

CREDIT TRANSFER POLICY

- ◆Credits transferring from a non- accredited school will be reflected as pass or fail on the student transcript and will not be used in the computation of class rank and grade point average. Transferring students may be required to demonstrate proficiency in course material before credit is applied toward graduation requirements.
- ◆Credit transferring from an accredited school will be reflected on the student’s transcript. In calculating class rank, grade point average, graduation requirements, and grade placement, transfer credits cannot exceed the number of possible credits earned at the receiving school per year. The credits used in the calculation of class rank and grade point average must first satisfy graduation requirements. Electives will be determined by selecting the highest grade earned. The grading scale used to calculate GPA and class rank for transfer students is the Boone County district scale-see GPA calculation chart.
- ◆Seniors of Cooper High School taking more than six courses may count only six courses towards the computation of class rank and GPA. Of the six courses, all required classes will be included plus electives with the highest scores.
- ◆If only alpha grades are received; letter grades will be assigned a numeric value based upon the grading scale of Cooper High School.

A	100
A-	95
B+	93
B	90
B-	87
C+	86
C	82
C-	78
D+	77
D	74
D-	70

- ◆The Principal of Cooper High School has the final authority regarding transfer of credit
