California Department of Fair Employment and Housing.
4. The compliance officer who receives a complaint may assign another compliance officer to investigate and resolve the complaint. The compliance officer shall promptly notify the complainant and respondent if another compliance officer is assigned to the complaint, if applicable.

In no instance shall a compliance officer be assigned to a complaint in which the compliance officer has a bias or conflict of interest that would prohibit the fair investigation or resolution of the complaint. Any complaint against a compliance officer or that raises a concern about the compliance officer's ability to investigate the complaint fairly and without bias shall be filed with the Superintendent or designee who shall determine how the complaint will be investigated.

The Superintendent or designee shall ensure that employees assigned to investigate and resolve complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such employees shall cover current state and federal laws and regulations governing the program; applicable processes for investigating and resolving complaints, including those alleging unlawful discrimination, harassment, intimidation, or bullying;

applicable standards for reaching decisions on complaints; and appropriate corrective measures. Assigned employees may have access to legal counsel as determined by the Superintendent or designee.

The compliance officer or, if necessary, an appropriate administrator shall determine whether interim measures are necessary during an investigation and while the result is pending. If interim measures are determined to be necessary, the compliance officer or the administrator shall consult with the Superintendent, the Superintendent's designee, or, if appropriate, the site principal to implement one or more interim measures. The interim measures shall remain in place until the compliance officer determines that they are no longer necessary or until the district issues its final written decision, whichever occurs first.

Notifications

The district's UCP policy and administrative regulation shall be posted in all district schools and offices, including staff lounges and student government meeting rooms. (Education Code 234.1)

In addition, the Superintendent or designee shall annually provide written notification of the district's UCP to students, employees, parents/guardians of district students, district advisory committee members, school advisory committee members, appropriate private school officials or representatives, and other interested parties. (5 CCR 4622)

The notice shall include:

1. A statement that the district is primarily responsible for compliance with federal and state laws and regulations, including those related to prohibition of unlawful discrimination, harassment, intimidation, or bullying against any protected group, and a list of all programs and activities that are subject to UCP as identified in the section "Complaints Subject to UCP" in the accompanying Board policy.
2. The title of the position responsible for processing complaints, the identity of the person(s) currently occupying that position if known, and a statement that such persons will be knowledgeable about the laws and programs that they are assigned to investigate
3. A statement that a UCP complaint, except a complaint alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed no later than one year from the date the alleged violation occurred
4. A statement that a UCP complaint alleging unlawful discrimination, harassment, intimidation, or bullying must be filed no later than six months from the date of the alleged conduct or the date the complainant first obtained knowledge of the facts of the alleged conduct
5. A statement that a student enrolled in a public school shall not be required to pay a fee for participation in an educational activity that constitutes an integral fundamental part of the district's educational program, including curricular and extracurricular activities
6. A statement that a complaint regarding student fees or the local control and accountability plan (LCAP) may be filed anonymously if the complainant provides evidence or information leading to evidence to support the complaint

7. A statement that the district will post a standardized notice of the educational and graduation requirements of foster youth, homeless students, children of military families, and former juvenile court school students now enrolled in the district, as specified in Education Code 48645.7, 48853, 48853.5, 49069.5, 51225.1, and 51225.2, and the complaint process
8. A statement that complaints will be investigated in accordance with the district's UCP and a written decision will be sent to the complainant within 60 days from the receipt of the complaint, unless this time period is extended by written agreement of the complainant
9. A statement that, for programs within the scope of the UCP as specified in the accompanying Board policy, the complainant has a right to appeal the district's investigation report to the California Department of Education (CDE) by filing a written appeal, including a copy of the original complaint and the district's decision, within 30 calendar days of receiving the district's decision
10. A statement advising the complainant of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal laws prohibiting discrimination, harassment, intimidation, or bullying, if applicable
11. A statement that copies of the district's UCP are available free of charge

The annual notification, complete contact information of the compliance officer(s), and information related to Title IX as required pursuant to Education Code 221.6 shall be posted on the district and district school web sites and may be provided through district-supported social media, if available.

The Superintendent or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, have access to the relevant information provided in the district's policy, regulation, forms, and notices concerning the UCP.

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's UCP policy, regulation, forms, and notices shall be translated into that language, in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

Filing of Complaints

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp. If a site administrator not designated as a compliance officer receives a complaint, the site administrator shall notify the compliance officer.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist in the filing of the complaint. (5 CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy may be filed by any individual, public agency, or organization. (5 CCR 4600)
2. Any complaint alleging noncompliance with law regarding the prohibition against student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee.
3. A UCP complaint, except for a UCP complaint alleging unlawful discrimination, harassment, intimidation, or bullying, shall be filed no later than one year from the date the alleged violation occurred. For complaints related to the LCAP, the date of the alleged violation is the date when the County Superintendent of Schools approves the LCAP that was adopted by the Governing Board. (5 CCR 4630)
4. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying may be filed only by a person who alleges having personally suffered unlawful discrimination, a person who believes that any specific class of individuals has been subjected to unlawful discrimination, or a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. (5 CCR 4630)
5. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date that the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
6. When a complaint alleging unlawful discrimination, harassment, intimidation, or bullying is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
7. When a complainant of unlawful discrimination, harassment, intimidation, or bullying or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

Mediation

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation to resolve the complaint. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination,

harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to permit the mediator access to all relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform the parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall interview the alleged victim(s), any alleged offender(s), and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Refusal by the district to provide the investigator with access to records and/or information related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

Timeline for Investigation Report

Unless extended by written agreement with the complainant, the investigation report shall be sent to the

complainant within 60 calendar days of the district's receipt of the complaint.

Within 30 calendar days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report, as described in the section "Investigation Report" below. If the complainant is dissatisfied with the compliance officer's decision, the complainant may, within five business days, file the complaint in writing with the Board.

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. When required by law, the matter shall be considered in closed session. The Board may decide not to hear the complaint, in which case the compliance officer's decision shall be final.

If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the district's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. (5 CCR 4631)

For any complaint alleging unlawful discrimination, harassment, intimidation, and bullying, the respondent shall be informed of any extension of the timeline agreed to by the complainant, and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

Investigation Report

For all complaints, the district's investigation report shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered
2. A conclusion providing a clear determination for each allegation as to whether the district is in compliance with the relevant law
3. Corrective action(s) whenever the district finds merit in the complaint, including, when required by law, a remedy to all affected students and parents/guardians and, for a student fees complaint, a remedy that complies with Education Code 49013 and 5 CCR 4600
4. Notice of the complainant's right to appeal the district's investigation report to CDE, except when the district has used the UCP to address a complaint not specified in 5 CCR 4610
5. Procedures to be followed for initiating an appeal to CDE

The investigation report may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

In consultation with district legal counsel, information about the relevant part of an investigation report may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the investigation report or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination, harassment, intimidation, and bullying, notice of the investigation report to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient (LEP) student or parent/guardian, then the district's

response, if requested by the complainant, and the investigation report shall be written in English and the primary language in which the complaint was filed.

For complaints alleging unlawful discrimination, harassment, intimidation, and bullying based on state law, the investigation report shall also include a notice to the complainant that:

1. The complainant may pursue available civil law remedies outside of the district's complaint procedures, including, but not limited to, injunctions, restraining orders or other remedies or orders, 60 calendar days after the filing of an appeal with CDE. (Education Code 262.3)
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination, harassment, intimidation, or bullying, appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation

For complaints of retaliation or unlawful discrimination, harassment, intimidation, or bullying involving a student as the respondent, appropriate corrective actions that may be provided to the student include,

but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or cocurricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination, harassment, intimidation, or bullying, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination, harassment, intimidation, or bullying, that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the law regarding student fees, deposits, and other charges, physical education instructional minutes, courses without educational content, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51222, 51223, 51228.3, 52075)

For complaints alleging noncompliance with the law regarding student fees, the district, by engaging in reasonable efforts, shall attempt in good faith to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. (Education Code 49013; 5 CCR 4600)

Appeals to the California Department of Education

Any complainant who is dissatisfied with the district's investigation report on a complaint regarding any specified federal or state educational program subject to UCP may file an appeal in writing with CDE within 30 calendar days of receiving the district's investigation report. (5 CCR 4632)

The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the district's investigation report for that complaint. The complainant shall specify and explain the basis for the appeal, including at least one of the following: (5 CCR 4632)

1. The district failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, the district's investigation report lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in the district's investigation report are not supported by substantial evidence.
4. The legal conclusion in the district's investigation report is inconsistent with the law.
5. In a case in which the district found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by CDE that the district's investigation report has been appealed, the Superintendent or designee shall forward the following documents to CDE within 10 days of the date of notification: (5 CCR 4633)

1. A copy of the original complaint
2. A copy of the district's investigation report
3. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the investigator
4. A report of any action taken to resolve the complaint
5. A copy of the district's UCP
6. Other relevant information requested by CDE If notified by CDE that the district's investigation report failed to address allegation(s) raised by the complaint, the district shall, within 20 days of the notification, provide CDE and the appellant with an amended investigation report that addresses the allegation(s) that were not addressed in the original investigation report. The amended report shall also inform the appellant of the right to separately appeal the amended report with respect to the allegation(s) that were not addressed in the original report. (5 CCR 4632)

Health and Safety Complaints in License-Exempt Preschool Programs

Any complaint regarding health or safety issues in a license-exempt California State Preschool Program (CSPP) shall be addressed through the procedures described in 5 CCR 4690-4694.

In order to identify appropriate subjects of CSPP health and safety issues pursuant to Health and Safety Code 1596.7925, a notice shall be posted in each license-exempt CSPP classroom in the district notifying parents/guardians, students, and teachers of the health and safety requirements of Title 5 regulations that apply to CSPP programs pursuant to Health and Safety Code 1596.7925 and the location at which to obtain a form to file any complaint alleging noncompliance with those requirements. For this purpose, the Superintendent or designee may download and post a notice available from the CDE web

site. (Education Code 8212; 5 CCR 4691)

The district's annual UCP notification distributed pursuant to 5 CCR 4622 shall clearly indicate which of its CSPP programs are operating as exempt from licensing and which CSPP programs are operating pursuant to requirements under Title 22 of the Code of Regulations. (5 CCR 4691)

Any complaint regarding specified health or safety issues in a license exempt CSPP program shall be filed with the preschool program administrator or designee, and may be filed anonymously. The complaint form shall specify the location for filing the complaint, contain a space to indicate whether the complainant desires a response to the complaint, and allow a complainant to add as much text as desired to explain the complaint. (Education Code 8212; 5 CCR 4690)

If it is determined that the complaint is beyond the authority of the preschool program administrator, the matter shall be forwarded to the Superintendent or designee in a timely manner, not to exceed 10 working days, for resolution. The preschool administrator or the Superintendent or designee shall make all reasonable efforts to investigate any complaint within their authority. (Education Code 8212; 5 CCR 4692)

Investigation of a complaint regarding health or safety issues in a license-exempt CSPP program shall begin within 10 days of receipt of the complaint. (Education Code 8212; 5 CCR 4692)

The preschool administrator or designee shall remedy a valid complaint within a reasonable time period not to exceed 30 working days from the date the complaint was received. If the complainant has indicated on the complaint form a desire to receive a response to the complaint, the preschool administrator or Superintendent's designee shall, within 45 working days of the initial filing of the complaint, report the resolution of the complaint to the complainant and CDE's assigned field consultant. If the preschool administrator makes this report, the information shall be reported at the same time to the Superintendent or designee. (Education Code 8212; 5 CCR 4692)

If a complaint regarding health or safety issues in a license-exempt CSPP program involves an LEP student or parent/guardian, then the district's response, if requested by the complainant, and the investigation report shall be written in English and the primary language in which the complaint was filed.

BULLYING PREVENTION POLICY - BP 5131.2

The Governing Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No individual or group shall, through physical, written, verbal, or other means, harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images as defined in Education Code 48900. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Strategies for addressing bullying in district schools shall be developed with involvement of key stakeholders, including students, parents/guardians, and staff, and may be incorporated into the local control and accountability plan, and other applicable district and school plans.

As appropriate, the Superintendent or designee may collaborate with law enforcement, courts, social services, mental health services, other agencies, and community organizations in the development and implementation of joint strategies to promote safety in schools and the community and to provide services for alleged victims and perpetrators of bullying.

Bullying Prevention

To the extent possible, district schools shall focus on the prevention of bullying by establishing clear rules for student conduct and implementing strategies to promote a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

Such instruction shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences
2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims
3. Identify the signs of bullying or harassing behavior
4. Take immediate corrective action when bullying is observed
5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness an act of bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9)

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee. Within one business day of receiving such a report, a staff

member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report his/her observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3 - Uniform Complaint Procedures.

When the circumstances involve cyber-bullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Investigation and Resolution of Complaints

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3.

If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

SEXUAL HARASSMENT - BP 5145.7

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the site principal and/or Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 - Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 - Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved

5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

In accordance with law and district policies and regulations, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a student, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

A district employee conditioning the provision of a district aid, benefit, or service on the student's participation in unwelcome sexual conduct

Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the district's education program or activity

Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291

All other sexual harassment complaints or allegations brought by or on behalf of students shall be investigated and resolved in accordance with BP/AR 1312.3 - Uniform Complaint Procedures. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

Because the complainant has a right to pursue a complaint under BP/AR 1312.3 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for BP/AR 1312.3 are concurrently met while implementing the Title IX procedure.

Reporting Allegations/Filing a Formal Complaint

A student who is the alleged victim of sexual harassment or the student's parent/guardian may submit a report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 5145.7 - Sexual Harassment or to any other available school employee, who shall forward the report to the Title IX Coordinator within one day of receiving the report.

Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint. (34 CFR 106.44)

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX

regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be non-disciplinary, nonpunitive, and designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, course-related adjustments, modifications of class schedules, mutual restrictions on contact, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

Emergency Removal from School

A student shall not be disciplined for alleged sexual harassment under Title IX until the investigation has been completed. However, on an emergency basis, the district may remove a student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in 34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer enrolled or employed by the

district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties, and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to BP/AR 1312.3 - Uniform Complaint Procedures as applicable.

Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process
3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student

Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process
2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview.

If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.

3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice may also include the name of the investigator, facilitator of an informal process, and decision-maker and may inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence
2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report
7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness

8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. The same standard of evidence shall be used for formal complaints against students as for complaints against employees. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30
2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the

grievance process

3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district's code of conduct or policies to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant
6. The district's procedures and permissible bases for the complainant and respondent to appeal

Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal.

Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

The district's decision may be appealed to the California Department of Education within 30 days of the written decision in accordance with BP/AR 1312.3.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal

antidiscrimination laws, if applicable.

Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

Corrective/Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

For students in grades 4-12, discipline for sexual harassment may include suspension and/or expulsion. After the completion of the complaint procedure, if it is determined that a student at any grade level has committed sexual assault or sexual battery at school or at a school activity off school grounds, the principal or Superintendent shall immediately suspend the student and shall recommend expulsion. (Education Code 48900.2, 48915)

Other actions that may be taken with a student who is determined to be responsible for sexual harassment include, but are not limited to:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education of the student regarding the impact of the conduct on others
4. Positive behavior support
5. Referral of the student to a student success team
6. Denial of participation in extracurricular or cocurricular activities or other privileges as permitted by law

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

Record-Keeping

The Superintendent or designee shall maintain, for a period of seven years: (34 CFR 106.45)

1. A record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions

imposed, any remedies provided to the complainant, and any appeal or informal resolution and the results therefrom

2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances
3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

NONDISCRIMINATION/ HARASSMENT - BP 5145.3

The Governing Board desires to provide a safe school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities. Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's web site in a manner that is easily accessible to parents/guardians and students, in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review. Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination,

including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students. Complaints of sexual harassment that meet the federal Title IX definition shall be investigated and resolved in accordance with AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

Measures to Prevent Discrimination

To prevent unlawful discrimination, including discriminatory harassment, intimidation, retaliation, and bullying, of students at district schools or in school activities and to ensure equal access of all students to the educational program, the Superintendent or designee shall implement the following measures:

1. Publicize the district's nondiscrimination policy and related complaint procedures, including the coordinator/compliance officer's contact information, to students, parents/guardians, employees, volunteers, and the general public by posting them in prominent locations and providing easy access to them through district-supported communications
2. Post the district's policies and procedures prohibiting discrimination, harassment, student sexual harassment, intimidation, bullying, and cyberbullying, including a section on social media bullying that includes all of the references described in Education Code 234.6 as possible forums for social media, in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students (Education Code 234.6)
3. Post the definition of sex discrimination and harassment as described in Education Code 230, including the rights set forth in Education Code 221.8, in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students (Education Code 234.6)

4. Post in a prominent location on the district web site in a manner that is easily accessible to parents/guardians and students information regarding Title IX prohibitions against discrimination based on a student's sex, gender, gender identity, pregnancy, and parental status, including the following: (Education Code 221.6, 221.61, 234.6)
 - a. The name and contact information of the district's Title IX Coordinator, including the phone number and email address
 - b. The rights of students and the public and the responsibilities of the district under Title IX, including a list of rights as specified in Education Code 221.8 and web links to information about those rights and responsibilities located on the web sites of the Office for Equal Opportunity and the U.S. Department of Education's Office for Civil Rights (OCR)
 - c. A description of how to file a complaint of noncompliance under Title IX, which shall include:
 - i. An explanation of the statute of limitations within which a complaint must be filed after an alleged incident of discrimination has occurred and how a complaint may be filed beyond the statute of limitations
 - ii. An explanation of how the complaint will be investigated and how the complainant may further pursue the complaint, including web links to this information on the OCR's web site
 - iii. A web link to the OCR complaints form and the contact information for the office, including the phone number and email address for the office
 - d. A link to the Title IX information included on the California Department of Education's (CDE) web site
5. Post a link to statewide CDE-compiled resources, including community-based organizations, that provide support to youth who have been subjected to school-based discrimination, harassment, intimidation, or bullying and to their families. Such resources shall be posted in a prominent location on the district's web site in a manner that is easily accessible to parents/guardians and students. (Education Code 234.5, 234.6)
6. Provide to students a handbook that contains age-appropriate information that clearly describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior.
7. Annually notify all students and parents/guardians of the district's nondiscrimination policy, including its responsibility to provide a safe, nondiscriminatory school environment for all students. The notice shall inform students and parents/guardians that they may request to meet with the compliance officer to determine how best to accommodate or resolve concerns that may arise from the district's implementation of its nondiscrimination policies. The notice shall also inform all students and parents/guardians that, to the extent possible, the district will

address any individual student's interests and concerns in private.

8. Ensure that students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning nondiscrimination shall be translated into that language in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

9. Provide to students, employees, volunteers, and parents/guardians age-appropriate training and/or information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information shall include details of guidelines the district may use to provide a discrimination-free environment for all district students.
10. At the beginning of each school year, inform school employees that any employee who witnesses any act of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, against a student is required to intervene if it is safe to do so. (Education Code 234.1)
11. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students from threatened or potentially discriminatory behavior and ensure their privacy rights.

Enforcement of District Policy

The Superintendent or designee shall take appropriate actions to reinforce BP 5145.3 - Nondiscrimination/Harassment. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti
2. Providing training to students, staff, and parents/guardians about how to recognize unlawful discrimination, how to report it or file a complaint, and how to respond
3. Disseminating and/or summarizing the district's policy and regulation regarding unlawful discrimination
4. Consistent with laws regarding the confidentiality of student and personnel records, communicating to students, parents/guardians, and the community the school's response plan to unlawful discrimination or harassment

5. Taking appropriate disciplinary action against students, employees, and anyone determined to have engaged in wrongdoing in violation of district policy, including any student who is found to have filed a complaint of discrimination that the student knew was not true

Process for Initiating and Responding to Complaints

Students who feel that they have been subjected to unlawful discrimination described above or in district policy are strongly encouraged to immediately contact the compliance officer, principal, or any other staff member. In addition, students who observe any such incident are strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the compliance officer or principal within a school day, whether or not the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When a report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is made to or received by the principal or compliance officer, the principal or compliance officer shall notify the student or parent/guardian of the right to file a formal complaint in accordance with AR 1312.3 - Uniform Complaint Procedures or, for complaints of sexual harassment that meet the federal Title IX definition, AR 5145.71 - Title IX Sexual Harassment Complaint Procedures. Once notified verbally or in writing, the compliance officer shall begin the investigation and shall implement immediate measures necessary to stop the discrimination and ensure that all students have access to the educational program and a safe school environment. Any interim measures adopted to address unlawful discrimination shall, to the extent possible, not disadvantage the complainant or a student who is the victim of the alleged unlawful discrimination.

Any report or complaint alleging unlawful discrimination by the principal, compliance officer, or any other person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with the Superintendent or designee who shall determine how the complaint will be investigated.

Issues Unique to Intersex, Nonbinary, Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's

gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Intersex student means a student with natural bodily variations in anatomy, hormones, chromosomes, and other traits that differ from expectations generally associated with female and male bodies.

Nonbinary student means a student whose gender identity falls outside of the traditional conception of strictly either female or male, regardless of whether or not the student identifies as transgender, was born with intersex traits, uses gender-neutral pronouns, or uses agender, genderqueer, pangender, gender nonconforming, gender variant, or such other more specific term to describe their gender.

Transgender student means a student whose gender identity is different from the gender assigned at birth.

The district prohibits acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment, regardless of whether the acts are sexual in nature. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with the student's gender identity
2. Disciplining or disparaging a student or excluding the student from participating in activities, for behavior or appearance that is consistent with the student's gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student's entry to the restroom that corresponds to the student's gender identity
4. Taunting a student because the student participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's gender identity to individuals who do not have a legitimate need for the information, without the student's consent
6. Using gender-specific slurs
7. Physically assaulting a student motivated by hostility toward the student because of the student's gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) or Title IX sexual harassment procedures (AR 5145.71), as applicable, shall be used to report and resolve complaints alleging discrimination against intersex, nonbinary, transgender, and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that

correspond with a student's gender identity, improper disclosure of a student's gender identity, discriminatory enforcement of a dress code, and other instances of gender-based harassment. To ensure that intersex, nonbinary, transgender, and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. **Right to privacy:** A student's intersex, nonbinary, transgender, or gender-nonconforming status is the student's private information. The district shall develop strategies to prevent unauthorized disclosure of students' private information. Such strategies may include, but are not limited to, collecting or maintaining information about student gender only when relevant to the educational program or activity, protecting or revealing a student's gender identity as necessary to protect the health or safety of the student, and keeping a student's unofficial record separate from the official record.

The district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR 99.31. Any district employee to whom a student's intersex, nonbinary, transgender, or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless the employee is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to the student's status as an intersex, nonbinary, transgender, or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any need to disclose the student's intersex, nonbinary, transgender, or gender-nonconformity status or gender identity or gender expression to the student's parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. **Determining a Student's Gender Identity:** The compliance officer shall accept the student's assertion of gender identity and begin to treat the student consistent with that gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.
3. **Addressing a Student's Transition Needs:** The compliance officer shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify and develop strategies for ensuring that the student's access to educational programs and activities is maintained. The meeting shall discuss the intersex, nonbinary, transgender, or gender-

nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to the student's status as an intersex, nonbinary, transgender, or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting the student's educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. **Accessibility to Sex-Segregated Facilities, Programs, and Activities:** When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because the student is intersex, nonbinary, transgender, or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with the student's gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.
5. **Student Records:** Upon each student's enrollment, the district is required to maintain a mandatory permanent student record (official record) that includes the student's gender and legal name.

A student's legal name as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed with proper documentation. A student's gender as entered on the student's official record required pursuant to 5 CCR 432 shall only be changed with written authorization of a parent/guardian having legal custody of the student. (Education Code 49061)

However, when proper documentation or authorization, as applicable, is not submitted with a request to change a student's legal name or gender, any change to the student's record shall be limited to the student's unofficial records such as attendance sheets, report cards, and school identification.

6. **Names and Pronouns:** If a student so chooses, district personnel shall be required to address the student by a name and the pronoun(s) consistent with the student's gender identity, without the necessity of a court order or a change to the student's official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's

name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with the student's gender identity, subject to any dress code adopted on a school site.

KNOW YOUR **EDUCATIONAL RIGHTS**

EDUCATIONAL RIGHTS

Your Child has the Right to a Free Public Education

All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.

- In California:
 - ❖ All children have the right to a free public education.
 - ❖ All children ages 6 to 18 years must be enrolled in school.
 - ❖ All students and staff have the right to attend safe, secure, and peaceful schools.
 - ❖ All students have a right to be in a public-school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - ❖ All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.
- You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.
