

Juul: The Smoking Alternative

Additional information:

- **JUUL.** Each pack contains 4 pods. Each JUULpod contains 0.7mL with 5% **nicotine** by weight, approximately equivalent to 1 pack of cigarettes or 200 puffs. There is a limit of 15 pod packs per customer per month. Remove colored cap & insert cartridge end into device. The pod becomes the mouthpiece. The indicator glows during use to reflect pull strength and while charging.
- **Cost:** JUUL's prices can vary based on location, although they tend to sell at a premium compared with other e-cigarettes. Online, a JUUL device costs **\$34.99**, and a four-pack of pods costs **\$15.99**. The nicotine in each pod is said to be equivalent to a pack of cigarettes.
- **Charging:** Requires a unique charger has depicted above. Stand Juul device in magnetic USB charger.
- **Possible Side Effects of Vaping & Ecigs:** Dry Mouth, Dry Lips, and Sore Throat, Headaches, Nausea or Racing Pulse, Muscle Pain, Cramps and Aches, Allergic Reaction to Propylene Glycol.

Other Vaping/E-Cigarette Devices

Additional information:

- These type of devices are refillable. Often student do not know if additional chemicals or drugs have been added to the liquid for increased effects.
- The liquid is often flavored to appeal to kids such as sour apple, fruit loops, gummi bear, cotton candy, etc.
- They are often charged by micro USB's and may be recharged with portable battery chargers.
