

Car Rider Procedures for Mustang Elementary 2020-2021

Families... Please note that our locations and procedures for car rider, at Mustang Elementary, have not changed. Please remember no cell phones and have your child ready. If office assistance is needed, park in the front parking lot and use the front office— we ask that all visitors wear a mask. Staff members will be positioned throughout the building to assist students safely to their morning locations. As always, we appreciate your patience and grace during the first few weeks as everyone learns and readjusts to our routines! Please remember the front loop is reserved only for bus, daycare and PreK. (Friendly reminder, left turns from and onto 152 are prohibited.)

 The gate at this location will be closed to thru traffic.
