

## Welcome to AP Physics 1!

I am looking forward to starting our journey into AP Physics 1. The purpose of the summer assignment is to exercise and maintain the knowledge and skills developed previously in math and science classes. Many of you are taking physics for the first time. Therefore, the summer assignment is meant to make sure that everyone starts with the skills they need to be successful in this class. Everything you see in the summer assignment is material that you should have learned in previous math and science classes. Be sure to pace yourself throughout the summer so that you do not have to cram it all in the last few days.

Please join our Schoology course using the following information. See screenshot on the next page if you need more instruction on how to join the class.

Course: AP Physics 1 – Summer: Section 1

Access Code: **5P8P-87CQ-9WGSF**

We will be using this page for the summer assignment only. You will be accessing and submitting your assignment here. This Schoology course is not connected to HAC, I will use it only to easily post and collect your work. Your grades will be entered into HAC at the beginning of the school year.

Email me if you have any questions or need any help –  
**heyasd@calvertnet.k12.md.us**

This assignment will be due on the first day of class. We will also be having a quiz on the material covered in the summer assignment within the first 5 days of class.

I can't wait to see you! Good luck and have a great summer!!

Mrs. Heyes

Here are directions and a screenshot that will help you to join the summer course.

1. Log into Schoology.
2. Select **Courses** in the top menu.
3. Click **My Courses**.
4. From the **My Courses** page, click **Join Course** on the right side of the page.
5. Enter your access code **5P8P-87CQ-9WGSF**.
6. Click **Join**.
