

Burlington Elementary School
Title I Program Parent/Community Involvement Policy

District: Boone County

School: Burlington Elementary

The Burlington Elementary School Staff, in collaboration with the Site Based Decision Making Council and SBDM Parent Involvement Committee, has jointly developed and agreed upon this Title I Parent Involvement Policy. The main focal point of this policy is to encourage, foster and increase parent participation in the development and implementation of our school programs in order to increase student academic achievement.

Specifically, the school will:

- Hold an annual fall meeting correlation with the school wide Curriculum Night, to inform parents of their school's participation in Title I, to explain Title I requirements, and the parents' right to be involved.
- Facilitate meetings or events at various times to accommodate a variety of parent schedules to encourage parent involvement.
- Provide opportunities for Parents to be involved in the planning, review, and improvement of parent involvement programs through membership and attendance at SBDM meetings, SBDM committee meetings, PTA meetings, and completion of parent surveys. Any concerns about the plan should be addressed to the Burlington SBDM Council.
- Provide parents of Title I students the following:
 - Timely information about Title I Programs
 - Access to common core curriculum and various assessments through the school's webpage and/or parent meetings
 - Web access to the school's state report card and state assessment results
 - Individual student assessment results and a parent-friendly interpretation
 - A Grade Specific Parent/School Learning Compact (an agreement in which families and the school agree how they will work together)

This Title I Parent Involvement was devised by adhering to all the Title I requirements and is a working document. The overarching goal of our parent policy is to actively engage parents, in a collaborative effort with our staff and community members, in the achievement process and programs of Burlington for the sole purpose of improving student achievement.
