

**The Winnetka Public Schools District No. 36
1235 Oak Street
Winnetka, IL 60093**

**Addendum 1
December 20, 2018
for
Architectural Services
for
Architect of Record**

Below is an addendum to the Request for Qualifications for Architect of Record

For Item 12 of the RFQ:

Provide a list of three (3) recommended locations that the Board or Board Committee can conduct site visits. These should be local or within a 150-mile radius of the school district for Project A but can be nationwide for Project B, namely those competing for the Crow Island school addition and renovation. This list would preferably contain major renovations and/or new buildings at the middle school or junior high level for Project A, and elementary schools for Project B. (Exhibit I)

Although a location within 150-miles would be preferable, vendors will have an option to include a recommendation beyond a 150-mile radius that could include either a video tour, or video conferencing option to give the District a look at work that is representative of your firm's overall work.

As indicated in this e-mail, please respond to confirm receipt of the e-mail. If you are not planning on submitting a response to the RFQ you may also let us know that in your confirmation.

Please sign a copy of this addendum and include this in your RFQ submission.
