

Welcome to AP Physics C!

I am looking forward to starting our journey into AP Physics C. By now, you've taken a variety of science and math classes. The purpose of the summer assignment is to get you thinking about how those disciplines fit together, as well as to review a bit of the physics you've already learned. For this assignment, you will need to purchase the book "Six Easy Pieces, Essentials of Physics Explained by its Most Brilliant Teacher" by Richard P. Feynman. ISBN-10 9780465025275. It can be purchased used online for around \$5- \$10. I have a couple of copies also, so you can email me, and we can arrange for you to borrow one. Be sure to pace yourself throughout the summer so that you do not have to cram it all in the last few days.

Please join our Schoology course using the following information. See screenshot on the next page if you need more instruction on how to join the class. You will read each of the six chapters of the book and then choose to answer one of the writing prompts for that chapter found on the Schoology page. There is also a short introductory video on Calculus to watch and answer questions about.

Course: AP Physics C – Summer: Section 1

Access Code: **W543-P8Q2-4QJRZ**

We will be using this page for the summer assignment only. You will be accessing and submitting your assignment here. This Schoology course is not connected to HAC, I will use it only to easily post and collect your work. Your grades will be entered into HAC at the beginning of the school year.

« Email me if you have any questions or need any help –
heyasd@calvertnet.k12.md.us

This assignment will be due on the first day of class.

I can't wait to see you! Good luck and have a great summer!!

Mrs. Heyes

Here are directions and a screenshot that will help you to join the summer course.

1. Log into Schoology.
2. Select **Courses** in the top menu.
3. Click **My Courses**.
4. From the **My Courses** page, click **Join Course** on the right side of the page.
5. Enter your access code **W543-P8Q2-4QJRZ**.
6. Click **Join**.
