

Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Tracy Joint USD	Tania Salinas Director of Continuous Improvement, State and Federal Programs	tsalinas@tUSD.net 209 830-3200

Introduction

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require a LEA to:

- Annually measure its progress in meeting the requirements of the specific LCFF priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the LCAP.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

Below are the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Performance Standards

The performance standards for the local performance indicators are:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

The LEA annually measures its progress in meeting the Williams settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to stakeholders and the public through the Dashboard.

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

The LEA annually measures its progress in: (1) seeking input from parents in decision making and (2) promoting parental participation in programs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

School Climate (LCFF Priority 6)

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Coordination of Services for Expelled Students-County Office of Education (COE) Only (LCFF Priority 9)

The county office of education (COE) annually measures its progress in coordinating instruction as required by California EC Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Coordination of Services for Foster Youth-COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to stakeholders and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to stakeholders and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Teachers	Number	Percent
Misassignments of Teachers of English Learners	*	*
Total Teacher Misassignments	*	*
Vacant Teacher Positions	*	*

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

OPTION 2: Reflection Tool

Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

3. Rate the LEA’s progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

Recently Adopted Academic Standards and/or Curriculum Frameworks

4. Rate the LEA’s progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Career Technical Education				4	
Health Education Content Standards				4	
Physical Education Model Content Standards				4	
Visual and Performing Arts				4	
World Language				4	

Support for Teachers and Administrators

5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole				4	
Identifying the professional learning needs of individual teachers				4	
Providing support for teachers on the standards they have not yet mastered			3		

Optional Narrative (Limited to 1,500 characters)

6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

Parent and Family Engagement (LCFF Priority 3)

This self-reflection tool is organized into three sections. Each section includes promising practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-making

LEAs use this self-reflection tool to reflect on its progress, successes, needs and areas of growth in family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified.

The results of the process should be used to inform the LCAP and the development process, to assess prior year goals, actions and services as well as to plan or modify future goals, actions, and services in the LCAP.

For each statement in the table below -

1. Identify the diverse stakeholders that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage stakeholders in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of data, identify the number which best indicates the LEA's current stage of implementation for each practice using the following rating scale (lowest to highest):
 - 1 - Exploration and Research Phase
 - 2 - Beginning Development
 - 3 - Initial Implementation
 - 4 - Full Implementation
 - 5 - Full Implementation and Sustainability
4. Write a brief response to the prompts following each of the three sections.
5. Use the information from the self-reflection process to inform the LCAP and the LCAP development process, as well as the development of other school and district plans.

Building Relationships

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Building Relationships	1	2	3	4	5
1. Rate the LEA's progress in developing the capacity of staff (i.e. administrators, teachers, and classified staff) to build trusting and respectful relationships with families.			3		
2. Rate the LEA's progress in creating welcoming environments for all families in the community.				4	
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.			3		
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.				4	

Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

Tracy Unified School District continues to work diligently to engage with all families. TUSD uses multiple methods of communication including automated phone/text messages, social media, district/site webpages and the Aeries Parent Portal. In addition, TUSD has Bilingual Parent Liaisons to provide outreach to families in English and Spanish. Survey feedback indicates parents and staff feel TUSD is making strides in the area of building relationships with the community, however, there is a need for additional interpreters including other languages in addition to Spanish. TUSD will continue to work with families to determine the best method of communication and provide multiple ways of communicating. In addition, all teachers and administrators will receive Unconscious Bias Training to further learn about building positive relationships with our diverse community.

Building Partnerships for Student Outcomes

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Building Partnerships	1	2	3	4	5
1. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.			3		
2. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.			3		
3. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.			3		
4. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	1				

Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

TUSD strongly values positive relationships with the community. TUSD has invested in Parent Liaisons to help communicate the resources, programs and services available to students and families. TUSD Prevention Services Department works individually with our students who are experiencing homelessness and or are foster youth to provide needed resources to the families. School sites work closely with their School Site Council and English Learner Advisory Committee (ELAC) members to review and refine school plans to reflect the needs of the individual school. Through additional grant funding, TUSD will expand its parent and community engagement offerings in 2022-23. Offerings will include: The Latino Literacy Project, College Bound, PIQE, Mental Health Workshops and Educational Nights, including STEM, Math and Literacy Nights. TUSD will continue to employ a Community Works Coordinator to provide additional parent outreach to the families of TUSD, especially our underrepresented families. In addition, in order to help families understand and exercise their legal rights TUSD will host parent workshops explaining the special education process and parent rights. TUSD will continue to host Title I Parent Advisory Meetings to educate parents on their rights regarding Title I services.

Seeking Input for Decision Making

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Seeking Input	1	2	3	4	5
1. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.			3		

Seeking Input	1	2	3	4	5
2. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.				4	
3. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.			3		
4. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.				4	

Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

TUSD continues to increase the number of parent and family engagement opportunities for decision making. Some opportunities for collaboration and decision making include School Site Council, District and site ELAC, GATE Parent Advisory, District Title I Parent Advisory and LCAP Surveys and Community Engagement Meetings. In 2022-23, TUSD will offer district-wide training for all school site council and ELAC members to ensure sites and members are confident in their roles and responsibilities, as well as working toward consistent processes and procedures regarding decision making throughout the District. Areas of improvement include: Continue to find ways to communicate to parents effectively to increase parent and family involvement.

School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K-5, 6-8, 9-12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

- DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
- MEANING:** What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
- USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

Tracy Unified School District administers an annual LCAP survey to parents, students and staff. These surveys include questions pertaining to the safety and climate and captures a measure of student perceptions of school safety and connectedness. Questions on the survey touch both on physical and emotional safety as well as how connected and comfortable students feel connecting with staff, asking for help and being motivated to learn.

Climate (Percent of participants who agree or strongly agree there is a positive climate)
 Parent 87.42%
 Student 79.07%
 Staff 85.74%

Safety (Percent of participants who agree or strongly agree school is a safe place to be)

Parent 91.98%

Student 80.09%

Staff 88.82%

The data indicates that approximately 80% of students feel safe and connected while at school. TUSD has increased the number of mental health professionals at the school sites to help students with social emotional needs. In addition, TUSD administered a social emotional survey, mySAEBERS, so teachers and administrators are able to monitor students who may need social emotional support or intervention. In addition, through grant funding TUSD plans to increase the number of academic counselors at the K-8 level to monitor and provide outreach to students. TUSD staff will also participate in Unconscious Bias Training to promote an equitable and positive climate on campus for all students. TUSD will continue with monthly safety drills to ensure staff and students know how to respond during an emergency.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)
2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)
3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)
4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

TUSD uses master schedules and CALPADS reports to track the extent to which all students have access to a broad course of study. TUSD counselors work with students to identify course options. Students have access to a course catalog containing course sections, high school diploma requirements and A-G requirements.

All students (100%) have access to core broad course of study.

32.2% of all TUSD students successfully completed A-G requirements

8.4% of EL Students successfully completed A-G requirements

23.5% of socio-economically disadvantaged students successfully completed A-G requirements

TUSD is in year 3 of implementation and expansion of the inclusion model to provide students receiving special education services to have more access to a broad course of study. TUSD is partnering with San Joaquin County Office of Education to explore data and outcomes related to A-G completion for all students including specific student groups including English Learners. TUSD is exploring different bell schedule models at the high schools so students have more access to credit recovery, core offerings and acceleration.
