

Shepherd Glen Elementary Summer Learning

In order to prevent the summer slide, it is so important for you to keep your mind academically focused over the summer so that you can start off in the fall right where you left off in June. Complete the activities below to keep your mind working all summer long.

☐ HPS Summer Reading Choice Board

- Color a square for each activity that you complete. Return your choice board when you return to school in the fall.
- Questions? Contact Sara Boyd, Literacy Specialist (sboyd@hamden.org)

☐ HPS Summer Math Activities

- Math is all around us! Find the math in all the daily activities you do (playing games, counting steps, cooking, etc).
- Continue working on your math skills by practicing grade level fluencies, working on digital programs, or completing unfinished workbook pages.
- Questions? Contact Tiffany Cofrin, Math Specialist (tcofrin@hamden.org)

☐ Hamden Public Library Summer Reading 2022: Read Beyond the Beaten Path

- Participate in person by registering at any Hamden Public Library branch or participate online by visiting www.hamdenlibrary.org to create an account with READsquared.
- Questions? Contact any of the three Hamden Public Library locations or Danielle Helenski, Media Specialist (dhelenski@hamden.org)
