NON-PRESCRIPTION MEDICATION FORM

The policy for administration of non-prescription medication during school hours is permitted for up to five (5) consecutive days. If use is necessary beyond five consecutive school days, then the procedures used for prescription drugs must be followed, including a signed physician's order. This policy also includes the use of cough drops during school.

Please fill out this form, including parent signature, and return to your child's school, along with the non-prescription medication in its original container.
