General School Information

Leighton School Day: 9:05 AM – 3:30 PM
Office Hours: 8:30 AM – 4:00 PM

Building and classroom doors are locked at 4:00 PM each day. The building's main doors will be open if there is an event at Leighton.

In order to provide proper supervision and safety for all, students should NOT arrive prior to 8:55 AM

School Drop Off:

Parents who drive their children to Leighton should drop them off at the designated area in a timely fashion in order to keep the flow of traffic moving. There is a designated drop-off and pick-up area separate from the BUSES; cars will not have access to the bus arrival and departure area throughout the school day. Please make every effort to have your child to school on time.

School Pick-up:

Parents who pick their children up at dismissal time are asked to only use the designated pick-up/drop-off area by Door Number 2. The main parking lot, in front of the building, is not available to drop off and pick up during bus departure/arrival times because of serious safety concerns. *(Map available in Main Office)*

Attendance

The Aurora City School District has amended and adopted policies that are required by law. In accordance with Ohio law (see House Bill 410) the parent, guardian, or other person having care of the child is responsible to see that the child is in school. The district is required to notify the parent, guardian, or other person having care of the child when the student is determined to have excessive absences.

The Ohio Department of Education and House Bill 410 define **Excessive Absences** as:

- a. **Absent 38 or more hours (equivalent to approximately 6.5 days) in one school month with or without a legitimate excuse;**
- b. **Absent 65 or more hours (equivalent to approximately 11 days) in one school year with or without a legitimate excuse.**

The Ohio Department of Education and House Bill 410 define **Habitual Absences** as:

- a. **Absent 30 or more consecutive hours without a legitimate excuse**
- b. **Absent 42 or more hours in one school month without a legitimate excuse or**
- c. **Absent 72 or more hours in one school year without a legitimate excuse.**

For a tardy or an absence to be deemed EXCUSED, you must present a doctors note. ONLY: personal illness, medical/dental appointment, or emergency circumstances approved by the Principal/Asst. Principal. A written warning will be issued for the 1st unexcused tardy for the semester.

Please note: When parents anticipate being out of town, they must notify the school office in writing as to the name of the person legally responsible for the child and telephone numbers in case of an emergency.

Procedure for Absences - Parents are required to call the school before 9:05 AM to report absences. Please call 330-954-2040 (or you may call the school at 330-562-2209) to report all absences at Leighton.

Tardiness:

Students are tardy to school if they are not in their classrooms at 9:05. If the student arrives at school after school has begun, a parent must sign them in at the Main Office and report the reason for the tardiness to the secretary. It is important for children to be present for the opening of their school day to receive a positive start to their daily educational endeavors.

Check Out of Students during the School Day:

If it is necessary for a student to check out during the school day, we ask that parents come to the school office and contact the secretary or principal. For the protection of children and parents, parents are required to sign the student out when he or she leaves the school. Parents are not permitted to go directly to the classroom without permission.

Make-up Work:

Parents can request any available missed work due to absence on the second day of an absence. Please call the office to request this work which will be ready for pick-up by the end of the second day of absence.

Vacations during the School Year:

We would like to encourage you to schedule family vacations at times other than when school is in session. When a family trip is unavoidable during the school year, please follow these guidelines:

- Complete the planned absence form prior to your trip.
- Have your child read daily for pleasure.
- Teachers cannot provide advanced work in which your child has not had proper instruction.
- Your student may complete missing work upon return.
- Only 5 cumulative planned absence days will be considered excused absences

While it is not possible to make up for all instruction missed during a child’s absence, teachers will save important papers and information for your child.

Placement Request Policy:

We ask that parents not make a request for specific teachers. One child’s experience may not be the same as every other child’s. We understand if you need to convey specific needs your child may have, but rest assured all placements are done with input from teachers, the counselor, and other school personnel. *Final placements are done by the building principal.*

General School Operations

School Lunch:

The school menu is available on the district’s web page, and hard copies are available in the Leighton office. Parents have online access to the student lunch account and can add funds via credit card, cash or check.

Students will purchase lunch using their 4-digit ID number. When students are low on funds, cafeteria personnel may place a SMILEY FACE on the student's hand to serve as a reminder that additional money should be placed in the student lunch account.

Visiting at Lunch :

We **request no parent/family visits at lunch the first two weeks of school and the last week of school or during state assessment times.** In the beginning of the year, students are getting used to the lunch routines. At the end of the year, teachers have special events for their students. If parents are bringing in lunch, they should consider nutritious lunches. **No outside food is permitted to be shared with other students.**

Dress Code:

Parents are encouraged to dress students appropriately and according to the weather conditions. Shorts of knee-length may be worn by both boys/girls throughout the fall and spring months.

- No article of clothing should be worn which distracts from the educational process (spaghetti straps, muscle shirts, and so forth...).
- No clothing or jewelry that promotes or advertises alcoholic beverages, tobacco, drugs, or weapons is acceptable.
- No clothing or jewelry that contains obscene, profane, or sex-related words or symbols is acceptable.
- No article of clothing shall be worn which defames any person, group, the school, community, or the nation.
- Shoes must be worn at all times. Sandals, flip-flops, and similar open footwear may not be worn.
- No spandex or skin-tight shorts, or shorts intended as undergarments may be worn.

School officials reserve the right to interpretation of this dress code and will make the final decision on the appropriateness of clothing and appearance.

Transportation:

Bus transportation is a privilege. Students who repeatedly fail to observe sound safety practices while riding the bus will lose this privilege. The cooperation of the home and the school is necessary in order to provide for the safety of all children.

Recess:

If a child is well enough to be in school; then the child, adequately dressed for weather conditions, should be outside for recess. The school does not have personnel available to supervise children who remain indoors during recess. When all children remain in due to inclement weather, the playground supervisors remain in with them.

Children who have special medical conditions should have a doctor's signed statement that they must remain indoors. The note should indicate the length of time that the child should remain indoors. If there are special circumstances, please contact the school nurse.

Bringing Items to School:

Students should not bring toys, games, and other electronic equipment to school. No entertainment or communication equipment is allowed. Cell phones may not be turned on or visible during the school day, except with teacher permission. Students assume all responsibility for objects brought to school.

School Property:

Students have the privilege of using books and materials owned by the school. Students are accountable for all books/materials, and any such items damaged or lost must be paid for by the individual(s) responsible. *Lockers are the property of the Board of Education and school officials reserve the right to examine lockers and the contents thereof at any time.*

Student Records:

The Aurora Schools maintain official student records on each student. These records, which include all information related to the student's education, are commonly known as the Student Cumulative Folder. Records of a temporary nature, such as a teacher grade book and personal notes, are not a part of the cumulative record folder.

Parents or eligible students shall have the right to inspect and review official student records and related information upon written request to the principal of the building to which the student is assigned. An appointment for the review of the records will be made at a mutually convenient time as soon after the receipt of the written request as possible. The review will be conducted in a private setting in the presence of the principal or a designated representative.

School Visitors:

All visitors to the schools MUST report immediately to the building office. In accordance with Section 2917.2 of the Ohio Revised Code, no unauthorized person shall be in school buildings or on school grounds. Such intruders shall be considered trespassers. Students are discouraged from bringing guests to school. Any guest should be cleared through the office in advance to ensure minimum distraction of the normal educational process.

Parent-Teacher Organization (PTO):

The Aurora PTO is a very active service-oriented organization. Parental support of the organization is encouraged. Information regarding PTO activities and committees is available at both elementary schools and in the newsletters.

Class Parties:

Grades 3-5 will celebrate with a Fall Festival, Winter Festival, and Valentine Party. Party dates and specifics of the party will be communicated via the classroom teacher.

If parties require party helpers they will need to arrive at the front entrance and sign in. Again, only the helpers assigned for the party day will be admitted.

Birthdays & Treats:

We understand that the children get very excited about birthdays and really love to bring something in to share with their classmates to celebrate. Our schools have seen a significant increase in food and food-related allergies, as well as other reasons for dietary restrictions. We hope to strike a balance between the sharing of treats and each family's right to monitor what their children eat at school. It is still our suggestion that you consider sending in a fancy pencil, eraser, or other school supply item. **However, if you do choose to send in an edible treat, please package it in such a way that it may be sent home with a child. Food items such as cupcakes, and cookies, and latex balloons are not permitted because of allergies and diet restrictions. Please note that all classrooms are nut-free.**

PLEASE NOTE: Invitations to birthdays, or other parties held outside of school are to be sent from the home. Classroom teachers are not responsible for passing out invitations to private parties, nor are students permitted to do so during school. **School personnel cannot give out addresses or phone numbers.**

Story – selected w/input or approval by the teacher.

Game/Craft/Activity – as time allows.

NOTE: All snacks/treats and activities must be cleared in advance with the classroom teacher.

Other Party Notes:

Fall Festival Costumes – Simple costumes will be permitted, but no masks, make-up, or props. No weapons, guns, knives, or other potentially dangerous objects are permitted as part of the costume.

All costumes must be appropriate for the school setting and brought to school in a bag for a quick change prior to the party; within the classroom.

The Elementary Curriculum

The Elementary Philosophy:

The Aurora Elementary School program is committed to fostering the total development of all students and to educate all children to their fullest potentials. We aspire to develop the knowledge, skills, attitudes, and values needed for our students to participate in a democratic society and prepare for the world of work.

Curriculum:

The curriculum for the Aurora City Schools adheres to state standards and is developed with input from many sources - current research and leading experts, local curriculum specialists, administrative personnel, teachers, and community members.

Content areas include language arts, writing, mathematics, social studies, science, and health. Special areas include art, music, physical education, and library/media. More information about each area can be found on the Leighton website.

Response to Intervention (RTI):

Aurora City Schools K-5 Response-to-Intervention is a process which includes the provision of systematic, research-based instruction and interventions to struggling learners. The instruction/interventions are matched to student needs and the monitoring of progress is continuous.

A team of educators (may include classroom teacher, principal, school counselor, school psychologist, interventionist, etc...) meet to determine what your child may need to be successful in school. Supports during the school day include assistance with math, reading, and behavior. If your child needs extra support in any of the above areas, the classroom teacher will be in contact with you to advise you of the process and give up-to-date progress on your child.

In following the state-mandated H.B. 282, Aurora City Schools assesses students in grades 3-5 and 7 to address the needs of the superior cognitively gifted.

Guidance:

A preventive guidance program is offered to all students in grades 3-4-5. Our counselor visits classrooms and teaches students how to identify and select appropriate behaviors. Growth Mindset, self-esteem, self-regulation, and decision-making are just some of the focus areas. The counselor also conducts group counseling sessions as well as individual ones. Divorce, social skill acquisition, and grief issues are often topics discussed in group counseling sessions. Further, our counselor is available for consultation in various areas of parenting. Parents, who would like to request the services of our counselor at Leighton, can contact the counselor at 330-954-2043.

Library/Media Center Services for Parents:

The elementary library/media center has a vast volume of children's books on a variety of timely topics. Parents are welcome to browse and borrow books. Our media specialist and/or media clerk will gladly assist parents in the selection of appropriate books. Please reach out to Jen Kinkoph at jkinkoph@aurora-schools.org for assistance.

School Health, Safety and Security

Ohio Immunization Requirements for School Admittance:

Ohio Department of Health, under the authority granted in Sections 3313.671 and 3701.13, Ohio Revised Code; have established the following requirements for school children, for school admittance (preschool information not included):

- Five doses - DPT (diphtheria, pertussis, tetanus)
- Four doses - OPV or IPV (polio vaccine). The fourth dose must be after the 4th birthday.
- Two doses of MMR – (measles, mumps & rubella)
- Three doses - Hepatitis B
- Two doses – Varicella

According to law, this information must be on file in the local school on the child's initial entry into school or the child is not to be admitted. The Aurora City School policy, adopted by the Board of Education and consistent with the requirements of the state of Ohio, requires a complete immunization record. The required immunizations can be waived if a medical condition exists which would not allow those immunizations to take place; a physician's written statement is required. Objection on religious or philosophical grounds is a valid exemption only when a parent or guardian signs a written statement to this effect. After a short grace period, students with incomplete immunization records will be excluded from school.

Emergency Forms:

Ohio Revised Code Section 3313.712 requires Boards of Education to have on file an emergency medical authorization form prior to the first day of October. It is the responsibility of parents to keep emergency forms up to date. Addresses and phone numbers, as well as cell phone numbers and pager numbers, should be current as well as work locations. Accurate information will help the school reach parents if an emergency arises.

Medication Procedures:

We recommend that all student medication be administered at home. The school nurse or the school nurse's designee will administer any oral medication at school if the need arises. Written AUTHORIZATION signed by a parent and physician is required for ANY/ALL MEDICATION. Authorization instructions need to include: child's name, the name of the medication, the purpose of the medication, the time it is to be administered, the dosage, possible side effects, and the termination date for administering the medicine. It is required that medication is in the original prescription bottle. Parents assume responsibility for informing the nurse of any change in a student's medication.

Illness & Injury:

Students who become ill at school will be sent to the clinic or office for evaluation. Parents will be called for students having a fever, vomiting, diarrhea, head lice, pink eye, or other highly contagious conditions. Students not having a fever will be permitted to rest in the clinic for a short time. Students will either return to class if conditions improve, or school personnel will contact a parent or authorized pick-up person listed on the Emergency Medical Form.

School personnel will administer non-emergency first aid. First aid treatment will include care such as cleansing minor wounds and the application of antibiotic cream & a bandage; ice to soft tissue injuries or insect bites; caladryl lotion for itching; and water or saline irrigation for small, foreign objects in the eye. Parents will be contacted if more extensive treatment is required. Please notify the school of any changes in your child's health status during the school year. School personnel is not allowed to administer sunscreen.

Emergency School Closing:

Northeast Ohio weather is unpredictable. For safety, the Aurora City Schools exceed all state and federal regulations regarding preparation for potential fire and tornado disasters. Drills, practice exercises, and weather monitoring are part of our procedure. Thanks to an excellent city services department, lost school days because of snow and ice are minimal. When conditions are such that schools close, or operate on a one or two-hour delayed schedule, you will receive a reverse 911 call from the district. Information is also available through TV, radio news broadcasts, or the district website. *Schools are always open as scheduled unless it is specified that Aurora City Schools are closed.*

Two-Hour Delay Information:

Should we have a two-hour delay due to weather conditions, school will start **exactly** two hours later. Students will have a 35-minute lunch with no recess. Every attempt will be made by the kitchen staff to serve the day's lunch according to the menu, depending on what was prepped the day before. If unable to do so, pizza will be served. Students and teachers will be notified prior to the lunch count being taken of any lunch menu changes.

Emergencies:

In other emergencies not related to weather conditions, the District has a Crisis Management Plan to ensure the safety of the students and the staff.

Nut Policy:

All Leighton classrooms are nut-free. All birthday treats, snacks, and party treats must be nut-free in order to provide a safe environment for students with food allergies. Students may continue to bring nut products in lunches as there will be nut-free tables available in the cafeteria.

School Communications

Telephone Calls:

School business should be confined to the limits of the school day, if possible. If you wish to talk to a classroom teacher or another staff member, dial the staff member's direct line and leave a voicemail message. You should expect that all calls (and e-mails) will be returned within forty-eight hours. You can reach the building secretary at 330.562.2209. Please DO NOT call the school at the end of the day to get a message to your child. Emergencies occur and we'll do our best, but again, please limit your calls to the office for messaging.

Parent Communication Forum (PCF):

Check the school calendar for dates, times, and locations of the Parent Communication Forum. All parents are welcome and encouraged to attend these meetings. Agendas for each meeting are available in the office and on the school's web page.

Home-School Communications:

The principal posts regular updates on the school website. Other pertinent information is available both in the school office and online. Calls and emails will be returned to parents in a timely fashion. Open communication between the home and school is encouraged. Parents who may have a concern relating to the classroom are encouraged to contact the teacher first to discuss the problem. If the concern is not resolved, parents then should contact the building administrator.

Parent-teacher Conferences:

The school district schedules conferences two times each year. Teachers will notify parents/guardians of the date and time of the conference. A conference may be held with a teacher or the principal at any time by calling the teacher or principal and setting up an appointment.

PBIS Matrix:

Positive Behavior Interventions & Supports

PBIS or Positive Behavior Intervention and Supports is our pinnacle framework for addressing and supporting student behavior. One of the foremost advances in school-wide discipline is the emphasis on school-wide systems of support that include proactive strategies for defining, teaching, and supporting appropriate student behaviors to create safe, supportive, and positive school environments. PBIS is part of the Tier 1 framework and includes a continuum of positive behavior supports for all students within the school and is implemented in all areas including the classroom and non-classroom settings (such as hallways, buses, and restrooms). Positive behavior support is an application of a behaviorally-based systems approach to enhance the capacity of schools, families, and communities to design effective environments that improve the link between research-validated practices and the environments in which teaching and learning occur. Attention is focused on creating and sustaining primary (school-wide), secondary (classroom), and tertiary (individual) systems of support that improve lifestyle results (personal, health, social, family, work, recreation) for all children and youth by making targeted behaviors less effective, efficient, and

relevant, and desired behavior more functional while creating a whole-child approach to teaching and learning. This methodology is aligned to our [Strategic Vision and 6 competencies](#) which serve as the students’ “roots,” and, when nurtured, will sustain and support young people as they develop as learners. These competencies are: Balanced, Resilient, Innovative, Collaborative, Empathetic, and being a Critical Thinker. www.pbis.org/school

This is how we show **Leighton Pride!** Disciplinary Outcomes

The goal of school discipline is to teach students to behave in ways that contribute to school success and supports a school environment that builds positive relationships where students and staff are responsible and respectful. Leighton Elementary School expects all students to be active learners and responsible members of their learning community, and our PBIS model is used as a preventative measure to promote and reward appropriate behaviors and address early signs of behavior concerns. If/when students do not respond to positive behavior supports and interventions, disciplinary measures can be implemented.

Violations of the code of conduct can be minor, major, severe, or severe major offenses. Consequences for minor violations will be managed by classroom teachers. When students engage in minor violations, teachers will utilize a 4-Step disciplinary response. The first three violations will result in teacher-managed consequences, which may include Tiered classroom interventions and behavior strategies, as well as parent contact. The fourth violation will result in an office referral and a possible Tier 2 meeting with our RTI (Response to Intervention) team.

Consequences for major, severe, or major severe violations will be managed by office administration and may be progressive in nature. These include the following: lunch detention, recess detention, after school detention, parent conferences, behavioral contracts, confiscating items (parent must pick up the item from the office), loss of privilege, loss of bus privilege, community service, In-School Suspension (ISS), Out of School Suspension (OSS), emergency removal, referral for expulsion, referral to court, compensatory payment of damages, or other consequences that are appropriate to the situation as determined by the Principal in collaboration with the parent and teacher. Bus violations and consequences are also included in regard to disciplinary measures. In addition, the school works collaboratively with the local authorities and law enforcement as deemed necessary.

Discipline is designed to teach students appropriate behavior, self-regulation, and co-regulation so as to support productive citizens who are future-ready. In most instances, a child's first offense will result in a warning and the appropriate or desired behavior will be discussed and taught to the student. The primary responsibility of any school employee is to maintain a safe school. The administration will use its discretion to maintain safety at all times. Consequences for breaking a rule range from a warning to expulsion from school and each case will be handled on an individual basis.

STUDENT DISCIPLINE AND ZERO-TOLERANCE POLICY

Introduction

The Aurora City School District Board of Education recognizes that effective discipline is essential if all students are to attain a quality education. Therefore, the District shall have a zero-tolerance for violent, disruptive, or inappropriate behavior, including excessive truancy. In carrying out this zero-tolerance policy, the District shall use strategies ranging from prevention to intervention to address violent, disruptive, or inappropriate behavior. The Aurora City School District Board of Education delegates to school officials and administrators the discretion to determine, on a case by case basis, what strategy shall be employed to address a student's violent, disruptive, or otherwise inappropriate behavior. The Board further authorizes school officials and administrators the authority to take the additional steps necessary to implement these strategies and generally to enforce District policies/regulations and school rules governing student conduct.

A complete statement governing or describing all of the relationships and processes involved in student discipline would be impractical. However, the District believes the most important ingredient in maintaining a positive climate for student discipline is the relationship of the teacher and the principal in discipline situations. Teachers must feel free to consult and work closely with the building principal in any situation in which they may need guidance. This working relationship is one key to desirable discipline and to maintain a quality instructional atmosphere.

The Board also believes that the teacher-student relationship in the classroom, halls, and on school property is important and should always be one of mutual respect. The teacher will be recognized as the person in authority at all times in the classroom, halls, buildings, on school grounds, and at school-related events.

Each case of unsatisfactory behavior by a student will be handled individually. The classroom teacher may take the steps he/she feels are justified in each case. If the student does not respond to these measures, or the severity of the behavior so requires the teacher will then refer the student to the principal.

In discipline matters, the Board expects that whenever a problem appears to extend beyond the classroom, the teacher will discuss the problem with the principal. The teacher, or teachers, and the principal will work together in attempting to control or correct the situation.

The Board of Education considers school discipline as the controlled behavior of an individual whereby responsibility is assumed for one's actions in accordance with socially accepted conduct and the District's rules, regulations, and school policies. Student conduct must be within the bounds of law and order and must respect the rights of others as individuals.

Good discipline is systematic, ordered learning. In the school setting, good discipline helps to promote self-discipline as a habitual way of behaving. Good discipline is not a matter of punishment but rather involves the development of a structure which provides the best opportunities for the child to learn, achieve, and develop emotional social maturity on his/her own.

Discipline permits children, their peers, and faculty to live together in harmony in a social unit without sacrificing individual independence. The end result of proper discipline during the formative years will be an individual who can live and work with others, and who is fully able to assume the responsibility for mature self-discipline.

Parents or guardians have the primary responsibility for establishing and maintaining positive discipline with their children. While students are in school, however, teachers and administrators must act in the place of parents (in loco parentis) to maintain discipline.

Teachers, bus drivers, and other members of the various school staff are responsible for the care of students and the day-to-day operation of the school. They are expected to make every effort to correct and effectively resolve disciplinary problems that occur within their range of responsibilities; therefore, they shall have the authority necessary to maintain a proper learning climate, including but not limited to the use of reasonable force to prevent and stop any act which interferes with the scholarly, disciplined atmosphere of the school. Teachers are also expected to employ sound, preventative measures and to avoid provoking negative behaviors. They may call upon other school personnel to help in discharging their responsibilities and may refer students to the building administrator who shall be responsible for determining the necessity, and the nature of, any additional discipline.

Since the school and the home share responsibility for the education and discipline of students, it is important that they work closely together. Each school staff has an obligation to be fair, honest, reasonable, and consistent in its dealings with students. Parents have an obligation to be cooperative, reasonable, and honest in working with school personnel. Only by developing mutual trust and respect can the school and the homework effectively together toward the best interest of the child.

Teachers and administrators are assured of the prompt and decisive support of the Board of Education in cases involving incorrigible conduct. Likewise, the Board of Education expects the support of the professional staff in maintaining an orderly educational climate for learning.

Circumstances In Which Student Discipline Is Appropriate

As detailed below, students are subject to school disciplinary action up to and including emergency removal, suspension, and expulsion for any and all action(s) which directly affect the good order, efficiency, morale, management, and welfare of the school. Students shall be subject to discipline for misconduct occurring in any of the following situations:

1. while in school, on school grounds, or in sight of school premises during, immediately before, or immediately after school hours (including schools where the student is not in attendance);
2. while on school-owned, leased, or operated buses or vehicles;
3. while waiting at school bus stops, walking to and from school bus stops, or walking to and from school;
4. while engaged in or attending school-related activities, whether on or off school grounds;
5. while on school grounds, at any time when school premises are being used by the school or by school-related groups; and
6. while engaging in any conduct which directly affects the good order, morale, management, and welfare of the school.

Basic Elements of School Discipline

The maintenance of school discipline and proper behavior is essential to the establishment of a proper learning environment. All professional employees and students are responsible for maintaining good discipline within the school setting.

A breach of discipline occurs whenever the conduct of a student substantially and materially interferes with the maintenance of a proper learning environment. Acts of behavior which tend to conflict with the educational program or which are antagonistic to the welfare of other students, the staff, and/or the system will not be tolerated.

School authorities cannot accept liability and responsibility for a student's health, safety, and welfare unless the student conforms to the specified standards of good conduct.

In order to maintain a proper learning environment, students committing serious breaches of discipline will be removed from the school setting in accordance with the student suspension, expulsion, and exclusion procedures. See Policies JGD, JGD-R, JGE, and JGE-R.

Students may be subject to emergency removal, suspension, and/or expulsion for any of the following reasons:

1. Disruption of School/False Alarms

C. Selling, Supplying, or Transmitting

A first incident of selling, supplying, or transmitting mood-altering chemicals shall be treated as a second offense as defined in section B above. This includes any bulk amount of the abovementioned prohibited substances or any of those substances prepared for mailing or packaged for distribution.

D. Counterfeit or "Look-Alike" Drugs

In accordance with R.C. 2929.01(O), the Board states as follows:

- 1) A counterfeit-controlled substance is defined as:
 - a) any drug that bears, or whose container or label bears, a trademark, trade name or other identifying mark used without authorization of the owner or rights to such trademark, trade name, or identifying mark;

Students shall comply with the directives and orders of teachers, student teachers, educational aides, substitute teachers, principals, or other authorized school personnel during any period of time when they are properly subject to the authority of the school. Verbal and written abuse, including insults and intimidation, will not be tolerated. It shall be considered “insubordination” for anyone to disobey or fail to comply with, which are a part of this code, directives of authorized school personnel.
- B. Students shall comply with all school rules and regulations which are a part of this Code and which shall be posted on school bulletin boards. It is the responsibility of each student to familiarize him/herself with all school rules and regulations.

8. Attendance, Truancy, Tardiness

Students are required by law to regularly attend school. A student shall not be absent from school or an assigned location for all or part of any school day without school authorization and parental consent, and shall be considered truant when he/she is absent from school for any portion of the school day. Excessive tardies shall also be considered truancy.

When the building principal advises the Superintendent that a student of compulsory school age has been absent without legitimate excuse for more than 10 consecutive days, or a total of at least 15 days in any term or semester, the following procedure will apply:

- A. The Superintendent will notify, in writing, the student and his/her parent, guardian, or custodian that information regarding the student's absences has been provided to the Superintendent, and that, as a result, the student's driving privileges will be denied. This notification will also state that the student and his/her parent, guardian, or custodian may appear before the Superintendent or designee to challenge the information provided to the Superintendent.
- B. The notice from the Superintendent to the student must set forth the information received and must include the date, time, and place of the hearing. The hearing must be scheduled between three and five days after the notification is given unless an extension is requested by the student, parent, guardian, or custodian and is granted by the Superintendent. If granted, the Superintendent must notify the student, and the parent, guardian, or custodian of the date, time, and place of the new hearing.
- C. At the hearing before the Superintendent or designee, the student will have an opportunity to present evidence that he/she has not been habitually absent without legitimate excuse. Under Ohio law, "legitimate excuse" includes, but is not limited to:
 - 1) enrollment in another school or school district in Ohio or another state;
 - 2) possession of an age and schooling certificate;
 - 3) a bodily or mental condition that prohibits attendance under R.C. 3321.04; or
 - 4) participation in a home instruction program in accordance with R.C. 3321.04.
- D. If a habitually absent student does not appear at a hearing before the Superintendent or designee, or if the student does not convince the Superintendent or designee that the absences are legitimate, the Superintendent must notify the registrar of the Bureau of Motor Vehicles ("BMV") and the county juvenile judge. Such notification must be given to the registrar of the BMV and the juvenile judge within the two weeks of the receipt of the information regarding habitual absences or, if a hearing for the student is held, within two weeks after the hearing.

Notification to the registrar of the BMV and the county judge must comply with R.C. 3319.321 and the Family Educational Rights and Privacy Act of 1974 (FERPA), and accompanying regulations.

The registrar of the BMV is required to suspend the temporary instruction permit or driver's license of any student who is the subject of such a notice. If a temporary permit or license has not yet been issued for that student, the registrar is prohibited from issuing a temporary permit or a license.

The denial of a student's driving privileges will remain in effect until the student reaches age 18 or until the denial is terminated for another reason allowed by Ohio law. In accordance with Ohio law, a student whose driving privileges have been denied can file a petition with the juvenile court in the jurisdiction where he/she resides.

9. Forgery

No student shall cheat, lie, prefabricate, deceive, use crib notes, receive or disseminate answers to a test, or falsify records. Neither shall any student forge, falsify, distort, or misrepresent (in verbal or written form) dates, times, addresses, grades or other data contained in any communication to or from the school. Any student who assists or participates in any of the above actions on a secondary basis shall also be subject to discipline.

Hazing is defined as acting or coercing another, including the victim, to participate in any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Permission, consent, or assumption of risk by any individual subjected to hazing will not lessen the prohibition contained in this Policy, and will not exempt any student from discipline under this Policy.

Bullying is an intentional written (including texting, Twitter, and all other social media applications), verbal or physical act that a student has exhibited toward a particular student more than once and the behavior causes both mental and/or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student.

In addition, it is a violation of this section to attempt while at school or school-sponsored activities to buy, sell, possess, handle, transmit, conceal or bring on school grounds or to school-sponsored activities on or off school grounds or at any other time the student is subject to the authority of the school, a weapon or dangerous instrument.

22. Driving/Parking

Any student driving to school must keep his/her vehicle under control at all times, follow established safety procedures, and comply with school parking regulations. Failure to follow these guidelines may result in the student's driving privileges being withdrawn. While parked on school property, student vehicles are subject to routine patrols and exterior inspections which may be conducted without notice, without the student's consent, and without a search warrant. The inside of student vehicles may also be searched when school officials have reasonable suspicion to believe that illegal or unauthorized materials are contained therein. (See Interrogations and Search Regulation JFG-R.)
