2431.4 PREVENTION AND TREATMENT OF SPORTS-RELATED
CONCUSSIONS AND HEAD INJURIES

A concussion is a traumatic brain injury caused by a blow or motion to the head or body that disrupts the normal functioning of the brain and can cause significant and sustained neuropsychological impairments including, but not limited to, problem solving, planning, memory, and behavioral problems. In order to ensure safety, it is imperative that students participating in athletic competition, coaches, and parents are educated about the nature and treatment of sports-related concussions and other head injuries. Allowing a student to return to athletic competition before recovering from a concussion increases the chance of a more serious brain injury.

For the purpose of this Policy and Regulation 2431.4, programs of athletic competition shall include high school interscholastic athletic programs, middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, intramural athletic programs within a school or among schools in the district, and any cheerleading program or activity in the school district.

The school district shall adopt an athletic head injury safety training program. The program shall be completed by the school physician, any individual who coaches in an athletic competition, an athletic trainer involved in any athletic competition, and the school nurse. The training program shall be in accordance with guidance provided by the New Jersey Department of Education (NJDOE) and the requirements of N.J.S.A. 18A:40-41.2.

The school district shall annually distribute the NJDOE-developed educational fact sheet regarding sports-related concussions and other head injuries to all parents of students participating in any athletic competition or practice and shall obtain a signed acknowledgement of the receipt of the fact sheet by the student and their parent in accordance with N.J.S.A. 18A:40-41.2(c).

A student who participates in an athletic competition or practice and who sustains or is suspected of sustaining a concussion or other head injury shall be immediately removed from athletic competition or practice. A student removed from athletic competition or practice shall not participate in further athletic competition or practice until they are evaluated by a physician or other licensed healthcare provider trained in the evaluation and management of concussions and receives written clearance from a physician trained in the evaluation and management of concussions to return to athletic competition or practice; and the student returns to regular school activities and is no longer experiencing symptoms of the injury when conducting those activities in accordance with N.J.S.A. 18A:40-41.4.

The return of a student to athletic competition or practice shall also be in accordance with the graduated, six-step “Return to Play Progression” recommendations and any subsequent changes or other updates to these recommendations as developed by the Centers for Disease Control and Prevention (CDC). The Board shall revise this Policy and Regulation 2431.4 whenever the CDC changes or otherwise updates the “Return to Play Progression” recommendations.

The school district shall provide a copy of this Policy and Regulation 2431.4 to all youth sports team organizations that operate on school grounds. In accordance with the provisions of N.J.S.A. 18A:40-41.5, the school district shall not be liable for the injury or death of a person due to the action or inaction of persons employed by, or under contract with, a youth sports team organization that operates on school grounds, if the youth sports team organization provides the school district proof of an insurance policy of an amount of not less than \$50,000 per person, per occurrence insuring the youth sports team organization against liability for any bodily injury suffered by a person and a statement of compliance with this Policy and Regulation 2431.4.

Pursuant to N.J.S.A. 18A:40-41.5 and for the purpose of this Policy, a “youth sports team organization” means one or more sports teams organized pursuant to a nonprofit or similar charter or which are member teams in a league organized by or affiliated with a county or municipal recreation department.

This Policy and Regulation 2431.4 shall be reviewed and approved by the school physician annually and updated as necessary to ensure it reflects the most current information available on the prevention, risk, and treatment of sports-related concussions and other head injuries in accordance with N.J.S.A. 18A:40-41.3.

N.J.S.A. 18A:40-41.1; 18A:40-41.2; 18A:40-41.3; 18A:40-41.4; 18A:40-41.5

5541 ANTI-HAZING

A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Hazing is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. The Board of Education prohibits acts of hazing and adopts this Policy against hazing in accordance with N.J.S.A. 18A:37-32.2. The provisions of this Policy apply to one high school; one middle school; and/or five elementary schools in the school district.

"Hazing" in a school setting includes, but is not limited to, conduct by an individual(s) who is a member and/or representative of a school-sponsored student organization, club, or athletic team where such individual(s) conditions a student's acceptance as a member into such group on whether the student engages in activities that are humiliating, demeaning, intimidating, and exhausting to the student.

N.J.S.A. 2C:40-3.a. indicates hazing may also include, but is not limited to, the conduct outlined below:

1. An individual(s) causes, coerces, or otherwise induces a student to commit an act that violates Federal or State criminal law;
2. An individual(s) causes, coerces, or otherwise induces a student to consume any food, liquid, alcoholic liquid, drug or other substance which subjects the student to a risk of emotional or physical harm or is otherwise deleterious to the student's health;
3. An individual(s) subjects a student to abuse, mistreatment, harassment, or degradation of a physical nature, including, but not limited to, whipping, beating, branding, excessive calisthenics, or exposure to the elements;

5. An individual(s) subjects a student to abuse, mistreatment, harassment, or degradation of a sexual nature; or
6. An individual(s) subjects a student to any other activity that creates a reasonable likelihood of bodily injury to the student.

Board of Education members, school employees, and contracted service providers are required to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding such an incident. Students, parents, volunteers, or visitors are encouraged to report an alleged incident of hazing that may take place or has taken place on or off school grounds to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident.

Any report of an alleged incident of hazing shall be immediately investigated by the Principal or designee in accordance with procedures used to investigate alleged violations of the Student Discipline/Code of Conduct and Policy and Regulation 5600. A Principal or designee who receives a report of an alleged incident of hazing and fails to initiate or conduct an investigation and fails to minimize or eliminate the hazing may be subject to disciplinary action.

The Principal or designee may identify behavior when investigating an alleged incident of hazing indicating harassment, intimidation, or bullying (HIB) pursuant to N.J.S.A. 18A:37-14 et seq. – the New Jersey Anti-Bullying Bill of Rights Act (ABR). If the Principal or designee identifies behavior indicating HIB, the Principal or designee shall ensure a separate investigation is conducted in accordance with the ABR and Policy 5512.

8465 BIAS CRIMES AND BIAS-RELATED ACTS

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Bias crimes and bias-related acts involving students can lead to further violence and retaliation. Bias crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. School district employees will work closely with local law enforcement and the county prosecutor's office to report or eliminate the commission of bias crimes and bias-related acts.

Definitions

A "bias crime" means any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race; color; religion; gender; disability; sexual orientation; gender identity or expression; national origin; or ethnicity.

A "bias-related act" means an act directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial; gender; disability; religion; sexual orientation; gender identity or expression; national origin; or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense.

All bias crimes are also bias-related acts, but not all bias-related acts will constitute a bias crime.

Required Actions

School employees shall immediately notify the Principal and the Superintendent or designee when in the course of their employment they develop reason to believe a bias crime or bias-related act has been committed or is about to be committed in accordance with N.J.A.C. 6A:16-6.3(e).

The Superintendent or designee shall promptly notify the local police department and the bias investigation officer for the county prosecutor's office when a bias crime or bias-related act has been committed or is about to be committed in accordance with N.J.A.C. 6A:16-6.3(e)1.

Bias Crimes and Bias-Related Acts

It is understood a referral to the local police department or county prosecutor's office pursuant to the Memorandum of Agreement between Education and Law Enforcement Officials is only a transmittal of information that might be pertinent to a law enforcement investigation and is not an accusation or formal charge.

Unless the local police department or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected bias crime or bias-related act occurring on school grounds and may take such actions as necessary and appropriate to redress and remediate any such acts.

School officials will secure and preserve any such graffiti or other evidence of a suspected bias crime or bias-related act pending the arrival of the local police department or the county prosecutor's office. The school officials, where feasible, will cover or conceal such evidence until the arrival of the local police department or county prosecutor's office.
