Updated 9/30/2020 to meet new requirements in SB 927

For Parents:

Focus was on how to access OPS virtual learning, like using Google Classroom and the virtual schedule on remote days.

Definitions:
Synchronous - Occurring at the same time; coinciding in time; contemporaneous; simultaneous. Synchronous instruction occurs at the same time for everyone. An example of this would be a live Zoom meeting, or class.
Asynchronous - Not occurring at the same time. An example of this would be students receiving assignments online and doing the work when they choose for that day, not at the same time as students in person in the classroom.
