

Rising French Scholars,

This summer, you will complete a series of exercises to ensure you arrive well prepared for your French class in the fall.

Below, you'll find the exercises that correspond to your class for the 2022-2023 school year. You must print a copy of the exercises, hand write your answers, and bring them with you for the first day of class. Completing these modules will count towards your homework/classwork grade and prepare you for a quiz in the beginning of the semester.

Sincerely,

Madame Smith and Mr. Pinder
