

BUILD MATHEMATICAL CAPACITY USING EUREKA MATH/ENGAGENY MATH

PD Event for Administrators, Teachers, and Coaches

Thursday, March 12 | 3:30 p.m. – 5:30 p.m

SDCOE North County Regional Education Center

255 Pico Avenue | Classrooms A-B | San Marcos, CA 92069

Eureka Math, the updated and revised version of EngageNY Math, helps build mathematical capacity. This session helps classroom teachers analyze and customize Eureka Math lessons for core social-emotional competencies to design a solid mathematical experience for all learners. With a focus on social and emotional skills, classroom teachers can help students develop positive self-identity, growth mindset, and a joy of doing mathematics, all while deepening their understanding of math content.

Visit eureka-math.greatminds.org/san-marcos to register for this free PD event.
