

Faribault Middle School 2022-2023 Supply List

At Faribault Middle School, we strongly believe in students coming prepared for school and for learning every single day. We will continue the use of school-wide binders. Students should bring all materials and supplies with them on the first day of school. Students will experience different methods of organization in their Falcon Time class period and will have many opportunities to organize their binders throughout the year. In an effort to streamline supply purchasing by our Faribault Middle School families, we have created one supply list for ALL students. Please refer to the list on this page. Please check the FMS website, Facebook page, and look for the FMS Save the Date Postcard in the mail with more 2022-2023 information. We look forward to an awesome school year!
