

Kids and parents agree – summer break is all about fun, friends, and awesome adventures.

Kids want to hang with their friends and discover the world! In our programs, they'll do it all. Teaming up with friends to solve head-scratching problems. Completing spy-worthy quests that stretch their understanding of different people and places. Every day, they'll:

- Spend time outside moving their bodies • Practice STEM skills through hands-on activities
- Create inspiring art that reflects their passions • Social and Emotional Learning-building healthy relationships
- Buddy up with friends and practice teamwork • Discover new things about themselves and the world

What matters to your kids matter to us.

Kids and parents agree—summer break is all about fun, friends, and awesome adventures. Champions Champ Camp is serving up all that and more, taking K–4th graders on an incredible race around the world. And it's all on school grounds—no passport required (whew!).
