Mrs. Luckock noted all board members were present and she reviewed the interview process for the evening. Each board member and the superintendent would ask one of the nine questions and at the end of each interview she would ask if the candidate had questions for us.

She reminded everyone this meeting is a public meeting and there would be NO discussion of candidates at the conclusion and no executive session. Mr. Joseph informed her the selection of candidates for school board is not a personnel matter and therefore does not qualify for executive.

At the conclusion of the meeting she will collect the rubrics and do a tally to help each to focus in on thoughts and reminded each that the rubric is purely a tabulation. Results will be emailed to the Board.

Tonight's process is we have a set of questions and each board member will ask the exact same question for each candidate. Representatives can make notes for analysis. Each candidate will be provided approximately 20 minutes for their interview and once excused each board member will have some time to make notes before the next candidate is brought in.

We are very thankful to have as many candidates. The final vote will be conducted next Wednesday at a Special Voting meeting at 7 pm, prior to the work session. Normally one board member will make a motion from the floor to nominate a candidate and does not require a second motion. She reminded again there will be no email discussion done online, this is purely
