AASA NATIONAL PRINCIPAL SUPERVISOR ACADEMY

Applications now being accepted for the 2020-21 Academy – both locations!

Around the country, district leaders are recognizing they have yet to figure out how to improve principal performance at scale. Despite investments in revised principal supervisor roles, districts are struggling to provide the requisite professional development and training for leaders taking on these roles. Successful principal supervision requires new ways of supporting principals in a partnership role, leading by teaching and learning in an atmosphere of mutual accountability.

AASA has partnered with the University of Washington Center for Educational Leadership to bring their Principal Supervisor Professional Development Program to all central office leaders who support principals' instructional leadership growth as their primary responsibility.

For 2020 – 2021, AASA will offer two locations for the Academy. Locations and dates below:

National Principal Supervisor Academy - East

August 25-26, 2020, Gwinnett County, GA

November 17-18, 2020, Atlanta, GA

April 20-21, 2021, Gwinnett County, GA
