

Board Policy P-9: Administrator and Teacher Stipends

[P-9: Administrative Procedures, Administrator and Teacher Stipends](#)

THE POLICY

The Salt Lake City School District Board of Education approves salary schedules which are intended to uniformly and fairly compensate employees for performing their job responsibilities and any additional duties assigned to them. The board strongly encourages work assignments and projects to be distributed to current employees to complete during their regular working hours, with a flexible attitude of working together for the good of the district. However, the board recognizes that in certain, limited circumstances employees should be awarded an additional stipend as compensation for duties performed that are significantly outside the scope of their job. All such stipends must be pre-approved in writing by the appropriate supervisor before any promises or assurances are made to the individual doing the work.

The district has set forth its specific processes for implementing this board policy in the accompanying [administrative procedures](#).
