This memorandum is to certify that Lakeshore is the sole provider of Family Engagement Math Packs for schools who receive Title I federal grant funds. Lakeshore provides unique packs of learning materials per grade level to keep kids learning at home with games and activities that target key math skills. The activities and materials engage the whole family in the learning process. Each pack includes easy-to-follow instructions in English and Spanish along with materials for 15 different hands-on games and activities. The family reading packs are purchased for students in our Title I schools and provided to families to continue learning at home through the summer months.

The Family Math Packs are designed to promote engagement between students and their family and prevention of the summer backslide in literacy. These materials support Compass to 2020 Goal 1: High Academic Expectations, and Goal 4: Culture of Growth and Excellence, Purposefully Partnering with Parents and the Community.
