SUBJECT: Sole Source Purchase: Johnson Controls server upgrade to latest version of Metasys: version 10.1

VENDOR: Johnson Controls, Inc.

COST: \$63,661.00

DATE: February 5, 2020

The sole source request is to hire Johnson Controls, Inc (JCI) to upgrade their existing server to the latest version of Metasys (version 10.1) at a cost of \$63,661.00. This upgrade is required to maintain Microsoft support and continued prevention of network security vulnerabilities. Metasys is JCI's proprietary building automation system software currently used in over ten (10) schools. To afford continued building control system compatibility, reliability, and functionality, JCI must perform the server upgrade.

If additional information is required, please contact J. Ryan Hersey at (757) 263-2500 or email james.hersey@vbschools.com. Thank you.
