

The California Department of Education and High Tech High invites teams of educators to join the

# PBL LEADERSHIP ACADEMY

Every student deserves an education rich in authentic questions that speak to their heart and mind, opportunities to create and learn in a hands-on, minds-on environment, and the chance to make valuable contributions to their community.

We can do this, together. Join the PBL Leadership Academy today.

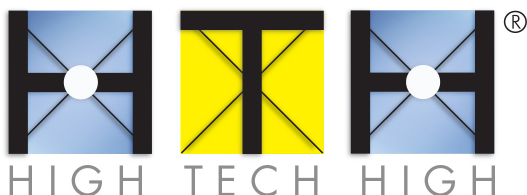

**The PBL Leadership Academy is a free year-long, professional learning experience** for diverse teams of California public educators committed to growing project-based learning within their schools, especially as a means to improve educational experiences for traditionally marginalized students.

In the PBL Leadership Academy your team will design, implement, and share a personalized leadership project that addresses authentic needs in your schools. You and your team will:

- Learn together at Fall, Winter, and Spring Leadership Institutes, held online, in the afternoons. *Save the dates: October 26 to 28, 2021; January 26 & 27, 2022; and April 26 to 28, 2022.*
- Develop and improve your ideas with ongoing coaching from a current HTH educator who partners with you and your team as your HTH Team-Mentor.
- Access additional professional learning for curriculum development, Perkins Special Populations of students, and more.

**Join the PBL Leadership Academy  
Register your team at [bit.ly/PBLLA](https://bit.ly/PBLLA)**

**The priority deadline is September 24, 2021**
