Program Description & Program Goals:

The **Magnet Schools Program** provides a choice of programs at Hart, Rogers (including Strawberry Hill - an expansion of Rogers International School), Toquam, and Westover on the elementary level, Rogers and Scofield on the middle school level, and AITE on the high school level. These programs differ in approach but all use the same standards based SPS curricula in the core areas of English, Math, Science and Social Studies as well as in Art, Music and Physical Education.

To provide educational programs based upon the characteristics and needs of the individual learners.

To expand elementary, middle, and high school programming by providing additional choices.

Program Description & Program Goals:

The **World Language Program** provides for instruction in modern languages as well as in the classical language of Latin. The program emphasizes communication, understanding, and appreciation of other people's literature and culture. It also recognizes the need for developing speaking competence and proficiency in the language of the student's choice as related to possible career goals. World Language classes are taught according to the Stamford Board of Education and State of Connecticut curriculum guidelines to assure that students learn the skills and concepts related to communications, cultures, connections, comparisons, and communities.

To assure that students will acquire a level of proficiency in the world language that will enable them to communicate effectively with a native speaker in daily life situations.

Program Description & Program Goals:

The **Mathematics Program** is the language of data, of change, and of patterns and is essential for analyzing and solving problems. The Mathematics Program prepares students to "speak" this language; the only language that is common throughout this world. It prepares students to proficiently apply a range of numerical, algebraic, geometric, and statistical concepts and skills which they will need to use daily throughout their lives. The Mathematics Program is aligned with the Connecticut Core State Standards.

To develop both problem-solving and critical-thinking skills in students.

To develop mathematically-based reasoning skills in students.

To prepare students for life in a technological society.

Program Description & Program Goals:

The Stamford Public Schools has made a significant commitment to providing a consistent **Summer School Program** in Grades PreK-12. The program directly relates to district goals to address the achievement gap and increase the meaningful engagement of all families and the community. Partnerships with community agencies have resulted in services that align academic instruction with recreational activities. Academic subjects as well as non-academic subjects will be offered to high school students based upon courses needed for graduation and the number of students needing specific courses. Students will be taught an academically rigorous curriculum in all subject areas.

To provide instructional initiatives that support and remediate the learner.

Provide limited support for high school students to meet graduation requirements.

Program Description & Program Goals:

The Stamford Regional **Agriscience and Technology Program** at Westhill High School is a regional school that offers enrollment to students in Stamford, Norwalk, Greenwich, Darien, Ridgefield, New Canaan and Weston. This program follows the three circle model of agricultural education which includes classroom instruction, FFA, and SAE (Supervised Agricultural Experience). Students are required to participate in all three components to remain enrolled in the program.

Our classroom instruction is focused on hands on learning, real world experiences and covers a variety of areas in the agricultural field including animal science, plant science, biotechnology, environmental science, food science, aquaculture, marine science, and agricultural business.

The National FFA Organization is the Nation's largest Youth Leadership Organization. Agriscience students are required to become members of the FFA and attend monthly chapter meetings as well as participate in annual plant sale fundraisers. Student run chapter meetings foster leadership skills and career exploration through presentations from various professionals in the Agriscience field. FFA members have many opportunities to attend field trips, network with other students, gain leadership skills, and compete in Career and Leadership Development Events. The FFA is an intra-curricular program that promotes premier leadership, career success, and personal growth.

The last component of our program SAE, or Supervised Agricultural Experience, is a required component of a total agricultural education program and intended for every student. Through their involvement in the SAE program, students are able to consider multiple careers and occupations, learn expected workplace behavior, develop specific skills within an industry, and are given opportunities to apply academic and occupational skills in the workplace or a simulated workplace environment. Students complete required SAE hours outside of class time, and in doing so apply what they are learning in the classroom as they prepare to transition into the world of college, and career opportunities.

To provide practical and useful skills relating to the selection, planting, and care of plants.

To provide practical and useful skills relating to animal husbandry.

To develop the communication and critical thinking skills needed to make informed decisions, and promote awareness on environmental issues and topics.

To recognize, use, maintain and follow the safety procedures of agricultural equipment.

To develop the necessary skills to implement biotechnology applications in the field of Agriscience.

To develop marketable skills in the field of agribusiness.

To develop critical thinking skills needed to create future leaders.

Program Description & Program Goals:

The International Baccalaureate® (IB) programmes aim to develop inquiring, knowledgeable and caring young people who are motivated to succeed. Within the attributes of the IB learner profile, students are encouraged to become part of the global society who will build a better world through intercultural understanding and respect. The IB Program is offered at Rogers, Strawberry Hill, Rippowam and Stamford High.

The IB programme frameworks operates effectively within the Common Core State Standards (CCSS), State and District goals in that it is a philosophy of teaching and learning, not a curriculum. The philosophy centers around the IB learner profile and:

- encourages students of all ages to think critically and challenge assumptions
- incorporates quality practice from research and our global community of schools
- encourages students of all ages to consider both local and global contexts
- develops multilingual students.

Program Description & Program Goals:

The **Transportation Program** is responsible for the safe, efficient, and economical transport of those students eligible and enrolled in our educational programs.

First Student Inc. is the primary vendor and currently provides the school system with 155 buses daily. Transportation is currently provided to high school students attending the vocational and technical centers. Generally students remain on the bus no longer than 50 minutes, and all attempts are made to provide routes so as to promote the shortest possible distance between home and school. The Office of Transportation continues to institute a computerized route system to enhance the program.

The estimated number of buses daily for public transportation will be 160 for 2020-21.

To provide safe, efficient, reliable, and economical transportation for the students of the Stamford Public Schools.

Program Description & Program Goals:

Charter schools are authorized by the State Board of Education. Local charter schools are funded by local or regional boards of education; state charter schools are funded by the state. They provide small-scale educational programs managed by a governing board comprised of teachers and parents or guardians of the students enrolled in the school and may include community members. Charter schools offer a range of educational programs, small class size, and enhanced teacher-parent communication.

Charter Schools including the Charter School for Excellence, Trailblazers (grades 6-8) and Stamford Academy (grades 9-12), receive a portion of their funding from SPS which mostly supports Special Education.

Budget Notes

For 2020-21, there is no funding in this program.
