

# Welcome to AP Spanish!

Congratulations on choosing to extend your learning, use, and understand of the Spanish language and culture. I am looking forward to taking the AP Spanish journey with you. The purpose of the summer assignment is to exercise and maintain the knowledge and skills developed in all previous year of study in the Spanish language. Everything you see in the summer assignment is designed to keep your four language skills from getting rust over the summer. The listening and reading sections are based on your choices. Be sure to pace yourself throughout the summer so that you do not have to cram it all in the last few days.

Please keep journals for the listening (diarios) and the writing summaries.

Please join our Schoology course using the following information. See screenshot below if you need more instruction on how to join the class.

If you are new to the county and/or lose the assignment I gave to you, please let me know using the email address below.
