## Training of Trainers

Locally Supporting the Roadmap to Strengthen Educational Policies, Programs, and Practices for English Learners

### California English Learner Roadmap Training of Trainers with Dr. Laurie Olsen

The California English Learner Roadmap State Board of Education Policy: Educational Programs and Services for English Learners (EL Roadmap Policy) is a groundbreaking update—the first of its kind in 20 years—addressing the vision that “English learners fully and meaningfully access and participate in a twenty-first century education” and attain “high levels of English proficiency, mastery of grade level standards, and opportunities to develop proficiency in multiple languages.”

The California Department of Education, in conjunction with the San Diego County Office of Education, is pleased to offer a training of trainers for county offices of education, professional learning providers, and other organizations for local implementation of the California English Learner Roadmap.

This interactive two-day intensive training provides an opportunity for participating teams of professional learning providers to:

- Dig deeper into the *California English Learner Roadmap: Strengthening Comprehensive Educational Policies, Programs, and Practices for English Learners (CA EL Roadmap)*
- Collaborate to customize provided materials and tailor them to meet their constituents' needs
- Develop a dissemination plan with a timeline, strategy, and activities
- Form an EL Roadmap implementation network

Attendees will walk away with the materials needed to train others to begin the EL Roadmap implementation process.

#### Intended Audience:

Attendees should be district and/or charter school teams as well professional learning providers who train district and/or charter school staff.

**March 26 and 27, 2020**
