SUBJECT: **SOLE RESOURCE: CONTINUUM PEDIATRIC NURSING SERVICES**

DATE: August 24, 2016

Parents/guardians of students with significant chronic health conditions, that require private duty 1:1 nursing care in school, may have an established long-term relationship with a particular nursing services agency. In these cases, it is important that these students are allowed to continue 1:1 nursing services from the same agency that is utilized at home during school hours.

Currently, some students in Virginia Beach City Public School (VBCPS) receive 1:1 nursing services during school hours from Continuum Pediatric Nursing Services. Continuum Pediatric Nursing Services has met the requirements of VBCPS in providing this care, and is funded by the Health Services Office.

Continuum Pediatric Nursing Services should be considered as a sole resource of physician prescribed private duty 1:1 nursing care in school, for students who currently utilize their services at home.

Estimated at \$134,000.00 based on FY16.
